Justice Jane Bland, *Chair*
Judge Barbara Hervey, *Chair*
Kristi Taylor, *Executive Director*

As the Executive Director of the Texas Judicial Commission on Mental Health and on behalf of the Supreme Court of Texas and the Texas Court of Criminal Appeals, it is my distinct honor to present the Third Edition of the *Texas Mental Health and Intellectual and Developmental Disabilities Law: Selected Statutes for the Practitioner*. Navigating the intersection of the justice and mental health systems is a task that demands specialized knowledge of both civil and criminal laws.

At the heart of this compilation lies a commitment to empower judges, attorneys, and other stakeholders with the tools necessary to safeguard the rights of individuals proficiently and compassionately while promoting community safety. By distilling the relevant statutes found in several different codes into a coherent and accessible format, this resource equips practitioners with an essential tool for effective legal representation. This publication follows the work of Chris Lopez, an attorney with the Texas Health and Human Services Commission and expert in mental health law. Lopez has compiled and updated the many statutes necessary for this area of the law for over twenty years. The JCMH has built upon his work and began publishing the Selected Statutes in 2019. For this Third Edition, Molly Davis led the work to meticulously assemble this resource for legal practitioners navigating this complex terrain. I extend my deepest appreciation to all those involved in bringing this publication to fruition.

This compendium is not merely a collection of statutes; it is a commitment—a commitment to empower legal professionals, policymakers, advocates, and scholars. Let it be a catalyst for positive change and a source of guidance for all who endeavor to uphold the rights and dignity of individuals facing mental health challenges and those with intellectual and developmental disabilities in Texas.

15-a. Commitment of Persons of Unsound Mind.
35. Right of Certain Facility Residents to Designate Essential Caregiver

Preamble

That the general, great and essential principles of liberty and free government may be recognized and established, we declare:

Sec. 15. Right of Trial by Jury.

The right of trial by jury shall remain inviolate. The Legislature shall pass such laws as may be needed to regulate the same, and to maintain its purity and efficiency. Provided, that the Legislature may provide for the temporary commitment, for observation and/or treatment, of mentally ill persons not charged with a criminal offense, for a period of time not to exceed ninety (90) days, by order of the County Court without the necessity of a trial by jury.

Sec. 15-a. Commitment of Persons of Unsound Mind.

No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

Sec. 35. Right of Certain Facility Residents to Designate Essential Caregiver

(a) A resident of a nursing facility, assisted living facility, intermediate care facility for individuals with an intellectual disability, residence providing home and community-based services, or state supported living center, as those terms are defined by general law, has the right to designate an essential caregiver with whom the facility, residence, or center may not prohibit in-person visitation.

(b) Notwithstanding Subsection (a) of this section, the legislature by general law may provide guidelines for a facility, residence, or center described by Subsection (a) of this section to follow in establishing essential caregiver visitation policies and procedures.

HISTORY: Adoption proposed by Acts 2021, 87th Leg., S.J.R. No. 19, § 1, to be submitted to the electorate (Prop. 6) at the November 2, 2021 election, approved by the electorate (Prop. 6) at the election held November 2, 2021.

Section
49-h. Bond Issuance for Correctional and Statewide Law Enforcement Facilities and for Institutions for Persons with Intellectual and Developmental Disabilities .
50-f. General Obligation Bonds for Construction and Repair Projects and for Purchase of Equipment.
51-a. Assistance Grants, Medical Care and Certain Other Services for Needy Persons, Federal Matching Funds.

Sec. 49-h. Bond Issuance for Correctional and Statewide Law Enforcement Facilities and for Institutions for Persons with Intellectual and Developmental Disabilities .

(a) In amounts authorized by constitutional amendment or by a debt proposition under Section 49 of this article, the legislature may provide for the issuance of general obligation bonds and the use of the bond proceeds for acquiring, constructing, or equipping new facilities or for major repair or renovation of existing facilities of corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions. The legislature may require the review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds. Notwithstanding any other provision of this constitution, the issuer of the bonds or any entity created or directed to review and approve projects may include members or appointees of members of the executive, legislative, and judicial departments of state government.

(b) Bonds issued under this section constitute a general obligation of the state. While any of the bonds or interest on the bonds is outstanding and unpaid, there is appropriated out of the first money coming into the treasury in each fiscal year, not otherwise appropriated by this constitution, the amount sufficient to pay the principal of and interest on the bonds that mature or become due during the fiscal year, less any amount in any sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

(c) In addition to the purposes authorized under Subsection (a), the legislature may authorize the issuance of the general obligation bonds for acquiring, constructing, or equipping:

(1) new statewide law enforcement facilities and for major repair or renovation of existing facilities; and

(2) new prisons and substance abuse felony punishment facilities to confine criminals and major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or substance abuse felony punishment facilities.

Amendment proposed by 1999 76th Leg., H.J.R. No. 62, approved by electorate (Prop. 3) at the November 2, 1999 election.

Sec. 50-f. General Obligation Bonds for Construction and Repair Projects and for Purchase of Equipment.

(a) The legislature by general law may authorize the Texas Public Finance Authority to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed $850 million and to enter into related credit agreements. The bonds shall be executed in the form, on the terms, and in the denominations, bear interest, and be issued in installments as prescribed by the Texas Public Finance Authority.

(b) Proceeds from the sale of the bonds shall be deposited in a separate fund or account within the state treasury created by the comptroller for this purpose. Money in the separate fund or account may be used only to pay for:

(1) construction and repair projects authorized by the legislature by general law or the General Appropriations Act and administered by or on behalf of the General Services Commission, the Texas Youth Commission, the Texas Department of Criminal Justice, the Texas Department of Mental Health and Mental Retardation, the Parks and Wildlife Department, the adjutant general's department, the Texas School for the Deaf, the Department of Agriculture, the Department of Public Safety of the State of Texas, the State Preservation Board, the Texas Department of Health, the Texas Historical Commission, or the Texas School for the Blind and Visually Impaired; or

(2) the purchase, as authorized by the legislature by general law or the General Appropriations Act, of needed equipment by or on behalf of a state agency listed in Subdivision (1) of this subsection.

(c) The maximum net effective interest rate to be borne by bonds issued under this section may be set by general law.

(d) While any of the bonds or interest on the bonds authorized by this section is outstanding and unpaid, from the first money coming into the state treasury in each fiscal year not otherwise appropriated by this constitution, an amount sufficient to pay the principal and interest on bonds that mature or become due during the fiscal year and to make payments that become due under a related credit agreement during the fiscal year is appropriated, less the amount in the sinking fund at the close of the previous fiscal year.

(e) Bonds issued under this section, after approval by the attorney general, registration by the comptroller of public accounts, and delivery to the purchasers, are incontestable and are general obligations of the State of Texas under this constitution.

Amendment proposed by 2001, 77th Leg., H.J.R. No. 97, approved by the electorate at the November 6, 2001 election.

Sec. 51-a. Assistance Grants, Medical Care and Certain Other Services for Needy Persons, Federal Matching Funds.

(a) The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to needy dependent children and the caretakers of such children, needy persons who are totally and permanently disabled because of a mental or physical handicap, needy aged persons and needy blind persons.

(b) The Legislature may provide by General Law for medical care, rehabilitation and other similar services for needy persons. The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate and may make appropriations out of state funds for such purposes. The maximum amount paid out of state funds for assistance grants, to or on behalf of needy dependent children and their caretakers shall not exceed one percent of the state budget. The Legislature by general statute shall provide for the means for determining the state budget amounts, including state and other funds appropriated by the Legislature, to be used in establishing the biennial limit.

(c) Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

(d) Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state.

Amendment proposed by 1999 76th Leg., H.J.R. No. 62, approved by electorate (Prop. 3) at the November 2, 1999 election.

Section
9. Creation, Operation and Dissolution of Hospital Districts.
13. Participation of Municipalities and other Political Subdivisions in Establishment and Operation of Mental Health, Mental Retardation, or Public Health Services.

Sec. 9. Creation, Operation and Dissolution of Hospital Districts.

The Legislature may by general or special law provide

for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75¢) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified voters thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created by special law except after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the qualified voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

(1) determining the desire of a majority of the qualified voters within the district to dissolve it;

(2) disposing of or transferring the assets, if any, of the district; and

(3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interests of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 13. Participation of Municipalities and other Political Subdivisions in Establishment and Operation of Mental Health, Mental Retardation, or Public Health Services.

Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law.

33. Salary or Compensation Payments to Persons Holding More Than One Public Office.
40. Holding More Than One Public Office; Exceptions; Right of Officeholder to Vote.

Sec. 6. Appropriations for Private Purposes; Annual Accounting of Public Money; Acceptance and Expenditure of Certain Money for Persons with Disabilities.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

This subsection does not prohibit state agencies authorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law.

Sec. 33. Salary or Compensation Payments to Persons Holding More Than One Public Office.

The accounting officers in this State shall neither draw nor pay a warrant or check on funds of the State of Texas, whether in the treasury or otherwise, to any person for salary or compensation who holds at the same time more than one civil office of emolument, in violation of Section 40.

[74 FR 42740, 42767, Aug. 24, 2009]

§ 164.402 Definitions.

As used in this subpart, the following terms have the following meanings:

Breach means the acquisition, access, use, or disclosure of protected health information in a manner not permitted

under subpart E of this part which compromises the security or privacy of the protected health information.

(1) Breach excludes:

(i) Any unintentional acquisition, access, or use of protected health information by a workforce member or person acting under the authority of a covered entity or a business associate, if such acquisition, access, or use was made in good faith and within the scope of authority and does not result in further use or disclosure in a manner not permitted under subpart E of this part.

(ii) Any inadvertent disclosure by a person who is authorized to access protected health information at a covered entity or business associate to another person authorized to access protected health information at the same covered entity or business associate, or organized health care arrangement in which the covered entity participates, and the information received as a result of such disclosure is not further used or disclosed in a manner not permitted under subpart E of this part.

(iii) A disclosure of protected health information where a covered entity or business associate has a good faith belief that an unauthorized person to whom the disclosure was made would not reasonably have been able to retain such information.

(2) Except as provided in paragraph (1) of this definition, an acquisition, access, use, or disclosure of protected health information in a manner not permitted under subpart E is presumed to be a breach unless the covered entity or business associate, as applicable, demonstrates that there is a low probability that the protected health information has been compromised based on a risk assessment of at least the following factors:

(i) The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;

(ii) The unauthorized person who used the protected health information or to whom the disclosure was made;

(iii) Whether the protected health information was actually acquired or viewed; and

(iv) The extent to which the risk to the protected health information has been mitigated.

Unsecured protected health information means protected health information that is not rendered unusable, unreadable, or indecipherable to unauthorized persons through the use of a technology or methodology specified by the Secretary in the guidance issued under section 13402(h)(2) of Public Law 111-5.

[74 FR 42740, 42767, Aug. 24, 2009; 78 FR 5566, 5695, Jan. 25, 2013]

§ 164.404 Notification to individuals.

(a) Standard - (1) General rule. A covered entity shall, following the discovery of a breach of unsecured protected health information, notify each individual whose unsecured protected health information has been, or is reasonably believed by the covered entity to have been, accessed, acquired, used, or disclosed as a result of such breach.

(2) Breaches treated as discovered. For purposes of paragraph (a)(1) of this section, §§ 164.406(a), and 164.408(a), a breach shall be treated as discovered by a covered entity as of the first day on which such breach is known to the covered entity, or, by exercising reasonable diligence would have been known to the covered entity. A covered entity shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is a workforce member or agent of the covered entity (determined in accordance with the federal common law of agency).

(b) Implementation specification: Timeliness of notification. Except as provided in § 164.412, a covered entity shall provide the notification required by paragraph (a) of this section without unreasonable delay and in no case later than 60 calendar days after discovery of a breach.

(c) Implementation specifications: Content of notification - (1) Elements. The notification required by paragraph (a) of this section shall include, to the extent possible:

(A) A brief description of what happened, including the date of the breach and the date of the discovery of the breach, if known;

(B) A description of the types of unsecured protected health information that were involved in the breach (such as whether full name, social security number, date of birth, home address, account number, diagnosis, disability code, or other types of information were involved);

(C) Any steps individuals should take to protect themselves from potential harm resulting from the breach;

(D) A brief description of what the covered entity involved is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and

(E) Contact procedures for individuals to ask questions or learn additional information, which shall include a tollfree telephone number, an e-mail address, Web site, or postal address.

(2) Plain language requirement. The notification required by paragraph (a) of this section shall be written in plain language.

(d) Implementation specifications: Methods of individual notification. The notification required by paragraph (a) of this section shall be provided in the following form:

(1) Written notice.

(i) Written notification by first-class mail to the individual at the last known address of the individual or, if the individual agrees to electronic notice and such agreement has not been withdrawn, by electronic mail. The notification may be provided in one or more mailings as information is available.

(ii) If the covered entity knows the individual is deceased and has the address of the next of kin or personal representative of the individual (as specified under § 164.502(g)(4) of subpart E), written notification by first-class mail to either the next of kin or personal representative of the individual. The notification may be provided in one or more mailings as information is available.

(2) Substitute notice. (B) The minor may lawfully obtain such health care service without the consent of a parent, guardian, or other person acting in loco parentis, and the minor, a court, or another person authorized by law consents to such health care service; or

(C) Where the parent, guardian, or other person acting in loco parentis, is not the personal representative under paragraphs (g)(3)(i)(A), (B), or (C) of this section and where there is no applicable access provision under State or other law, including case law, a covered entity may provide or deny access under § 164.524 to a parent, guardian, or other person acting in loco parentis, if such action is consistent with State or other applicable law, provided that such decision must be made by a licensed health care professional, in the exercise of professional judgment.

(4) Implementation specification: Deceased individuals. If under applicable law an executor, administrator, or other person has authority to act on behalf of a deceased individual or of the individual's estate, a covered entity must treat such person as a personal representative under this subchapter, with respect to protected health information relevant to such personal representation.

(5) Implementation specification: Abuse, neglect, endangerment situations. Notwithstanding a State law or any requirement of this paragraph to the contrary, a covered entity may elect not to treat a person as the personal representative of an individual if:

(j) Standard: Disclosures by whistleblowers and workforce member crime victims.

(1) Disclosures by whistleblowers. A covered entity is not considered to have violated the requirements of this subpart if a member of its workforce or a business associate discloses protected health information, provided that:

(i) The workforce member or business associate believes in good faith that the covered entity has engaged in conduct that is unlawful or otherwise violates professional or clinical standards, or that the care, services, or conditions provided by the covered entity potentially endangers one or more patients, workers, or the public; and

(ii) The disclosure is to:

(iii) The covered entity may omit from its other arrangements the termination authorization required by paragraph (e)(2)(iii) of this section, if such authorization is

inconsistent with the statutory obligations of the covered entity or its business associate.

(iv) A covered entity may comply with this paragraph and § 164.314(a)(1) if the covered entity discloses only a limited data set to a business associate for the business associate to carry out a health care operations function and the covered entity has a data use agreement with the business associate that complies with § 164.514(e)(4) and § 164.314(a)(1), if applicable.

(f)(1) Standard: Requirements for group health plans

(A) Not use or further disclose the information other than as permitted or required by the plan documents or as required by law;

(B) Ensure that any agents to whom it provides protected health information received from the group health plan agree to the same restrictions and conditions that apply to the plan sponsor with respect to such information;

(C) Not use or disclose the information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the plan sponsor;

(J) Ensure that the adequate separation required in paragraph (f)(2)(iii) of this section is established.

(iii) Provide for adequate separation between the group health plan and the plan sponsor. The plan documents must:

(ii) Such authorization must state that the disclosure will result in remuneration to the covered entity.

(b) Implementation specifications: general requirements. —

(1) Valid authorizations

(i) A valid authorization is a document that meets the requirements in paragraphs (a)(3)(ii), (a)(4)(ii), (c)(1), and (c)(2) of this section, as applicable.

(ii) A valid authorization may contain elements or information in addition to the elements required by this section, provided that such additional elements or information are not inconsistent with the elements required by this section.

(2) Defective authorizations. An authorization is not valid, if the document submitted has any of the following defects:

(i) The expiration date has passed or the expiration event is known by the covered entity to have occurred;

(ii) The authorization has not been filled out completely, with respect to an element described by paragraph (c) of this section, if applicable;

(iii) The authorization is known by the covered entity to have been revoked;

(iv) The authorization violates paragraph (b)(3) or (4) of this section, if applicable;

(v) Any material information in the authorization is known by the covered entity to be false.

(3) Compound authorizations. An authorization for use or disclosure of protected health information may not be combined with any other document to create a compound authorization, except as follows:

(i) An authorization for the use or disclosure of protected health information for a research study may be combined with any other type of written permission for the same or another research study. This exception includes combining an authorization for the use or disclosure of protected health information for a research study with another authorization for the same research study, with an authorization for the creation or maintenance of a research database or repository, or with a consent to participate in research. Where a covered health care provider has conditioned the provision of research-related treatment on the provision of one of the authorizations, as permitted under paragraph (b)(4)(i) of this section, any compound authorization created under this paragraph must clearly differentiate between the conditioned and unconditioned components and provide the individual with an opportunity to opt in to the research activities described in the unconditioned authorization.

(ii) An authorization for a use or disclosure of psychotherapy notes may only be combined with another authorization for a use or disclosure of psychotherapy notes.

(iii) An authorization under this section, other than an authorization for a use or disclosure of psychotherapy notes, may be combined with any other such authorization under this section, except when a covered entity has conditioned the provision of treatment, payment, enrollment in the health plan, or eligibility for benefits under paragraph (b)(4) of this section on the provision of one of the authorizations. The prohibition in this paragraph on combining authorizations where one authorization conditions the provision of treatment, payment, enrollment in a health plan, or eligibility for benefits under paragraph (b)(4) of this section does not apply to a compound authorization created in accordance with paragraph (b)(3)(i) of this section.

(4) Prohibition on conditioning of authorizations. A covered entity may not condition the provision to an individual of treatment, payment, enrollment in the health plan, or eligibility for benefits on the provision of an authorization, except:

(i) A covered health care provider may condition the provision of research-related treatment on provision of an authorization for the use or disclosure of protected health information for such research under this section;

(ii) A health plan may condition enrollment in the health plan or eligibility for benefits on provision of an authorization requested by the health plan prior to an individual's enrollment in the health plan, if:

(A) The authorization sought is for the health plan's eligibility or enrollment determinations relating to the individual or for its underwriting or risk rating determinations; and

(B) The authorization is not for a use or disclosure of psychotherapy notes under paragraph (a)(2) of this section; and

(iii) A covered entity may condition the provision of health care that is solely for the purpose of creating protected health information for disclosure to a third party on provision of an authorization for the disclosure of the protected health information to such third party.

(5) Revocation of authorizations. An individual may revoke an authorization provided under this section at any time, provided that the revocation is in writing, except to the extent that:

(i) The covered entity has taken action in reliance thereon; or

(ii) If the authorization was obtained as a condition of obtaining insurance coverage, other law provides the insurer with the right to contest a claim under the policy or the policy itself.

(6) Documentation. A covered entity must document and retain any signed authorization under this section as required by § 164.530(j).

(c) Implementation specifications: Core elements and requirements. —

(1) Core elements. A valid authorization under this section must contain at least the following elements:

(ii) The name or other specific identification of the person(s), or class of persons, authorized to make the requested use or disclosure.

(iii) The name or other specific identification of the person(s), or class of persons, to whom the covered entity may make the requested use or disclosure.

(iv) A description of each purpose of the requested use or disclosure. The statement "at the request of the individual" is a sufficient description of the purpose when an individual initiates the authorization and does not, or elects not to, provide a statement of the purpose.

(v) An expiration date or an expiration event that relates to the individual or the purpose of the use or

disclosure. The statement "end of the research study," "none," or similar language is sufficient if the authorization is for a use or disclosure of protected health information for research, including for the creation and maintenance of a research database or research repository.

(vi) Signature of the individual and date. If the authorization is signed by a personal representative of the individual, a description of such representative's authority to act for the individual must also be provided.

(2) Required statements. In addition to the core elements, the authorization must contain statements adequate to place the individual on notice of all of the following:

(i) The individual's right to revoke the authorization in writing, and either:

(A) The exceptions to the right to revoke and a description of how the individual may revoke the authorization; or

(B) To the extent that the information in paragraph (c)(2)(i)(A) of this section is included in the notice required by § 164.520, a reference to the covered entity's notice.

(ii) The ability or inability to condition treatment, payment, enrollment or eligibility for benefits on the authorization, by stating either:

(A) The covered entity may not condition treatment, payment, enrollment or eligibility for benefits on whether the individual signs the authorization when the prohibition on conditioning of authorizations in paragraph (b)(4) of this section applies; or

(B) The consequences to the individual of a refusal to sign the authorization when, in accordance with paragraph (b)(4) of this section, the covered entity can condition treatment, enrollment in the health plan, or eligibility for benefits on failure to obtain such authorization.

(iii) The potential for information disclosed pursuant to the authorization to be subject to redisclosure by the recipient and no longer be protected by this subpart.

(3) Plain language requirement. The authorization must be written in plain language.

(4) Copy to the individual. If a covered entity seeks an authorization from an individual for a use or disclosure of protected health information, the covered entity must provide the individual with a copy of the signed authorization.

(i) Use the following protected health information to maintain a directory of individuals in its facility:

(A) The individual's name;

(B) The individual's location in the covered health care provider's facility;

(C) The individual's condition described in general terms that does not communicate specific medical information about the individual; and

(D) The individual's religious affiliation; and

(ii) Use or disclose for directory purposes such information:

(A) To members of the clergy; or

(B) Except for religious affiliation, to other persons who ask for the individual by name.

(2) Opportunity to object. A covered health care provider must inform an individual of the protected health information that it may include in a directory and the persons to whom it may disclose such information (including disclosures to clergy of information regarding religious affiliation) and provide the individual with the opportunity to restrict or prohibit some or all of the uses or disclosures permitted by paragraph (a)(1) of this section.

(3) Emergency circumstances

(i) If the opportunity to object to uses or disclosures required by paragraph (a)(2) of this section cannot practicably be provided because of the individual's incapacity or an emergency treatment circumstance, a covered health care provider may use or disclose some or all of the protected health information permitted by paragraph (a)(1) of this section for the facility's directory, if such disclosure is:

(A) Consistent with a prior expressed preference of the individual, if any, that is known to the covered health care provider; and

(B) In the individual's best interest as determined by the covered health care provider, in the exercise of professional judgment.

(ii) The covered health care provider must inform the individual and provide an opportunity to object to uses or disclosures for directory purposes as required by paragraph (a)(2) of this section when it becomes practicable to do so.

(b) Standard: uses and disclosures for involvement in the individual's care and notification purposes. (1) Permitted uses and disclosures

(i) A covered entity may, in accordance with paragraphs (b)(2), (b)(3), or (b)(5) of this section, disclose to a family member, other relative, or a close personal friend of the individual, or any other person identified by the individual, the protected health information directly relevant to such person's involvement with the individual's health care or payment related to the individual's health care.

(ii) A covered entity may use or disclose protected health information to notify, or assist in the notification of (including identifying or locating), a family member, a personal representative of the individual, or another person responsible for the care of the individual of the individual's location, general condition, or death. Any such use or disclosure of protected health information for such notification purposes must be in accordance with paragraphs (b)(2), (b)(3), (b)(4), or (b)(5) of this section, as applicable.

(2) Uses and disclosures with the individual present. If the individual is present for, or otherwise available prior to, a use or disclosure permitted by paragraph (b)(1) of this section and has the capacity to make health care decisions, the covered entity may use or disclose the protected health information if it:

(i) Obtains the individual's agreement;

(ii) Provides the individual with the opportunity to object to the disclosure, and the individual does not express an objection; or

(iii) Reasonably infers from the circumstances, based on the exercise of professional judgment, that the individual does not object to the disclosure.

(3) Limited uses and disclosures when the individual is not present. If the individual is not present, or the opportunity to agree or object to the use or disclosure cannot practicably be provided because of the individual's incapacity or an emergency circumstance, the covered entity may, in the exercise of professional judgment, determine whether the disclosure is in the best interests of the individual and, if so, disclose only the protected health information that is directly relevant to the person's involvement with the individual's care or payment related to the individual's health care or needed for notification purposes. A covered entity may use professional judgment and its experience with common practice to make reasonable inferences of the individual's best interest in allowing a person to act on behalf of the individual to pick up filled prescriptions, medical supplies, X-rays, or other similar forms of protected health information.

(4) Uses and disclosures for disaster relief purposes. A covered entity may use or disclose protected health information to a public or private entity authorized by law or by its charter to assist in disaster relief efforts, for the purpose of coordinating with such entities the uses or disclosures permitted by paragraph (b)(1)(ii) of this section. The requirements in paragraphs (b)(2), (b)(3), or (b)(5) of this section apply to such uses and disclosures to the extent that the covered entity, in the exercise of professional judgment, determines that the requirements do not interfere with the ability to respond to the emergency circumstances.

(5) Uses and disclosures when the individual is deceased. If the individual is deceased, a covered entity may disclose to a family member, or other persons identified in paragraph (b)(1) of this section who were involved in the individual's care or payment for health care prior to the individual's death, protected health information of the individual that is relevant to such person's involvement, unless doing so is inconsistent with any prior expressed preference of the individual that is known to the covered entity.

(ii) A public health authority or other appropriate government authority authorized by law to receive reports of child abuse or neglect;

(iii) A person subject to the jurisdiction of the Food and Drug Administration (FDA) with respect to an FDA-regulated product or activity for which that person has responsibility, for the purpose of activities related to the quality, safety or effectiveness of such FDA-regulated product or activity. Such purposes include:

(A) To collect or report adverse events (or similar activities with respect to food or dietary supplements), product defects or problems (including problems with the use or labeling of a product), or biological product deviations;

(A) The covered entity is a covered health care provider who provides health care to the individual at the request of the employer:

(1) To conduct an evaluation relating to medical surveillance of the workplace; or

(2) To evaluate whether the individual has a work-related illness or injury;

(B) The protected health information that is disclosed consists of findings concerning a work-related illness or injury or a workplace-related medical surveillance;

(C) The employer needs such findings in order to comply with its obligations, under 29 CFR parts 1904 through 1928, 30 CFR parts 50 through 90, or under state law having a similar purpose, to record such illness or injury or to carry out responsibilities for workplace medical surveillance; and

(D) The covered health care provider provides written notice to the individual that protected health information relating to the medical surveillance of the workplace and work-related illnesses and injuries is disclosed to the employer:

(1) By giving a copy of the notice to the individual at the time the health care is provided; or

(2) If the health care is provided on the work site of the employer, by posting the notice in a prominent place at the location where the health care is provided.

(vi) A school, about an individual who is a student or prospective student of the school, if:

(A) The protected health information that is disclosed is limited to proof of immunization;

(B) The school is required by State or other law to have such proof of immunization prior to admitting the individual; and

(C) The covered entity obtains and documents the agreement to the disclosure from either:

(1) A parent, guardian, or other person acting in loco parentis of the individual, if the individual is an unemancipated minor; or

(2) The individual, if the individual is an adult or emancipated minor.

(i) To the extent the disclosure is required by law and the disclosure complies with and is limited to the relevant requirements of such law;

(ii) If the individual agrees to the disclosure; or

(iii) To the extent the disclosure is expressly authorized by statute or regulation and:

(A) The covered entity, in the exercise of professional judgment, believes the disclosure is necessary to prevent serious harm to the individual or other potential victims; or

(B) If the individual is unable to agree because of incapacity, a law enforcement or other public official authorized to receive the report represents that the protected health information for which disclosure is sought is not intended to be used against the individual and that an immediate enforcement activity that depends upon the disclosure would be materially and adversely affected by waiting until the individual is able to agree to the disclosure.

(2) Informing the individual. A covered entity that makes a disclosure permitted by paragraph (c)(1) of this section must promptly inform the individual that such a report has been or will be made, except if:

(i) The covered entity, in the exercise of professional judgment, believes informing the individual would place the individual at risk of serious harm; or

(ii) The covered entity would be informing a personal representative, and the covered entity reasonably believes the personal representative is responsible for the abuse, neglect, or other injury, and that informing such person would not be in the best interests of the individual as determined by the covered entity, in the exercise of professional judgment.

(d) Standard: Uses and disclosures for health oversight activities.

(1) Permitted disclosures. A covered entity may disclose protected health information to a health oversight agency for oversight activities authorized by law, including audits; civil, administrative, or criminal investigations; inspections; licensure or disciplinary actions; civil, administrative, or criminal proceedings or actions; or other activities necessary for appropriate oversight of:

(i) The health care system;

(ii) Government benefit programs for which health information is relevant to beneficiary eligibility;

(iii) Entities subject to government regulatory programs for which health information is necessary for determining compliance with program standards; or

(iv) Entities subject to civil rights laws for which health information is necessary for determining compliance.

(2) Exception to health oversight activities. For the purpose of the disclosures permitted by paragraph (d)(1) of this section, a health oversight activity does not include an investigation or other activity in which the individual is the subject of the investigation or activity and such investigation or other activity does not arise out of and is not directly related to:

(i) The receipt of health care;

(ii) A claim for public benefits related to health; or

(iii) Qualification for, or receipt of, public benefits or services when a patient's health is integral to the claim for public benefits or services.

(3) Joint activities or investigations. [Notwithstanding] paragraph (d)(2) of this section, if a health oversight activity or investigation is conducted in conjunction with an oversight activity or investigation relating to a claim for public benefits not related to health, the joint activity or investigation is considered a health oversight activity for purposes of paragraph (d) of this section.

(4) Permitted uses. If a covered entity also is a health oversight agency, the covered entity may use protected health information for health oversight activities as permitted by paragraph (d) of this section.

(e) Standard: Disclosures for judicial and administrative proceedings.

(A) The covered entity receives satisfactory assurance, as described in paragraph (e)(1)(iii) of this section, from the party seeking the information that reasonable efforts have been made by such party to ensure that the individual who is the subject of the protected health information that has been requested has been given notice of the request; or

(B) The covered entity receives satisfactory assurance, as described in paragraph (e)(1)(iv) of this section, from the party seeking the information that reasonable efforts have been made by such party to secure a qualified protective order that meets the requirements of paragraph (e)(1)(v) of this section.

(iii) For the purposes of paragraph (e)(1)(ii)(A) of this section, a covered entity receives satisfactory assurances from a party seeking protected health information if the covered entity receives from such party a written statement and accompanying documentation demonstrating that:

(A) The party requesting such information has made a good faith attempt to provide written notice to the individual (or, if the individual's location is unknown, to mail a notice to the individual's last known address);

(B) The notice included sufficient information about the litigation or proceeding in which the protected health information is requested to permit the individual to raise an objection to the court or administrative tribunal; and

(C) The time for the individual to raise objections to the court or administrative tribunal has elapsed, and:

(1) No objections were filed; or

(2) All objections filed by the individual have been resolved by the court or the administrative tribunal and the disclosures being sought are consistent with such resolution.

(iv) For the purposes of paragraph (e)(1)(ii)(B) of this section, a covered entity receives satisfactory assurances from a party seeking protected health information, if the covered entity receives from such party a written statement and accompanying documentation demonstrating that:

(A) The parties to the dispute giving rise to the request for information have agreed to a qualified protective order and have presented it to the court or administrative tribunal with jurisdiction over the dispute; or

(B) The party seeking the protected health information has requested a qualified protective order from such court or administrative tribunal.

(v) For purposes of paragraph (e)(1) of this section, a qualified protective order means, with respect to protected health information requested under paragraph (e)(1)(ii) of this section, an order of a court or of an administrative tribunal or a stipulation by the parties to the litigation or administrative proceeding that:

(A) Prohibits the parties from using or disclosing the protected health information for any purpose other than the litigation or proceeding for which such information was requested; and

(B) Requires the return to the covered entity or destruction of the protected health information (including all copies made) at the end of the litigation or proceeding.

(vi) Notwithstanding paragraph (e)(1)(ii) of this section, a covered entity may disclose protected health information in response to lawful process described in paragraph (e)(1)(ii) of this section without receiving satisfactory assurance under paragraph (e)(1)(ii)(A) or (B) of this section, if the covered entity makes reasonable efforts to provide notice to the individual sufficient to meet the requirements of paragraph (e)(1)(iii) of this section or to seek a qualified protective order sufficient to meet the requirements of paragraph (e)(1)(v) of this section.

(2) Other uses and disclosures under this section. The provisions of this paragraph do not supersede other provisions of this section that otherwise permit or restrict uses or disclosures of protected health information.

(4) Permitted disclosure: Decedents. A covered entity may disclose protected health information about an individual who has died to a law enforcement official for the purpose of alerting law enforcement of the death of the individual if the covered entity has a suspicion that such death may have resulted from criminal conduct.

(5) Permitted disclosure: Crime on premises. A covered entity may disclose to a law enforcement official protected health information that the covered entity believes in good faith constitutes evidence of criminal conduct that occurred on the premises of the covered entity.

(A) The commission and nature of a crime;

(B) The location of such crime or of the victim(s) of such crime; and

(C) The identity, description, and location of the perpetrator of such crime.

(ii) If a covered health care provider believes that the medical emergency described in paragraph (f)(6)(i) of this section is the result of abuse, neglect, or domestic violence of the individual in need of emergency health care, paragraph (f)(6)(i) of this section does not apply and any disclosure to a law enforcement official for law enforcement purposes is subject to paragraph (c) of this section.

(g) Standard: Uses and disclosures about decedents.

§ 164.524 Access of individuals to protected health information.

(a) Standard: Access to protected health information. (1) Right of access. Except as otherwise provided in paragraph (a)(2) or (a)(3) of this section, an individual has a right of access to inspect and obtain a copy of protected health information about the individual in a designated record set, for as long as the protected health information is maintained in the designated record set, except for:

(i) Psychotherapy notes; and

(ii) Information compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative action or proceeding.

(2) Unreviewable grounds for denial. A covered entity may deny an individual access without providing the individual an opportunity for review, in the following circumstances.

(ii) A covered entity that is a correctional institution or a covered health care provider acting under the direction of the correctional institution may deny, in whole or in part, an inmate's request to obtain a copy of protected health information, if obtaining such copy would jeopardize the health, safety, security, custody, or rehabilitation of the individual or of other inmates, or the safety of any officer, employee, or other person at the correctional institution or responsible for the transporting of the inmate.

(iii) An individual's access to protected health information created or obtained by a covered health care provider in the course of research that includes treatment may be temporarily suspended for as long as the research is in progress, provided that the individual has agreed to the denial of access when consenting to participate in the research that includes treatment, and the covered health care provider has informed the individual that the right of access will be reinstated upon completion of the research.

(iv) An individual's access to protected health information that is contained in records that are subject to the Privacy Act, 5 U.S.C. 552a, may be denied, if the denial of

access under the Privacy Act would meet the requirements of that law.

(v) An individual's access may be denied if the protected health information was obtained from someone other than a health care provider under a promise of confidentiality and the access requested would be reasonably likely to reveal the source of the information.

(3) Reviewable grounds for denial. A covered entity may deny an individual access, provided that the individual is given a right to have such denials reviewed, as required by paragraph (a)(4) of this section, in the following circumstances:

(i) A licensed health care professional has determined, in the exercise of professional judgment, that the access requested is reasonably likely to endanger the life or physical safety of the individual or another person;

(ii) The protected health information makes reference to another person (unless such other person is a health care provider) and a licensed health care professional has determined, in the exercise of professional judgment, that the access requested is reasonably likely to cause substantial harm to such other person; or

(iii) The request for access is made by the individual's personal representative and a licensed health care professional has determined, in the exercise of professional judgment, that the provision of access to such personal representative is reasonably likely to cause substantial harm to the individual or another person.

(4) Review of a denial of access. If access is denied on a ground permitted under paragraph (a)(3) of this section, the individual has the right to have the denial reviewed by a licensed health care professional who is designated by the covered entity to act as a reviewing official and who did not participate in the original decision to deny. The covered entity must provide or deny access in accordance with the determination of the reviewing official under paragraph (d)(4) of this section.

(b) Implementation specifications: requests for access and timely action. (1) Individual's request for access. The covered entity must permit an individual to request access to inspect or to obtain a copy of the protected health information about the individual that is maintained in a designated record set. (ii) If the covered entity is unable to take an action required by paragraph (b)(2)(i)(A) or (B) of this section within the time required by paragraph (b)(2)(i) of this section, as applicable, the covered entity may extend the time for such actions by no more than 30 days, provided that:

(A) The covered entity, within the time limit set by paragraph (b)(2)(i) of this section, as applicable, provides the individual with a written statement of the reasons for the delay and the date by which the covered entity will complete its action on the request; and

(B) The covered entity may have only one such extension of time for action on a request for access.

(c) Implementation specifications: Provision of access. If the covered entity provides an individual with access, in whole or in part, to protected health information, the covered entity must comply with the following requirements.

(1) Providing the access requested. The covered entity must provide the access requested by individuals, including inspection or obtaining a copy, or both, of the protected health information about them in designated record sets. (i) The covered entity must provide the individual with access to the protected health information in the form and format requested by the individual, if it is readily producible in such form and format; or, if not, in a readable hard copy form or such other form and format as agreed to by the covered entity and the individual.

(ii) Notwithstanding paragraph (c)(2)(i) of this section, if the protected health information that is the subject of a request for access is maintained in one or more designated record sets electronically and if the individual requests an electronic copy of such information, the covered entity must provide the individual with access to the protected health information in the electronic form and format requested by the individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to by the covered entity and the individual.

(iii) The covered entity may provide the individual with a summary of the protected health information requested, in lieu of providing access to the protected health information or may provide an explanation of the protected health information to which access has been provided, if:

(A) The individual agrees in advance to such a summary or explanation; and

(B) The individual agrees in advance to the fees imposed, if any, by the covered entity for such summary or explanation.

(3) Time and manner of access.

(i) The covered entity must provide the access as requested by the individual in a timely manner as required by paragraph (b)(2) of this section, including arranging with the individual for a convenient time and place to inspect or obtain a copy of the protected health information, or mailing the copy of the protected health information at the individual's request. The covered entity may discuss the scope, format, and other aspects of the request for access with the individual as necessary to facilitate the timely provision of access.

(ii) If an individual's request for access directs the covered entity to transmit the copy of protected health information directly to another person designated by the individual, the covered entity must provide the copy to the person designated by the individual. The individual's request must be in writing, signed by the individual, and clearly identify the designated person and where to send the copy of protected health information.

(4) Fees. If the individual requests a copy of the protected health information or agrees to a summary or explanation of such information, the covered entity may impose a reasonable, cost-based fee, provided that the fee includes only the cost of:

(4) Review of denial requested. If the individual has requested a review of a denial under paragraph (a)(4) of this section, the covered entity must designate a licensed health care professional, who was not directly involved in the denial to review the decision to deny access. The covered entity must promptly refer a request for review to such designated reviewing official. The designated reviewing official must determine, within a reasonable period of time, whether or not to deny the access requested based on the standards in paragraph (a)(3) of this section. PUBLIC HEALTH PROVISIONS

CHAPTER 166

Advance Directives

Subchapter B

Directive to Physicians

Section
166.046. Procedure If Not Effectuating Directive or Treatment Decision for Certain Patients.

Sec. 166.046. Procedure If Not Effectuating Directive or Treatment Decision for Certain Patients.

(a) This section applies only to health care and treatment for a patient who is determined to be incompetent or is otherwise mentally or physically incapable of communication.

(a-1) If an attending physician refuses to honor an advance directive of or health care or treatment decision made by or on behalf of a patient to whom this section applies, the physician's refusal shall be reviewed by an ethics or medical committee. The attending physician may not be a member of that committee during the review. The patient shall be given life-sustaining treatment during the review.

(a-2) An ethics or medical committee that reviews a physician's refusal to honor an advance directive or health care or treatment decision under Subsection (a-1) shall consider the patient's well-being in conducting the review but may not make any judgment on the patient's quality of life. For purposes of this section, a decision by the committee based on any of the considerations described by Subdivisions (1) through (5) is not a judgment on the patient's quality of life. If the review requires the committee to determine whether life-sustaining treatment requested in the patient's advance directive or by the person responsible for the patient's health care decisions is medically inappropriate, the committee shall consider whether provision of the life-sustaining treatment:

(1) will prolong the natural process of dying or hasten the patient's death;

(2) will result in substantial, irremediable, and objectively measurable physical pain that is not outweighed by the benefit of providing the treatment;

(3) is medically contraindicated such that the provision of the treatment seriously exacerbates life-threatening medical problems not outweighed by the benefit of providing the treatment;

(4) is consistent with the prevailing standard of care; or

(5) is contrary to the patient's clearly documented desires.

(b) The person responsible for the patient's health care decisions:

(1) shall be informed in writing not less than seven calendar days before the meeting called to discuss the patient's directive, unless the period is waived by written mutual agreement, of:

(A) the ethics or medical committee review process and any other related policies and procedures adopted by the health care facility, including any policy described by Subsection (b-1);

(B) the rights described in Subdivisions (3)(A)-(D);

(C) the date, time, and location of the meeting;

(D) the work contact information of the facility's personnel who, in the event of a disagreement, will be responsible for overseeing the reasonable effort to transfer the patient to another physician or facility willing to comply with the directive;

(E) the factors the committee is required to consider under Subsection (a-2); and

(F) the language in Section 166.0465;

(2) at the time of being informed under Subdivision (1), shall be provided:

(A) a copy of the appropriate statement set forth in Section 166.052; and

(B) a copy of the registry list of health care providers and referral groups that have volunteered their readiness to consider accepting transfer or to assist in locating a provider willing to accept transfer that is posted on the website maintained by the department under Section 166.053; and

(3) is entitled to:

(A) attend and participate in the meeting as scheduled by the committee;

(B) receive during the meeting a written statement of the first name, first initial of the last name, and title of each committee member who will participate in the meeting;

(C) subject to Subsection (b-1):

(i) be accompanied at the meeting by the patient's spouse, parents, adult children, and not more than four additional individuals, including legal counsel, a physician, a health care professional, or a patient advocate, selected by the person responsible for the patient's health care decisions; and

(ii) have an opportunity during the open portion of the meeting to either directly or through another individual attending the meeting:

(a) explain the justification for the health care or treatment request made by or on behalf of the patient;

(b) respond to information relating to the patient that is submitted or presented during the open portion of the meeting; and

(c) state any concerns of the person responsible for the patient's health care decisions regarding compliance with this section or Section 166.0465, including stating an opinion that one or more of the patient's disabilities are not relevant to the committee's determination of whether the medical or surgical intervention is medically appropriate;

(D) receive a written notice of:

(i) the decision reached during the review process accompanied by an explanation of the decision, including, if applicable, the committee's reasoning for affirming that requested life-sustaining treatment is medically inappropriate;

(ii) the patient's major medical conditions as identified by the committee, including any disability of the patient considered by the committee in reaching the decision, except the notice is not required to specify whether any medical condition qualifies as a disability;

(iii) a statement that the committee has complied with Subsection (a-2) and Section 166.0465; and

(iv) the health care facilities contacted before the meeting as part of the transfer efforts under Subsection (d) and, for each listed facility that denied the request to transfer the patient and provided a reason for the denial, the provided reason;

(E) receive a copy of or electronic access to the portion of the patient's medical record related to the treatment received by the patient in the facility for the period of the patient's current admission to the facility; and

(F) receive a copy of or electronic access to all of the patient's reasonably available diagnostic results and reports related to the medical record provided under Paragraph (E).

(b-1) A health care facility may adopt and implement a written policy for meetings held under this section that is reasonable and necessary to:

(1) facilitate information sharing and discussion of the patient's medical status and treatment requirements, including provisions related to attendance, confidentiality, and timing regarding any agenda item; and

(2) preserve the effectiveness of the meeting, including provisions disclosing that the meeting is not a legal proceeding and the committee will enter into an executive session for deliberations.

(b-2) Notwithstanding Subsection (b)(3), the following individuals may not attend or participate in the executive session of an ethics or medical committee under this section:

(1) the physicians or health care professionals providing health care and treatment to the patient; or

(2) the person responsible for the patient's health care decisions or any person attending the meeting under Subsection (b)(3)(C)(i).

(b-3) If the health care facility or person responsible for the patient's health care decisions intends to have legal counsel attend the meeting of the ethics or medical committee, the facility or person, as applicable, shall make a good faith effort to provide written notice of that intention not less than 48 hours before the meeting begins.

(c) The written notice required by Subsection (b)(3)(D)(i) must be included in the patient's medical record.

(d) After written notice is provided under Subsection (b)(1), the patient's attending physician shall make a reasonable effort to transfer the patient to a physician who is willing to comply with the directive. The health care facility's personnel shall assist the physician in arranging the patient's transfer to:

(1) another physician;

(2) an alternative care setting within that facility; or

(3) another facility.

(d-1) If another health care facility denies the patient's transfer request, the personnel of the health care facility assisting with the patient's transfer efforts under Subsection (d) shall make a good faith effort to inquire whether the facility that denied the patient's transfer request would be more likely to approve the transfer request if a medical procedure, as that term is defined in this section, is performed on the patient.

(d-2) If the patient's advance directive or the person responsible for the patient's health care decisions is requesting life-sustaining treatment that the attending physician has decided and the ethics or medical committee has affirmed is medically inappropriate:

(1) the attending physician or another physician responsible for the care of the patient shall perform on the patient each medical procedure that satisfies all of the following conditions:

(A) in the attending physician's judgment, the medical procedure is reasonable and necessary to help effect the patient's transfer under Subsection (d);

(B) an authorized representative for another health care facility with the ability to comply with the patient's advance directive or the health care or treatment decision made by or on behalf of the patient has expressed to the personnel described by Subsection (b)(1)(D) or the attending physician that the facility is more likely to accept the patient's transfer to the other facility if the medical procedure is performed on the patient;

(C) in the medical judgment of the physician who would perform the medical procedure, performing the medical procedure is:

(i) within the prevailing standard of medical care; and

(ii) not medically contraindicated or medically inappropriate under the circumstances;

(D) in the medical judgment of the physician who would perform the medical procedure, the physician has the training and experience to perform the medical procedure;

(E) the physician who would perform the medical procedure has medical privileges at the facility where the patient is receiving care authorizing the physician to perform the medical procedure at the facility;

(F) the facility where the patient is receiving care has determined the facility has the resources for the

performance of the medical procedure at the facility; and

(G) the person responsible for the patient's health care decisions provides consent on behalf of the patient for the medical procedure; and

(2) the person responsible for the patient's health care decisions is entitled to receive:

(A) a delay notice:

(i) if, at the time the written decision is provided as required by Subsection (b)(3)(D)(i), a medical procedure satisfies all of the conditions described by Subdivision (1); or

(ii) if:

(a) at the time the written decision is provided as required by Subsection (b)(3)(D)(i), a medical procedure satisfies all of the conditions described by Subdivision (1) except Subdivision (1)(G); and

(b) the person responsible for the patient's health care decisions provides to the attending physician or another physician or health care professional providing direct care to the patient consent on behalf of the patient for the medical procedure within 24 hours of the request for consent;

(B) a start notice:

(i) if, at the time the written decision is provided as required by Subsection (b)(3)(D)(i), no medical procedure satisfies all of the conditions described by Subdivisions (1)(A) through (F); or

(ii) if:

(a) at the time the written decision is provided as required by Subsection (b)(3)(D)(i), a medical procedure satisfies all of the conditions described by Subdivision (1) except Subdivision (1)(G); and

(b) the person responsible for the patient's health care decisions does not provide to the attending physician or another physician or health care professional providing direct care to the patient consent on behalf of the patient for the medical procedure within 24 hours of the request for consent; and

(C) a start notice accompanied by a statement that one or more of the conditions described by Subdivisions (1)(A) through (G) are no longer satisfied if, after a delay notice is provided in accordance with Subdivision (2)(A) and before the medical procedure on which the delay notice is based is performed on the patient, one or more of those conditions are no longer satisfied.

(d-3) After the 25-day period described by Subsection (e) begins, the period may not be suspended or stopped for any reason. This subsection does not limit or affect a court's ability to order an extension of the period in accordance with Subsection (g). Subsection (d-2) does not require a medical procedure to be performed on the patient after the expiration of the 25-day period.

(e) If the patient's advance directive or the person responsible for the patient's health care decisions is requesting life-sustaining treatment that the attending physician has decided and the ethics or medical committee has affirmed is medically inappropriate treatment, the patient shall be given available life-sustaining treatment pending transfer under Subsection (d). This subsection does not authorize withholding or withdrawing pain management medication, medical interventions necessary to provide comfort, or any other health care provided to alleviate a patient's pain. The patient is responsible for any costs incurred in transferring the patient to another health care facility. The attending physician, any other physician responsible for the care of the patient, and the health care facility are not obligated to provide life-sustaining treatment after the 25th calendar day after a start notice is provided in accordance with Subsection (d-2)(2)(B) or (C) to the person responsible for the patient's health care decisions or a medical procedure for which a delay notice was provided in accordance with Subsection (d-2)(2)(A) is performed, whichever occurs first, unless ordered to extend the 25-day period under Subsection (g), except that artificially administered nutrition and hydration must be provided unless, based on reasonable medical judgment, providing artificially administered nutrition and hydration would:

(1) hasten the patient's death;

(2) be medically contraindicated such that the provision of the treatment seriously exacerbates life-threatening medical problems not outweighed by the benefit of providing the treatment;

(3) result in substantial, irremediable, and objectively measurable physical pain not outweighed by the benefit of providing the treatment;

(4) be medically ineffective in prolonging life; or

(5) be contrary to the patient's or surrogate's clearly documented desire not to receive artificially administered nutrition or hydration.

(e-1) If during a previous admission to a facility a patient's attending physician and the review process under Subsection (b) have determined that life-sustaining treatment is inappropriate, and the patient is readmitted to the same facility within six months from the date of the decision reached during the review process conducted upon the previous admission, Subsections (b) through (e) need not be followed if the patient's attending physician and a consulting physician who is a member of the ethics or medical committee of the facility document on the patient's readmission that the patient's condition either has not improved or has deteriorated since the review process was conducted.

(f) Life-sustaining treatment under this section may not be entered in the patient's medical record as medically unnecessary treatment until the time period provided under Subsection (e) has expired.

(g) At the request of the person responsible for the patient's health care decisions, the appropriate district or county court shall extend the period provided under Subsection (e) only if the court finds, by a preponderance of the evidence, that there is a reasonable expectation that a physician or health care facility that will honor the patient's directive will be found if the time extension is granted.

(h) This section may not be construed to impose an obligation on a facility or a home and community support services agency licensed under Chapter 142 or similar organization that is beyond the scope of the services or resources of the facility or agency. This section does not

apply to hospice services provided by a home and community support services agency licensed under Chapter 142.

(i) In this section:

(1) "Delay notice" means a written notice that the first day of the 25-day period provided under Subsection (e), after which life-sustaining treatment may be withheld or withdrawn unless a court has granted an extension under Subsection (g), will be delayed until the calendar day after a medical procedure required by Subsection (d-2)(1) is performed unless, before the medical procedure is performed, the person receives written notice of an earlier first day because one or more conditions described by that subdivision are no longer satisfied.

(2) "Medical procedure" means only a tracheostomy or a percutaneous endoscopic gastrostomy.

(3) "Start notice" means a written notice that the 25-day period provided under Subsection (e), after which life-sustaining treatment may be withheld or withdrawn unless a court has granted an extension under Subsection (g), will begin on the first calendar day after the date the notice is provided.

Section
531.001. Purpose; Policy.
531.002. Definitions.
531.0021. Reference to State School or Superintendent

Sec. 531.001. Purpose; Policy.

(a) It is the purpose of this subtitle to provide for the effective administration and coordination of mental health and intellectual disability services at the state and local levels.

(b) Recognizing that a variety of alternatives for serving persons with mental illness or an intellectual disability exists, it is the purpose of this subtitle to ensure that a continuum of services is provided. The continuum of services includes:

(1) mental health facilities operated by the Department of State Health Services and community services for persons with mental illness provided by the department and other entities through contracts with the department; or

(2) state supported living centers operated by the Department of Aging and Disability Services and community services for persons with an intellectual disability provided by the department and other entities through contracts with the department.

(c) It is the goal of this state to provide a comprehensive range of services for persons with mental illness or an intellectual disability who need publicly supported care,

treatment, or habilitation. In providing those services, efforts will be made to coordinate services and programs with services and programs provided by other governmental entities to minimize duplication and to share with other governmental entities in financing those services and programs.

(d) It is the policy of this state that, when appropriate and feasible, persons with mental illness or an intellectual disability shall be afforded treatment in their own communities.

(e) It is the public policy of this state that mental health and intellectual disability services be the responsibility of local agencies and organizations to the greatest extent possible. The Department of State Health Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of mental health services. The Department of Aging and Disability Services shall assist the local agencies and organizations by coordinating the implementation of a statewide system of intellectual disability services. Each department shall ensure that mental health and intellectual disability services, as applicable, are provided. Each department shall provide technical assistance for and regulation of the programs that receive funding through contracts with that department.

(f) It is the public policy of this state to offer services first to those persons who are most in need. Therefore, funds appropriated by the legislature for mental health and intellectual disability services may be spent only to provide services to the priority populations identified in the applicable department's long-range plan.

(g) It is the goal of this state to establish at least one special officer for mental health assignment in each county. To achieve this goal, the Department of State Health Services shall assist a local law enforcement agency that desires to have an officer certified under Section 1701.404, Occupations Code.

(h) It is the policy of this state that the Department of State Health Services serves as the state's mental health authority and the Department of Aging and Disability Services serves as the state's intellectual disability authority. The executive commissioner is responsible for the planning, policy development, and resource development and allocation for and oversight of mental health and intellectual disability services in this state. It is the policy of this state that, when appropriate and feasible, the executive commissioner may delegate the executive commissioner's authority to a single entity in each region of the state that may function as the local mental health or intellectual and developmental disability authority for one or more service areas in the region.

(1) the amount the department is authorized to charge under Subchapter D, Chapter 593, if the client received the services in a department facility; or

(2) the amount the community center is authorized to charge under Section 534.017 if the client received the services in a community center.

(c) The lien attaches to:

(1) all nonexempt real and personal property owned or later acquired by the client or by a person legally responsible for the client's support;

(2) a judgment of a court in this state or a decision of a public agency in a proceeding brought by or on behalf of the client to recover damages for an injury for which the client was admitted to a department facility or community center; and

(3) the proceeds of a settlement of a cause of action or a claim by the client for an injury for which the client was admitted to a department facility or community center.

(d) To secure the lien, the department or community center must file written notice of the lien with the county clerk of the county in which:

(1) the client, or the person legally responsible for the client's support, owns property; or

(2) the client received or is receiving services.

Section
555.201. Definition.
555.202. Resident's Right to Essential Caregiver Visits.

Sec. 555.201. Definition.

In this chapter, "essential caregiver" means a family member, friend, guardian, or other individual selected by a resident, resident's guardian, or resident's legally authorized representative for in-person visits.

HISTORY: Acts 2021, 87th Leg., ch. 531 (S.B. 25), § 3, effective September 1, 2021.

Sec. 555.202. Resident's Right to Essential Caregiver Visits.

(a) A resident of a state supported living center, the resident's guardian, or the resident's legally authorized representative has the right to designate an essential caregiver with whom the center may not prohibit in-person visitation.

(b) Notwithstanding Subsection (a), the executive commissioner by rule shall develop guidelines to assist state supported living centers in establishing essential caregiver visitation policies and procedures. The guidelines must require the centers to:

(1) allow a resident, resident's guardian, or resident's legally authorized representative to designate for in-person visitation an essential caregiver;

(2) establish a visitation schedule allowing the essential caregiver to visit the resident for at least two hours each day;

(3) establish procedures to enable physical contact between the resident and essential caregiver; and

(c) A state supported living center may revoke an individual's designation as an essential caregiver if the essential caregiver violates the center's safety protocols or rules adopted under this section. If a state supported living center revokes an individual's designation as an essential caregiver under this subsection, the resident, resident's guardian, or resident's legally authorized representative has the right to immediately designate another individual as the resident's essential caregiver. The commission by rule shall establish an appeals process to evaluate the revocation of an individual's designation as an essential caregiver under this subsection.

(d) Safety protocols adopted by a state supported living center for an essential caregiver under this section may not be more stringent than safety protocols for center staff.

(e) A state supported living center may petition the commission to suspend in-person essential caregiver visits for not more than seven days if in-person visitation poses a serious community health risk. The commission may deny the state supported living center's request to suspend in-person essential caregiver visitation if the commission determines that in-person visitation does not pose a serious community health risk. A state supported living center may request an extension from the commission to suspend in-person essential caregiver visitation for more than seven days. The commission may not approve an extension under this subsection for a period that exceeds seven days, and a state supported living center must separately request each extension. A state supported living center may not suspend in-person essential caregiver visitation in any year for a number of days that exceeds 14 consecutive days or a total of 45 days.

(f) This section may not be construed as requiring an essential caregiver to provide necessary care to a resident, and a state supported living center may not require an essential caregiver to provide necessary care.

The request must be signed, timed, and dated by the patient or a person legally responsible for the patient and must be made a part of the patient's clinical record. If a patient informs an employee of or person associated with the facility of the patient's desire to leave the facility, the employee or person shall, as soon as possible, assist the patient in creating the written request and present it to the patient for the patient's signature.

(b) The facility shall, within four hours after a request for discharge is filed, notify the physician responsible for the patient's treatment. If that physician is not available during that period, the facility shall notify any available physician of the request.

A decision to detain a patient under this subsection and the reasons for the decision shall be made a part of the patient's clinical record.

(e) If extremely hazardous weather conditions exist or a disaster occurs, the physician may request the judge of a court that has jurisdiction over proceedings brought under Chapter 574 to extend the period during which the patient may be detained. The judge or a magistrate appointed by the judge may by written order made each day extend the period during which the patient may be detained until 4 p.m. on the first succeeding business day. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(f) The patient is not entitled to leave the facility if before the end of the period prescribed by this section:

(2) an application for court-ordered mental health services or emergency detention is filed and the patient is detained in accordance with this subtitle.

(g) A plan for continuing care shall be prepared in accordance with Section 574.081 for each patient discharged. If sufficient time to prepare a continuing care plan before discharge is not available, the plan may be prepared and mailed to the appropriate person within 24 hours after the patient is discharged.

An application for extended inpatient mental health services must state that the person has received court-ordered inpatient mental health services under this subtitle or under Subchapter D or E, Chapter 46B, Code of Criminal Procedure, for at least 60 consecutive days during the preceding 12 months. An application for extended outpatient mental health services must state that the person has received:

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 11, effective January 1, 2004; am. At that time, the judge shall also appoint a language or sign interpreter if necessary to ensure effective communication with the attorney in the proposed patient's primary language.

(b) The court shall inform the attorney in writing of the attorney's duties under Section 574.004.

(a) An attorney representing a proposed patient shall interview the proposed patient within a reasonable time before the date of the hearing on the application.

(b) The attorney shall thoroughly discuss with the proposed patient the law and facts of the case, the proposed patient's options, and the grounds on which the court-ordered mental health services are being sought. A court-appointed attorney shall also inform the proposed patient that the proposed patient may obtain personal legal counsel at the proposed patient's expense instead of accepting the court-appointed counsel.

(c) The attorney may advise the proposed patient of the wisdom of agreeing to or resisting efforts to provide mental health services, but the proposed patient shall make the decision to agree to or resist the efforts. Regardless of an attorney's personal opinion, the attorney shall use all reasonable efforts within the bounds of law to advocate the proposed patient's right to avoid court-

ordered mental health services if the proposed patient expresses a desire to avoid the services. If the proposed patient desires, the attorney shall advocate for the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(d) Before a hearing, the attorney shall:

(1) review the application, the certificates of medical examination for mental illness, and the proposed patient's relevant medical records;

(2) interview supporting witnesses and other witnesses who will testify at the hearing; and

(3) explore the least restrictive treatment alternatives to court-ordered inpatient mental health services.

(1) the procedures for appeal, release, and discharge if the court orders participation in mental health services; and

(2) other rights the proposed patient may have during the period of the court's order.

(g) To withdraw from a case after interviewing a proposed patient, an attorney must file a motion to withdraw with the court. The court shall act on the motion as soon as possible. An attorney may not withdraw from a case unless the withdrawal is authorized by court order.

(h) The attorney is responsible for a person's legal representation until:

(1) the application is dismissed;

(2) an appeal from an order directing treatment is taken;

(3) the time for giving notice of appeal expires by operation of law; or

(4) another attorney assumes responsibility for the case.

(c) The court may grant one or more continuances of the hearing on the motion by a party and for good cause shown or on agreement of the parties. However, the hearing shall be held not later than the 30th day after the date on which the original application is filed. If extremely hazardous weather conditions exist or a disaster occurs that threatens the safety of the proposed patient or other essential parties to the hearing, the judge or magistrate may, by written order made each day, postpone the hearing for 24 hours. The written order must declare that an emergency exists because of the weather or the occurrence of a disaster.

(c) Notice may be given to the proposed patient's next of kin if the relative is the applicant and the parent cannot be located and a guardian or conservator has not been appointed.

(d) Notice of the time and place of any hearing and of the name, telephone number, and address of any attorneys known or believed to represent the state or the proposed patient shall be furnished to any person stating that that person has evidence to present upon any material issue, without regard to whether such evidence is on behalf of the state or of the proposed patient. The notice shall not include the application, medical records, names or addresses of other potential witnesses, or any other information whatsoever. Any clerk, judge, magistrate, court coordinator, or other officer of the court shall provide such information and shall be entitled to judicial immunity in any civil suit seeking damages as a result of providing such notice. Should such evidence be offered at trial and the adverse party claim surprise, the hearing may be continued under the provisions of Section 574.005, and the person producing such evidence shall be entitled to timely notice of the date and time of such continuance.

Any officer, employee, or agent of the department shall refer any inquiring person to the court authorized to provide the notice if such information is in the possession of the department. The notice shall be provided in the form that is most understandable to the person making such inquiry.

(a) The proposed patient's attorney may request information from the county or district attorney in accordance with this section if the attorney cannot otherwise obtain the information.

(b) If the proposed patient's attorney requests the information at least 48 hours before the time set for the hearing, the county or district attorney shall, within a reasonable time before the hearing, provide the attorney with a statement that includes:

(1) the provisions of this subtitle that will be relied on at the hearing to establish that the proposed patient requires court-ordered temporary or extended inpatient mental health services;

(2) the reasons voluntary outpatient services are not considered appropriate for the proposed patient;

(3) the name, address, and telephone number of each witness who may testify at the hearing;

(4) a brief description of the reasons court-ordered temporary or extended inpatient or outpatient, as appropriate, mental health services are required; and

(5) a list of any acts committed by the proposed patient that the applicant will attempt to prove at the hearing.

(c) At the hearing, the judge may admit evidence or testimony that relates to matters not disclosed under Subsection (b) if the admission would not deprive the proposed patient of a fair opportunity to contest the evidence or testimony.

(d) Except as provided by this subsection, not later than 48 hours before the time set for the hearing on the petition for commitment, the county or district attorney shall inform the proposed patient through the proposed patient's attorney whether the county or district attorney will request that the proposed patient be committed to inpatient services or outpatient services. The county judge shall transfer the case after receiving the request and the receiving court shall hear the case as if it had been originally filed in that court.

(c) If a patient is receiving temporary inpatient mental health services in a county other than the county that initiated the court-ordered inpatient mental health services and the patient requires extended inpatient mental health services, the county in which the proceedings originated shall pay the expenses of transporting the patient back to the county for the hearing unless the court that entered the temporary order arranges with the appropriate court in the county in which the patient is receiving services to hold the hearing on court-ordered extended inpatient mental health services before the original order expires.

(d) If an order for outpatient services designates that such services be provided in a county other than the county in which the order was initiated, the court shall transfer the case to the appropriate court in the county in which the services are being provided. That court shall thereafter have exclusive, continuing jurisdiction of the case, including the receipt of the general treatment program required by Section 574.037(b).

The associate judge may be paid from county funds available for payment of officers' salaries.

(d) An associate judge who serves a single court serves at the will of the judge of that court. The services of an associate judge who serves more than two courts may be terminated by a majority vote of all the judges of the courts the associate judge serves. The services of an associate judge who serves two courts may be terminated by either of the judges of the courts the associate judge serves.

(e) To refer cases to an associate judge, the referring court must issue an order of referral. The order of referral may limit the power or duties of an associate judge.

(f) Except as limited by an order of referral, an associate judge appointed under this section has all the powers and duties set forth in Section 201.007, Family Code.

(g) A bailiff may attend a hearing held by an associate judge if directed by the referring court.

(h) A witness appearing before an associate judge is subject to the penalties for perjury provided by law. A referring court may issue attachment against and may fine or imprison a witness whose failure to appear before an associate judge after being summoned or whose refusal to answer questions has been certified to the court.

(i) At the conclusion of any hearing conducted by an associate judge and on the preparation of an associate judge's report, the associate judge shall transmit to the referring court all papers relating to the case, with the associate judge's signed and dated report. After the associate judge's report has been signed, the associate judge shall give to the parties participating in the hearing notice of the substance of the report. The associate judge's report may contain the associate judge's findings, conclusions, or recommendations. The associate judge's report must be in writing in a form as the referring court may direct. The form may be a notation on the referring court's docket sheet. After the associate judge's report is filed, the referring court may adopt, approve, or reject the associate judge's report, hear further evidence, or recommit the

matter for further proceedings as the referring court considers proper and necessary in the particular circumstances of the case.

(j) If a jury trial is demanded or required, the associate judge shall refer the entire matter back to the referring court for trial.

(k) An associate judge appointed under this section has the judicial immunity of a county judge.

(c) The judge or designated magistrate may order the proposed patient to submit to the examination and may issue a warrant authorizing a peace officer to take the proposed patient into custody for the examination.

(d) If the certificates required under this section are not on file at the time set for the hearing on the application, the judge shall dismiss the application and order the immediate release of the proposed patient if that person is not at liberty. If extremely hazardous weather conditions exist or a disaster occurs, the presiding judge or magistrate may by written order made each day extend the period during which the two certificates of medical examination for mental illness may be filed, and the person may be detained until 4 p.m. on the first succeeding business day. The presiding judge shall provide a certification of expenses approved to the county judge responsible for payment of costs under Section 571.018.

(i) A judge who holds hearings at locations other than the county courthouse also may receive a reasonable salary supplement in an amount set by the commissioners court.

The court may set the hearing on its own motion, at the request of the person responsible for the treatment, or at the request of any other interested person.

(b) The court shall appoint an attorney to represent the patient if a hearing is scheduled. The patient shall be given notice of the matters to be considered at the hearing. (2) a mental health facility deemed suitable by the local mental health authority for the area, if an appropriate inpatient mental health facility is not available.

(a-1) A physician shall evaluate the patient as soon as possible within 24 hours after the time detention begins to determine whether the patient, due to mental illness, presents a substantial risk of serious harm to the patient or others so that the patient cannot be at liberty pending the probable cause hearing under Subsection (b). The determination that the patient presents a substantial risk of serious harm to the patient or others may be demonstrated by:

(1) the patient's behavior; or

(2) evidence of severe emotional distress and deterioration in the patient's mental condition to the extent that the patient cannot live safely in the community.

(a-2) If the physician who conducted the evaluation determines that the patient does not present a substantial risk of serious harm to the patient or others, the facility shall:

(1) notify:

(A) the person designated under Section 574.037 as responsible for providing outpatient mental health services or the facility administrator of the outpatient facility treating the patient; and

(B) the court that entered the order directing the patient to receive court-ordered outpatient mental health services; and

(2) release the patient.

(b) A patient who is not released under Subsection (a-2) may be detained under a temporary detention order for more than 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b) for an extreme emergency only if, after a hearing held before the expiration of that period, the court, a magistrate, or a designated associate judge finds that there is probable cause to believe that:

(2) detention in an inpatient mental health facility is necessary to evaluate the appropriate setting for continued court-ordered services.

(c) If probable cause is found under Subsection (b), the patient may be detained under the temporary detention until the hearing set under Section 574.062 is completed.

(d) A facility administrator shall immediately release a patient held under a temporary detention order if the facility administrator does not receive notice that the patient's continued detention is authorized:

(1) after a probable cause hearing held within 72 hours after the patient's detention begins; or

(2) after a modification hearing held within the period prescribed by Section 574.062.

(e) A patient released from an inpatient mental health facility under Subsection (a-2) or (d) continues to be subject to the order for court-ordered outpatient services, if the order has not expired.

Sec. 574.065. Order of Modification of Order for Outpatient Services.

(a) The court may modify an order for outpatient services at the modification hearing if the court determines that the patient meets the applicable criteria for court-ordered inpatient mental health services prescribed by Section 574.034(a) or 574.035(a).

(b) The court may refuse to modify the order and may direct the patient to continue to participate in outpatient mental health services in accordance with the original

order even if the criteria prescribed by Subsection (a) have been met.

(c) The court's decision to modify an order must be supported by at least one certificate of medical examination for mental illness signed by a physician who examined the patient not earlier than the seventh day before the date on which the hearing is held.

(d) A modification may include:

(1) incorporating in the order a revised treatment program and providing for continued outpatient mental health services under the modified order, if a revised general program of treatment was submitted to and accepted by the court; or

(2) providing for commitment to an inpatient mental health facility.

(e) A court may not extend the provision of mental health services beyond the period prescribed in the original order.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1997, 75th Leg., ch. 744 (H.B. 1039), § 8, effective September 1, 1997; am. Acts 2013, 83rd Leg., ch. 1170 (S.B. 646), § 6, effective September 1, 2013.

(a) A county or district attorney or other adult may file an application to renew an order for extended mental health services.

(b) The application must explain in detail why the person requests renewal. An application to renew an order committing the patient to extended inpatient mental health services must also explain in detail why a less restrictive setting is not appropriate.

(c) The application must be accompanied by two certificates of medical examination for mental illness signed by physicians who examined the patient during the 30 days preceding the date on which the application is filed.

(d) The court shall appoint an attorney to represent the patient when an application is filed.

(e) The patient, the patient's attorney, or other individual may request a hearing on the application. The court may set a hearing on its own motion. An application for which a hearing is requested or set is considered an original application for court-ordered extended mental health services.

(f) A court may not renew an order unless the court finds that the patient meets the criteria for extended mental health services prescribed by Sections 574.035(a)(1), (2), and (3). The court must make the findings prescribed by this subsection to renew an order, regardless of whether a hearing is requested or set. A renewed order authorizes treatment for not more than 12 months.

(g) If a hearing is not requested or set, the court may admit into evidence the certificates of medical examination for mental illness. The certificates constitute competent medical or psychiatric testimony and the court may make its findings solely from the certificates and the detailed request for renewal.

(h) The court, after renewing an order for extended inpatient mental health services, may modify the order to provide for outpatient mental health services in accordance with Section 574.037.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.0665. Status Conference.

Sec. 574.067. Motion for Rehearing.

(a) The court may set aside an order requiring court-ordered mental health services and grant a motion for rehearing for good cause shown.

(b) Pending the hearing, the court may:

(1) stay the court-ordered mental health services and release the proposed patient from custody before the hearing if the court is satisfied that the proposed patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

(a) A patient receiving court-ordered extended mental health services, or any interested person on the patient's behalf and with the patient's consent, may file a request with a court for a reexamination and a hearing to determine if the patient continues to meet the criteria for the services.

(b) The request must be filed in the county in which the patient is receiving the services.

(c) The court may, for good cause shown:

(1) require that the patient be reexamined;

(2) schedule a hearing on the request; and

(3) notify the facility administrator of the facility providing mental health services to the patient.

(d) A court is not required to order a reexamination or hearing if the request is filed within six months after an order for extended mental health services is entered or after a similar request is filed.

(e) After receiving the court's notice, the facility administrator shall arrange for the patient to be reexamined.

(f) The facility administrator or the administrator's qualified authorized designee shall immediately discharge the patient if the facility administrator or designee determines that the patient no longer meets the criteria for court-ordered extended mental health services.

(g) If the facility administrator or the administrator's designee determines that the patient continues to meet the criteria for court-ordered extended mental health services, the facility administrator or designee shall file a certificate of medical examination for mental illness with the court within 10 days after the date on which the request for reexamination and hearing is filed.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.069. Hearing on Request for Reexamination.

(a) A court that required a patient's reexamination under Section 574.068 may set a date and place for a hearing on the request if, not later than the 10th day after the date on which the request is filed:

(1) a certificate of medical examination for mental illness stating that the patient continues to meet the criteria for court-ordered extended mental health services has been filed; or

(2) a certificate has not been filed and the patient has not been discharged.

(b) At the time the hearing is set, the judge shall:

(1) appoint an attorney to represent a patient who does not have an attorney; and

(2) give notice of the hearing to the patient, the patient's attorney, and the facility administrator.

(c) The judge shall appoint a physician to examine the patient and file a certificate of medical examination for mental illness with the court. The judge shall appoint a physician who is not on the staff of the mental health facility in which the patient is receiving services and who is a psychiatrist if a psychiatrist is available in the county. The court shall ensure that the patient may be examined by a physician of the patient's choice and at the patient's own expense if requested by the patient.

(d) The hearing is held before the court and without a jury. The hearing must be held in accordance with the requirements for a hearing on an application for court-ordered mental health services.

(e) The court shall dismiss the request if the court finds from clear and convincing evidence that the patient continues to meet the criteria for court-ordered extended mental health services prescribed by Section 574.035 or 574.0355.

(f) The judge shall order the facility administrator to discharge the patient if the court fails to find from clear and convincing evidence that the patient continues to meet the criteria.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; Acts 2019, 86th Leg., ch. 582 (S.B. 362), § 20, effective September 1, 2019.

Sec. 574.070. Appeal.

(b) Notice of appeal must be filed not later than the 10th day after the date on which the order is signed.

(c) When an appeal is filed, the clerk shall immediately send a certified transcript of the proceedings to the court of appeals.

(d) Pending the appeal, the trial judge in whose court the cause is pending may:

(1) stay the order and release the patient from custody before the appeal if the judge is satisfied that the patient does not meet the criteria for protective custody under Section 574.022; and

(2) if the proposed patient is at liberty, require an appearance bond in an amount set by the court.

(e) The court of appeals and supreme court shall give an appeal under this section preference over all other cases and shall advance the appeal on the docket. The courts may suspend all rules relating to the time for filing briefs and docketing cases.

Sec. 574.081. Continuing Care Plan Before Furlough or Discharge.

(a) The physician responsible for the patient's treatment shall prepare a continuing care plan for a patient who is scheduled to be furloughed or discharged unless the patient does not require continuing care.

(a-1) Subject to available resources, Subsections (a), (b), (c), (c-1), and (c-2) apply to a patient scheduled to be furloughed or discharged from:

(1) a state hospital; or

(2) any psychiatric inpatient bed funded under a contract with the Health and Human Services Commission or operated by or funded under a contract with a local mental health authority or a behavioral mental health authority.

(b) The physician shall prepare the plan as prescribed by Health and Human Services Commission rules and shall consult the patient and the local mental health authority in the area in which the patient will reside before preparing the plan. The local mental health authority shall be informed of and must participate in planning the discharge of a patient.

(c) The plan must address the patient's mental health and physical needs, including, if appropriate:

(1) the need for outpatient mental health services following furlough or discharge; and

(2) the need for sufficient psychoactive medication on furlough or discharge to last until the patient can see a physician.

(c-1) Except as otherwise specified in the plan and subject to available funding provided to the Health and Human Services Commission and paid to a private mental health facility for this purpose, a private mental health facility is responsible for providing or paying for psychoactive medication and any other medication prescribed to the patient to counteract adverse side effects of psychoac-

tive medication on furlough or discharge sufficient to last until the patient can see a physician.

(c-2) The Health and Human Services Commission shall adopt rules to determine the quantity and manner of providing psychoactive medication, as required by this section. The executive commissioner may not adopt rules requiring a mental health facility to provide or pay for psychoactive medication for more than seven days after furlough or discharge.

(d) The physician shall deliver the plan and other appropriate information to the community center or other provider that will deliver the services if:

(1) the services are provided by:

(A) a community center or other provider that serves the county in which the patient will reside and that has been designated by the commissioner to perform continuing care services; or

(B) any other provider that agrees to accept the referral; and

(2) the provision of care by the center or provider is appropriate.

(e) The facility administrator or the administrator's designee shall have the right of access to discharged patients and records of patients who request continuing care services.

(f) A patient who is to be discharged may refuse the continuing care services.

(g) A physician who believes that a patient does not require continuing care and who does not prepare a continuing care plan under this section shall document in the patient's treatment record the reasons for that belief.

(h) Subsection (c) does not create a mandate that a facility described by Section 571.003(9)(B) or (E) provide or pay for a medication for a patient.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1993, 73rd Leg., ch. 646 (S.B. 160), § 12, effective August 30, 1993; am. Sec. 574.082. Pass or Furlough from Inpatient Care.

(a) The facility administrator may permit a patient admitted to the facility under an order for temporary or extended inpatient mental health services to leave the facility under a pass or furlough.

(b) A pass authorizes the patient to leave the facility for not more than 72 hours. A furlough authorizes the patient to leave for a longer period.

(c) The pass or furlough may be subject to specified conditions.

(d) When a patient is furloughed, the facility administrator shall notify the court that issued the commitment order.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

Sec. 574.083. Return to Facility Under Certificate of Facility Administrator or Court Order.

(a) The facility administrator of a facility to which a patient was admitted for court-ordered inpatient health care services may authorize a peace officer of the municipality or county in which the facility is located to take an absent patient into custody, detain the patient, and return the patient to the facility by issuing a certificate as prescribed by Subsection (c) to a law enforcement agency of the municipality or county.

(b) If there is reason to believe that an absent patient may be outside the municipality or county in which the facility is located, the facility administrator may file an affidavit as prescribed by Subsection (c) with a magistrate requesting the magistrate to issue an order for the patient's return. The magistrate with whom the affidavit is filed may issue an order directing a peace or health officer to take an absent patient into custody and return the patient to the facility. An order issued under this subsection extends to any part of this state and authorizes any peace officer to whom the order is directed or transferred to execute the order, take the patient into custody, detain the patient, and return the patient to the facility.

(c) The certificate issued or affidavit filed under Subsection (a) or (b) must set out facts establishing that the patient is receiving court-ordered inpatient mental health services at the facility and show that the facility administrator reasonably believes that:

(1) the patient is absent without authority from the facility;

(2) the patient has violated the conditions of a pass or furlough; or

(3) the patient's condition has deteriorated to the extent that the patient's continued absence from the facility under a pass or furlough is inappropriate.

(d) A peace or health officer shall take the patient into custody and return the patient to the facility as soon as possible if the patient's return is authorized by a certificate issued or court order issued under this section.

(e) A peace or health officer may take the patient into custody without having the certificate or court order in the officer's possession.

(f) A peace or health officer who cannot immediately return a patient to the facility named in the order may transport the patient to a local facility for detention. The patient may not be detained in a nonmedical facility that is used to detain persons who are charged with or convicted of a crime unless detention in the facility is warranted by an extreme emergency. If the patient is detained at a nonmedical facility:

(1) the patient:

(A) may not be detained in the facility for more than 24 hours; and

(B) must be isolated from all persons charged with or convicted of a crime; and

(2) the facility must notify the county health authority of the detention.

(g) The local mental health authority shall ensure that a patient detained in a nonmedical facility under Subsection (f) receives proper care and medical attention.

(h) Notwithstanding other law regarding confidentiality of patient information, the facility administrator may release to a law enforcement official information about the patient if the administrator determines the information is needed to facilitate the return of the patient to the facility.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; am. Acts 1999, 76th Leg., ch. 1016 (H.B. 2892), § 1, effective June 18, 1999; am. Sec. 574.084. Revocation of Furlough.

(a) A furlough may be revoked only after an administrative hearing held in accordance with department rules. The hearing must be held within 72 hours after the patient is returned to the facility.

(b) A hearing officer shall conduct the hearing. The hearing officer may be a mental health professional if the person is not directly involved in treating the patient.

(c) The hearing is informal and the patient is entitled to present information and argument.

(d) The hearing officer may revoke the furlough if the officer determines that the revocation is justified under Section 574.083(c).

(e) A hearing officer who revokes a furlough shall place in the patient's file:

(1) a written notation of the decision; and

(2) a written explanation of the reasons for the decision and the information on which the hearing officer relied.

(f) The patient shall be permitted to leave the facility under the furlough if the hearing officer determines that the furlough should not be revoked.

(b) The facility administrator of a facility to which the patient was committed for inpatient mental health services shall consider before discharging the patient whether the patient should receive outpatient court-ordered mental health services in accordance with:

(1) a furlough under Section 574.082; or

(2) a modified order under Section 574.061 that directs the patient to participate in outpatient mental health services.

(c) A discharge under Subsection (a) terminates the court order, and the person discharged may not be required to submit to involuntary mental health services unless a new court order is entered in accordance with this subtitle.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991.

(a) A person who is furloughed or discharged from court-ordered mental health services may petition the court that entered the commitment order for an order stating that the person qualifies for relief from a firearms disability.

(b) In determining whether to grant relief, the court must hear and consider evidence about:

(1) the circumstances that led to imposition of the firearms disability under 18 U.S.C. Section 922(g)(4);

(2) the person's mental history;

(3) the person's criminal history; and

(4) the person's reputation.

(c) A court may not grant relief unless it makes and enters in the record the following affirmative findings:

(1) the person is no longer likely to act in a manner dangerous to public safety; and

(2) removing the person's disability to purchase a firearm is in the public interest.

HISTORY: Enacted by Acts 2009, 81st Leg., ch. 950 (H.B. 3352), § 2, effective September 1, 2009.

Sec. 574.089. Transportation Plan for Furlough or Discharge.

(a) The facility administrator of a mental health facility, in conjunction with the local mental health authority, shall create a transportation plan for a person scheduled to be furloughed or discharged from the facility.

(1) representation by a court-appointed attorney who is knowledgeable about issues to be adjudicated at the hearing;

(2) meet with that attorney as soon as is practicable to prepare for the hearing and to discuss any of the patient's questions or concerns;

(3) receive, immediately after the time of the hearing is set, a copy of the application and written notice of the time, place, and date of the hearing;

(4) be told, at the time personal notice of the hearing is given, of the patient's right to a hearing and right to the assistance of an attorney to prepare for the hearing and to answer any questions or concerns;

(5) be present at the hearing;

(6) request from the court an independent expert; and

(7) oral notification, at the conclusion of the hearing, of the court's determinations of the patient's capacity and best interests.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 903 (S.B. 207), § 1.08, effective August 30, 1993; am. Acts 1995, 74th Leg., ch. 770 (S.B. 572), § 11, effective June 16, 1995.

Sec. 574.106. Hearing and Order Authorizing Psychoactive Medication.

(a) The court may issue an order authorizing the administration of one or more classes of psychoactive medication to a patient who:

(1) is under a court order to receive inpatient mental health services; or

(2) is in custody awaiting trial in a criminal proceeding and was ordered to receive inpatient mental health services in the six months preceding a hearing under this section.

(a-1) The court may issue an order under this section only if the court finds by clear and convincing evidence after the hearing:

(1) that the patient lacks the capacity to make a decision regarding the administration of the proposed medication and treatment with the proposed medication is in the best interest of the patient; or

(2) if the patient was ordered to receive inpatient mental health services by a criminal court with jurisdiction over the patient, that treatment with the proposed medication is in the best interest of the patient and either:

(A) the patient presents a danger to the patient or others in the inpatient mental health facility in which the patient is being treated as a result of a mental disorder or mental defect as determined under Section 574.1065; or

(B) the patient:

(i) has remained confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer for competency restoration treatment; and

(ii) presents a danger to the patient or others in the correctional facility as a result of a mental disorder or mental defect as determined under Section 574.1065.

(b) In making the finding that treatment with the proposed medication is in the best interest of the patient, the court shall consider:

(1) the patient's expressed preferences regarding treatment with psychoactive medication;

(2) the patient's religious beliefs;

(3) the risks and benefits, from the perspective of the patient, of taking psychoactive medication;

(4) the consequences to the patient if the psychoactive medication is not administered;

(5) the prognosis for the patient if the patient is treated with psychoactive medication;

(6) alternative, less intrusive treatments that are likely to produce the same results as treatment with psychoactive medication; and

(7) less intrusive treatments likely to secure the patient's agreement to take the psychoactive medication.

(c) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (d).

(d) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. The magistrate or associate judge may effectuate the notice, set hearing dates, and appoint attorneys as required in this subchapter. A record is not required if the hearing is held by a magistrate or court-appointed associate judge.

(e) A party is entitled to a hearing de novo by the judge if an appeal of the magistrate's or associate judge's report is filed with the court within three days after the report is issued. The hearing de novo shall be held within 30 days of the filing of the application for an order to authorize psychoactive medication.

(f) If a hearing or an appeal of an associate judge's or magistrate's report is to be held in a county court in which the judge is not a licensed attorney, the proposed patient or the proposed patient's attorney may request that the proceeding be transferred to a court with a judge who is licensed to practice law in this state. The county judge shall transfer the case after receiving the request, and the receiving court shall hear the case as if it had been originally filed in that court.

(g) As soon as practicable after the conclusion of the hearing, the patient is entitled to have provided to the patient and the patient's attorney written notification of the court's determinations under this section. The notification shall include a statement of the evidence on which the court relied and the reasons for the court's determinations.

(h) An order entered under this section shall authorize the administration to a patient, regardless of the patient's refusal, of one or more classes of psychoactive medications specified in the application and consistent with the patient's diagnosis. The order shall permit an increase or decrease in a medication's dosage, restitution of medication authorized but discontinued during the period the order is valid, or the substitution of a medication within the same class.

(i) The classes of psychoactive medications in the order must conform to classes determined by the department.

(j) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(k) This section does not apply to a patient who receives services under an order of protective custody under Section 574.021.

(*l*) For a patient described by Subsection (a-1)(2)(B), an order issued under this section:

(1) authorizes the initiation of any appropriate mental health treatment for the patient awaiting transfer; and

(2) does not constitute authorization to retain the patient in a correctional facility for competency restoration treatment.

(m) An order issued under this section authorizes the taking of a patient's blood sample to conduct reasonable and medically necessary evaluations and laboratory tests to safely administer a psychoactive medication authorized by the order.

(1) an assessment of the patient's present mental condition;

(2) whether the patient has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to the patient's self or to another while in the facility; and

(3) whether the patient, in the six months preceding the date the patient was placed in the facility, has inflicted, attempted to inflict, or made a serious threat of inflicting substantial physical harm to another that resulted in the patient being placed in the facility.

is not valid and may not be relied on if the person is subject to an order issued under Section 574.106.

578.003. Consent to Therapy.
578.004. Withdrawal of Consent.
578.005. Physician Requirement.

Sec. 578.001. Application.

This chapter applies to the use of electroconvulsive therapy by any person, including a private physician who uses the therapy on an outpatient basis.

HISTORY: Enacted by Acts 1993, 73rd Leg., ch. 705 (S.B. 205), § 5.01, effective September 1, 1993.

Sec. 578.002. Use of Electroconvulsive Therapy.

(a) Electroconvulsive therapy may not be used on a person who is younger than 16 years of age.

(b) Unless the person consents to the use of the therapy in accordance with Section 578.003, electroconvulsive therapy may not be used on:

(b) The written consent form must clearly and explicitly state:

(1) the nature and purpose of the procedure;

(2) the nature, degree, duration, and probability of the side effects and significant risks of the treatment commonly known by the medical profession, especially noting the possible degree and duration of memory loss, the possibility of permanent irrevocable memory loss, and the possibility of death;

(3) that there is a division of opinion as to the efficacy of the procedure; and

(4) the probable degree and duration of improvement or remission expected with or without the procedure.

(c) Before a patient receives each electroconvulsive treatment, the hospital, facility, or physician administering the therapy shall ensure that:

(1) the patient and the patient's guardian of the person, if any, receives a written copy of the consent form that is in the person's primary language, if possible;

(2) the patient and the patient's guardian of the person, if any, receives a written supplement that contains related information that pertains to the particular patient being treated;

(3) the contents of the consent form and the written supplement are explained to the patient and the patient's guardian of the person, if any:

(A) orally, in simple, nontechnical terms in the person's primary language, if possible; or

(B) through the use of a means reasonably calculated to communicate with a hearing impaired or visually impaired person, if applicable;

(4) the patient or the patient's guardian of the person, as appropriate, signs a copy of the consent form stating that the person has read the consent form and the written supplement and understands the information included in the documents; and

(5) the signed copy of the consent form is made a part of the patient's clinical record.

(d) Consent given under this section is not valid unless the person giving the consent understands the information presented and consents voluntarily and without coercion or undue influence.

(e) For a patient 65 years of age or older, before each treatment series begins, the hospital, facility, or physician administering the procedure shall:

(1) ensure that two physicians have signed an appropriate form that states the procedure is medically necessary;

(2) make the form described by Subdivision (1) available to the patient or the patient's guardian of the person; and

(3) inform the patient or the patient's guardian of the person of any known current medical condition that may increase the possibility of injury or death as a result of the treatment.

(1) the model, manufacturer, and age of each piece of equipment used to administer the therapy; and

(2) any other information required by department rule.

(e) The department may conduct an investigation as considered necessary after receiving the proper application and the required fee.

(f) The executive commissioner by rule may prohibit the registration and use of equipment of a type, model, or age the executive commissioner determines is dangerous.

(g) The department may deny, suspend, or revoke a registration if the department determines that the equipment is dangerous. The denial, suspension, or revocation of a registration is a contested case under Chapter 2001, Government Code.

591.003. Definitions.
591.004. Rules.
591.005. Least Restrictive Alternative.
591.006. Consent.

Sec. 591.001. Short Title.

This subtitle may be cited as the Persons with an Intellectual Disability Act.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1401, effective April 2, 2015.

Sec. 591.002. Purpose.

(a) It is the public policy of this state that persons with an intellectual disability have the opportunity to develop to the fullest extent possible their potential for becoming productive members of society.

(b) It is the purpose of this subtitle to provide and assure a continuum of quality services to meet the needs of all persons with an intellectual disability in this state.

(c) The state's responsibility to persons with an intellectual disability does not replace or impede parental rights and responsibilities or terminate the activities of persons, groups, or associations that advocate for and assist persons with an intellectual disability.

(d) It is desirable to preserve and promote living at home if feasible. If living at home is not possible and placement in a residential care facility is necessary, a person must be admitted in accordance with basic due process requirements, giving appropriate consideration to parental desires if possible. The person must be admitted to a facility that provides habilitative training for the person's condition, that fosters the personal development of the person, and that enhances the person's ability to cope with the environment.

(e) Because persons with an intellectual disability have been denied rights solely because they are persons with an intellectual disability, the general public should be educated to the fact that persons with an intellectual disability who have not been adjudicated incompetent and for whom a guardian has not been appointed by a due process proceeding in a court have the same rights and responsibilities enjoyed by all citizens of this state. All citizens are urged to assist persons with an intellectual disability in acquiring and maintaining rights and in participating in community life as fully as possible.

HISTORY: Enacted by Acts 1991, 72nd Leg., ch. 76 (H.B. 902), § 1, effective September 1, 1991; Acts 2015, 84th Leg., ch. 1 (S.B. 219), § 3.1402, effective April 2, 2015.

(d) A hearing under this subchapter shall be conducted on the record by the probate judge or judge with probate jurisdiction, except as provided by Subsection (e).

(e) A judge may refer a hearing to a magistrate or court-appointed associate judge who has training regarding psychoactive medications. (j) The classes of psychoactive medications in the order must conform to classes determined by the department.

(k) An order issued under this section may be reauthorized or modified on the petition of a party. The order remains in effect pending action on a petition for reauthorization or modification. For the purpose of this subsection, "modification" means a change of a class of medication authorized in the order.

(*l*) For a client described by Subsection (b)(2)(B), an order issued under this section:

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

is not valid and may not be relied on if the person is subject to an order issued under Section 592.156.

(b) The issuance of an order under Section 592.156 is not a determination or adjudication of mental incompetency and does not limit in any other respect that person's rights as a citizen or the person's property rights or legal capacity.

HISTORY: Enacted by Acts 2013, 83rd Leg., ch. 504 (S.B. 34), § 3, effective September 1, 2013.

(B) will take appropriate steps to protect the information; or

(11) to satisfy a request for medical records of a deceased or incompetent person pursuant to Section 74.051(e), Civil Practice and Remedies Code.

(a-1) No civil, criminal, or administrative cause of action exists against a person described by Section 611.001(2)(A) or (B) for the disclosure of confidential information in accordance with Subsection (a)(2). A cause of action brought against the person for the disclosure of the confidential information must be dismissed with prejudice.

(b) Personnel who receive confidential information under Subsection (a)(3) may not directly or indirectly identify or otherwise disclose the identity of a patient in a report or in any other manner.

(c) The exception in Subsection (a)(8) applies only to records created by the state hospital or state school or by the employees of the hospital or school. Information or records that identify a patient may be released only with the patient's proper consent.

(2) "State hospital" has the meaning assigned by Section 552.0011.

(b) To the extent permitted by federal law, a professional shall disclose confidential information to the descendant of a patient of a state hospital if:

(1) the patient has been deceased for at least 50 years; and

(2) the professional does not have information indicating that releasing the medical record is inconsistent with any prior expressed preference of the deceased patient or personal representatives of the deceased patient's estate.

(c) A person who receives information from confidential communications or records may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the person first obtained the information.

HISTORY: Acts 2019, 86th Leg., ch. 1088 (H.B. 1901), § 1, effective September 1, 2019.

Sec. 611.0045. Right to Mental Health Record.

(a) Except as otherwise provided by this section, a patient is entitled to have access to the content of a confidential record made about the patient.

(b) The professional may deny access to any portion of a record if the professional determines that release of that portion would be harmful to the patient's physical, mental, or emotional health.

(c) If the professional denies access to any portion of a record, the professional shall give the patient a signed and dated written statement that having access to the record would be harmful to the patient's physical, mental, or emotional health and shall include a copy of the written statement in the patient's records. The statement must specify the portion of the record to which access is denied, the reason for denial, and the duration of the denial.

(d) The professional who denies access to a portion of a record under this section shall redetermine the necessity for the denial at each time a request for the denied portion is made. If the professional again denies access, the professional shall notify the patient of the denial and document the denial as prescribed by Subsection (c).

(e) If a professional denies access to a portion of a confidential record, the professional shall allow examination and copying of the record by another professional if the patient selects the professional to treat the patient for the same or a related condition as the professional denying access.

(f) The content of a confidential record shall be made available to a person listed by Section 611.004(a)(4) or (5) who is acting on the patient's behalf.

(g) A professional shall delete confidential information about another person who has not consented to the release, but may not delete information relating to the patient that another person has provided, the identity of the person responsible for that information, or the identity of any person who provided information that resulted in the patient's commitment.

(h) If a summary or narrative of a confidential record is requested by the patient or other person requesting release under this section, the professional shall prepare the summary or narrative.

(i) The professional or other entity that has possession or control of the record shall grant access to any portion of the record to which access is not specifically denied under this section within a reasonable time and may charge a reasonable fee.

(j) Notwithstanding Section 159.002, Occupations Code, this section applies to the release of a confidential record created or maintained by a professional, including a physician, that relates to the diagnosis, evaluation, or treatment of a mental or emotional condition or disorder, including alcoholism or drug addiction.

(k) The denial of a patient's access to any portion of a record by the professional or other entity that has possession or control of the record suspends, until the release of that portion of the record, the running of an applicable statute of limitations on a cause of action in which evidence relevant to the cause of action is in that portion of the record.

The person may petition a district court of Travis County if the person is not a resident of this state.

(b) In a suit contesting the denial of access under Section 611.0045, the burden of proving that the denial was proper is on the professional who denied the access.

(c) The aggrieved person also has a civil cause of action for damages.

(a) Except as provided by Subsection (b), a patient or a patient's legally authorized representative may revoke a disclosure consent to a professional at any time. A revocation is valid only if it is written, dated, and signed by the patient or legally authorized representative.

(b) A patient may not revoke a disclosure that is required for purposes of making payment to the professional for mental health care services provided to the patient.

(c) A patient may not maintain an action against a professional for a disclosure made by the professional in good faith reliance on an authorization if the professional did not have notice of the revocation of the consent.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 856 (S.B. 667), § 9, effective September 1, 1995.

(a) On receipt of a written request from a patient to examine or copy all or part of the patient's recorded mental health care information, a professional, as promptly as required under the circumstances but not later than the 15th day after the date of receiving the request, shall:

(1) make the information available for examination during regular business hours and provide a copy to the patient, if requested; or

(2) inform the patient if the information does not exist or cannot be found.

(b) Unless provided for by other state law, the professional may charge a reasonable fee for retrieving or copying mental health care information and is not required to permit examination or copying until the fee is paid unless there is a medical emergency.

Sec. 612.001. Execution of Interstate Compact.

This state enters into a compact with all other states legally joining in the compact in substantially the following form:

"INTERSTATE COMPACT ON MENTAL HEALTH

"The contracting states solemnly agree that:

"ARTICLE I

"The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

“ARTICLE II

“As used in this compact:

“(a) ‘Sending state’ shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

“(b) ‘Receiving state’ shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

“(c) ‘Institution’ shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

“(d) ‘Patient’ shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

“(e) ‘After-care’ shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

“(f) ‘Mental illness’ shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

“(g) ‘Mental deficiency’ shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

“(h) ‘State’ shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

“ARTICLE III

“(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

“(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

“(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

“(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

“(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

“ARTICLE IV

“(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

“(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

“(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

“ARTICLE V

“Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

“ARTICLE VI

“The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact

through any and all states party to this compact, without interference.

"ARTICLE VII

"(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

"(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

"(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

"(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

"(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

"ARTICLE VIII

"(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

"(b) The term guardian as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

"ARTICLE IX

"(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to the incarceration in a penal or correctional institution.

"(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

"ARTICLE X

"(a) Each party state shall appoint a compact administrator who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

"(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

"ARTICLE XI

"The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

"ARTICLE XII

"This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

"ARTICLE XIII

"(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of

the compact.

"(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

"ARTICLE XIV

"This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters."

(1) persons found in suspicious places and under circumstances which reasonably show that such persons have been guilty of some felony, violation of Title 9, Chapter 42, Penal Code, breach of the peace, or offense under Section 49.02, Penal Code, or threaten, or are about to commit some offense against the laws;

(2) persons who the peace officer has probable cause to believe have committed an assault resulting in bodily

injury to another person and the peace officer has probable cause to believe that there is danger of further bodily injury to that person;

(3) persons who the peace officer has probable cause to believe have committed an offense defined by Section 25.07, Penal Code, if the offense is not committed in the presence of the peace officer;

(4) persons who the peace officer has probable cause to believe have committed an offense involving family violence;

(5) persons who the peace officer has probable cause to believe have prevented or interfered with an individual's ability to place a telephone call in an emergency, as defined by Section 42.062(d), Penal Code, if the offense is not committed in the presence of the peace officer; or

(6) a person who makes a statement to the peace officer that would be admissible against the person under Article 38.21 and establishes probable cause to believe that the person has committed a felony.

(b) A peace officer shall arrest, without a warrant, a person the peace officer has probable cause to believe has committed an offense under Section 25.07, Penal Code, if the offense is committed in the presence of the peace officer.

(c) If reasonably necessary to verify an allegation of a violation of a protective order or of the commission of an offense involving family violence, a peace officer shall remain at the scene of the investigation to verify the allegation and to prevent the further commission of the violation or of family violence.

(d) A peace officer who is outside his jurisdiction may arrest, without warrant, a person who commits an offense within the officer's presence or view, if the offense is a felony, a violation of Chapter 42 or 49, Penal Code, or a breach of the peace. A peace officer making an arrest under this subsection shall, as soon as practicable after making the arrest, notify a law enforcement agency having jurisdiction where the arrest was made. The law enforcement agency shall then take custody of the person committing the offense and take the person before a magistrate in compliance with Article 14.06 of this code.

(e) The justification for conduct provided under Section 9.21, Penal Code, applies to a peace officer when the peace officer is performing a duty required by this article.

(f) In this article, "family violence" has the meaning assigned by Section 71.004, Family Code.

(g) (1) A peace officer described by Article 2A.001(1), (2), or (5), who is licensed under Chapter 1701, Occupations Code, and is outside of the officer's jurisdiction may arrest without a warrant a person who commits any offense within the officer's presence or view, other than a violation of Subtitle C, Title 7, Transportation Code.

(2) A peace officer described by Article 2A.001(3), who is licensed under Chapter 1701, Occupations Code, and is outside of the officer's jurisdiction may arrest without a warrant a person who commits any offense within the officer's presence or view, except that an officer described in this subdivision who is outside of that officer's jurisdiction may arrest a person for a violation of Subtitle C, Title 7, Transportation Code, only if the offense is committed in the county or counties in which the municipality employing the peace officer is located.

(3) A peace officer making an arrest under this subsection shall as soon as practicable after making the arrest notify a law enforcement agency having jurisdiction where the arrest was made. The law enforcement agency shall then take custody of:

(A) the person committing the offense and take the person before a magistrate in compliance with Article 14.06; and

(B) any property seized during or after the arrest as if the property had been seized by a peace officer of that law enforcement agency.

(h) (1) A peace officer who is acting in the lawful discharge of the officer's official duties may disarm a person at any time the officer reasonably believes it is necessary for the protection of the person, officer, or another individual. The peace officer shall return the handgun to the person before discharging the person from the scene if the officer determines that the person is not a threat to the officer, person, or another individual and if the person has not committed a violation that results in the arrest of the person.

(2) A peace officer who is acting in the lawful discharge of the officer's official duties may temporarily disarm a person when the person enters a nonpublic, secure portion of a law enforcement facility, if the law enforcement agency provides a gun locker or other secure area where the peace officer can secure the person's handgun. The peace officer shall secure the handgun in the locker or other secure area and shall return the handgun to the person immediately after the person leaves the nonpublic, secure portion of the law enforcement facility.

(3) For purposes of this subsection, "law enforcement facility" and "nonpublic, secure portion of a law enforcement facility" have the meanings assigned by Section 411.207, Government Code.

Art. 15.17. Duties of Arresting Officer and Magistrate.

(a) In each case enumerated in this Code, the person making the arrest or the person having custody of the person arrested shall without unnecessary delay, but not later than 48 hours after the person is arrested, take the person arrested or have him taken before some magistrate of the county where the accused was arrested or, to provide more expeditiously to the person arrested the warnings described by this article, before a magistrate in any other county of this state. The arrested person may be taken before the magistrate in person or the image of the arrested person may be presented to the magistrate by means of a videoconference. The magistrate shall inform in clear language the person arrested, either in person or through a videoconference, of the accusation against him and of any affidavit filed therewith, of his right to retain counsel, of his right to remain silent, of his right to have an attorney present during any interview with peace officers or attorneys representing the state, of his right to terminate the interview at any time, and of his right to have an examining trial. The magistrate shall also inform the person arrested of the person's right to request the appointment of counsel if the person cannot afford counsel. The magistrate shall inform the person arrested of the procedures for requesting appointment of counsel. If applicable, the magistrate shall inform the person that the person may file the affidavit described by Article 17.028(f). If the person does not speak and understand the English language or is deaf, the magistrate shall inform the person in a manner consistent with Articles 38.30 and 38.31, as appropriate. The magistrate shall ensure that reasonable assistance in completing the necessary forms for requesting appointment of counsel is provided to the person at the same time. If the person arrested is indigent and requests appointment of counsel and if the magistrate is authorized under Article 26.04 to appoint counsel for indigent defendants in the county, the magistrate shall appoint counsel in accordance with Article 1.051. If the magistrate is not authorized to appoint counsel, the magistrate shall without unnecessary delay, but not later than 24 hours after the person arrested requests appointment of counsel, transmit, or cause to be transmitted to the court or to the courts' designee authorized under Article 26.04 to appoint counsel in the county, the forms requesting the appointment of counsel. The magistrate shall also inform the person arrested that he is not required to make a statement and that any statement made by him may be used against him. The magistrate shall allow the person arrested reasonable time and opportunity to consult counsel and shall, after determining whether the person is currently on bail for a separate criminal offense and whether the bail decision is subject to Article 17.027, admit the person arrested to bail if allowed by law. A record of the communication between the arrested person and the magistrate shall be made. The record shall be preserved until the earlier of the following dates: (1) the date on which the pretrial hearing ends; or (2) the 91st day after the date on which the record is made if the person is charged with a misdemeanor or the 120th day after the date on which the record is made if the person is charged with a felony. For purposes of this subsection, "videoconference" means a two-way electronic communication of image and sound between the arrested person and the magistrate and includes secure Internet videoconferencing.

(a-1) If a magistrate is provided written or electronic notice of credible information that may establish reasonable cause to believe that a person brought before the magistrate has a mental illness or is a person with an intellectual disability, the magistrate shall conduct the proceedings described by Article 16.22 or 17.032, as appropriate.

(b) After an accused charged with a misdemeanor punishable by fine only is taken before a magistrate under Subsection (a) and the magistrate has identified the accused with certainty, the magistrate may release the accused without bond and order the accused to appear at a later date for arraignment in the applicable justice court or municipal court. The order must state in writing the time, date, and place of the arraignment, and the magistrate must sign the order. The accused shall receive a copy of the order on release. If an accused fails to appear as required by the order, the judge of the court in which the accused is required to appear shall issue a warrant for the arrest of the accused. If the accused is arrested and brought before the judge, the judge may admit the accused to bail, and in admitting the accused to bail, the judge should set as the amount of bail an amount double that generally set for the offense for which the accused was arrested. This subsection does not apply to an accused who has previously been convicted of a felony or a misdemeanor other than a misdemeanor punishable by fine only.

(c) When a deaf accused is taken before a magistrate under this article or Article 14.06 of this Code, an interpreter appointed by the magistrate qualified and sworn as provided in Article 38.31 of this Code shall interpret the warning required by those articles in a language that the accused can understand, including but not limited to sign language.

(d) If a magistrate determines that a person brought before the magistrate after an arrest authorized by Article 14.051 of this code was arrested unlawfully, the magis-

trate shall release the person from custody. If the magistrate determines that the arrest was lawful, the person arrested is considered a fugitive from justice for the purposes of Article 51.13 of this code, and the disposition of the person is controlled by that article.

(e) In each case in which a person arrested is taken before a magistrate as required by Subsection (a) or Article 15.18(a), a record shall be made of:

(1) the magistrate informing the person of the person's right to request appointment of counsel;

(2) the magistrate asking the person whether the person wants to request appointment of counsel; and

(3) whether the person requested appointment of counsel.

(f) A record required under Subsection (a) or (e) may consist of written forms, electronic recordings, or other documentation as authorized by procedures adopted in the county under Article 26.04(a). The counsel for the defendant may obtain a copy of the record on payment of a reasonable amount to cover the costs of reproduction or, if the defendant is indigent, the court shall provide a copy to the defendant without charging a cost for the copy.

(g) If a person charged with an offense punishable as a misdemeanor appears before a magistrate in compliance with a citation issued under Article 14.06(b) or (c), the magistrate shall perform the duties imposed by this article in the same manner as if the person had been arrested and brought before the magistrate by a peace officer. After the magistrate performs the duties imposed by this article, the magistrate except for good cause shown may release the person on personal bond. If a person who was issued a citation under Article 14.06(c) fails to appear as required by that citation, the magistrate before which the person is required to appear shall issue a warrant for the arrest of the accused.

Article

16.22. Early Identification of Defendant Suspected of Having Mental Illness or Intellectual Disability.

16.23. Diversion of Persons Suffering Mental Health Crisis or Substance Abuse Issue.

Art. 16.22. Early Identification of Defendant Suspected of Having Mental Illness or Intellectual Disability.

(a) (1) Not later than 12 hours after the sheriff or municipal jailer having custody of a defendant receives credible information that may establish reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the sheriff or municipal jailer shall provide written or electronic notice to the magistrate. The notice must include any information related to the sheriff's or municipal jailer's determination, such as information regarding the defendant's behavior immediately before, during, and after the defendant's arrest and, if applicable, the results of any previous assessment of the defendant. On a determination that there is reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability, the magistrate, except as provided by Subdivision (2), shall order the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to:

(A) interview the defendant if the defendant has not previously been interviewed by a qualified mental health or intellectual and developmental disability expert on or after the date the defendant was arrested for the offense for which the defendant is in custody and otherwise collect information regarding whether the defendant has a mental illness as defined by Section 571.003, Health and Safety Code, or is a person with an intellectual disability as defined by Section 591.003, Health and Safety Code, including, if applicable, information obtained from any previous assessment of the defendant and information regarding any previously recommended treatment or service; and

(B) provide to the magistrate a written report of an interview described by Paragraph (A) and the other information collected under that paragraph on the form approved by the Texas Correctional Office on Offenders with Medical or Mental Impairments under Section 614.0032(c), Health and Safety Code.

(2) The magistrate is not required to order the interview and collection of other information under Subdivision (1) if the defendant:

(A) is no longer in custody;

(B) in the year preceding the defendant's applicable date of arrest has been determined to have a mental illness or to be a person with an intellectual disability by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another mental health or intellectual and developmental disability expert described by Subdivision (1); or

(C) was only arrested or charged with an offense punishable as a Class C misdemeanor.

(3) A court that elects to use the results of a determination described by Subdivision (2)(B) may proceed under Subsection (c).

(4) If the defendant fails or refuses to submit to the interview and collection of other information regarding the defendant as required under Subdivision (1), the magistrate may order the defendant to submit to an examination in a jail, or in another place determined to be appropriate by the local mental health authority or local intellectual and developmental disability authority, for a reasonable period not to exceed 72 hours. If applicable, the county in which the committing court is located shall reimburse the local mental health authority or local intellectual and developmental disability authority for the mileage and per diem expenses of the personnel required to transport the defendant, calculated in accordance with the state travel regulations in effect at the time.

(a-1) If a magistrate orders a local mental health authority, a local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert to conduct an interview or collect information under Subsection (a)(1), the commissioners court for the county in which the magistrate is located shall reimburse the local mental health authority, local intellectual and developmental disability authority, or qualified mental health or intellectual and developmental disability expert for the cost of performing those duties in the amount provided by the fee schedule adopted under Subsection (a-2) or in the amount determined by the judge under Subsection (a-3), as applicable.

(a-2) The commissioners court for a county may adopt a fee schedule to pay for the costs to conduct an interview and collect information under Subsection (a)(1). In developing the fee schedule, the commissioners court shall consider the generally accepted reasonable cost in that county of performing the duties described by Subsection (a)(1). A fee schedule described by this subsection must be adopted in a public hearing and must be periodically reviewed by the commissioners court.

(a-3) If the cost of performing the duties described by Subsection (a)(1) exceeds the amount provided by the applicable fee schedule or if the commissioners court for the applicable county has not adopted a fee schedule, the authority or expert who performed the duties may request that the judge who has jurisdiction over the underlying offense determine the reasonable amount for which the authority or expert is entitled to be reimbursed under Subsection (a-1). The amount determined under this subsection may not be less than the amount provided by the fee schedule, if applicable. The judge shall determine the amount not later than the 45th day after the date the request is made. The judge is not required to hold a hearing before making a determination under this subsection.

(a-4) An interview under Subsection (a)(1) may be conducted in person in the jail, by telephone, or through a telemedicine medical service or telehealth service.

(b) Except as otherwise permitted by the magistrate for good cause shown, a written report of an interview described by Subsection (a)(1)(A) and the other information collected under that paragraph shall be provided to the magistrate:

(1) for a defendant held in custody, not later than 96 hours after the time an order was issued under Subsection (a); or

(2) for a defendant released from custody, not later than the 30th day after the date an order was issued under Subsection (a).

(b-1) The magistrate shall provide copies of the written report to:

(1) the defense counsel;

(2) the attorney representing the state;

(3) the trial court;

(4) the sheriff or other person responsible for the defendant's medical records while the defendant is confined in county jail; and

(5) as applicable:

(A) any personal bond office established under Article 17.42 for the county in which the defendant is being confined; or

(B) the director of the office or department that is responsible for supervising the defendant while the defendant is released on bail and receiving mental health or intellectual and developmental disability services as a condition of bail.

(b-2) The written report must include a description of the procedures used in the interview and collection of other information under Subsection (a)(1)(A) and the applicable expert's observations and findings pertaining to:

(1) whether the defendant is a person who has a mental illness or is a person with an intellectual disability;

(2) subject to Article 46B.002, whether there is clinical evidence to support a belief that the defendant may be incompetent to stand trial and should undergo a complete competency examination under Subchapter B, Chapter 46B; and

(3) any appropriate or recommended treatment or service.

(c) After the trial court receives the applicable expert's written report relating to the defendant under Subsection (b-1) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032 if the defendant is being held in custody;

(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B;

(3) consider the written report during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community supervision, including deferred adjudication community supervision;

(4) refer the defendant to an appropriate specialty court established or operated under Subtitle K, Title 2, Government Code; or

(5) if the offense charged does not involve an act, attempt, or threat of serious bodily injury to another person, release the defendant on bail while charges against the defendant remain pending and enter an order transferring the defendant to the appropriate court for court-ordered outpatient mental health services under Chapter 574, Health and Safety Code.

(c-1) If an order is entered under Subsection (c)(5), an attorney representing the state shall file the application for court-ordered outpatient services under Chapter 574, Health and Safety Code.

(c-2) On the motion of an attorney representing the state, if the court determines the defendant has complied with appropriate court-ordered outpatient treatment, the court may dismiss the charges pending against the defendant and discharge the defendant.

(c-3) On the motion of an attorney representing the state, if the court determines the defendant has failed to comply with appropriate court-ordered outpatient treatment, the court shall proceed under this chapter or with the trial of the offense.

(d) This article does not prevent the applicable court from, before, during, or after the interview and collection of other information regarding the defendant as described by this article:

(1) releasing a defendant who has a mental illness or is a person with an intellectual disability from custody on personal or surety bond, including imposing as a condition of release that the defendant submit to an examination or other assessment; or

(2) subject to Article 46B.002, ordering an examination regarding the defendant's competency to stand trial.

(e) The Texas Judicial Council shall adopt rules to require the reporting of the number of written reports provided to a court under Subsection (a)(1)(B). The rules must require submission of the reports to the Office of Court Administration of the Texas Judicial System on a monthly basis.

(f) A written report submitted to a magistrate under Subsection (a)(1)(B) is confidential and not subject to disclosure under Chapter 552, Government Code, but may be used or disclosed as provided by this article.

(5) the magistrate finds, after considering all the circumstances, a pretrial risk assessment, if applicable, and any other credible information provided by the attorney representing the state or the defendant, that release on personal bond would reasonably ensure the defendant's appearance in court as required and the safety of the community and the victim of the alleged offense.

(c) The magistrate, unless good cause is shown for not requiring treatment or services, shall require as a condition of release on personal bond under this article that the defendant submit to outpatient or inpatient mental health treatment or intellectual and developmental disability services as recommended by the service provider that contracts with the jail to provide mental health or intellectual and developmental disability services, the local mental health authority, the local intellectual and developmental disability authority, or another qualified mental health or intellectual and developmental disability expert if the defendant's:

Art. 26.04. Procedures for Appointing Counsel.

(a) The judges of the county courts, statutory county courts, and district courts trying criminal cases in each county, by local rule, shall adopt and publish written countywide procedures for timely and fairly appointing counsel for an indigent defendant in the county arrested for, charged with, or taking an appeal from a conviction of a misdemeanor punishable by confinement or a felony. The

procedures must be consistent with this article and Articles 1.051, 15.17, 15.18, 26.05, and 26.052 and must provide for the priority appointment of a public defender's office as described by Subsection (f). A court shall appoint an attorney from a public appointment list using a system of rotation, unless the court appoints an attorney under Subsection (f), (f-1), (h), or (i). The court shall appoint attorneys from among the next five names on the appointment list in the order in which the attorneys' names appear on the list, unless the court makes a finding of good cause on the record for appointing an attorney out of order. An attorney who is not appointed in the order in which the attorney's name appears on the list shall remain next in order on the list.

(b) Procedures adopted under Subsection (a) shall:

(1) authorize only the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county, or the judges' designee, to appoint counsel for indigent defendants in the county;

(2) apply to each appointment of counsel made by a judge or the judges' designee in the county;

(3) ensure that each indigent defendant in the county who is charged with a misdemeanor punishable by confinement or with a felony and who appears in court without counsel has an opportunity to confer with appointed counsel before the commencement of judicial proceedings;

(4) require appointments for defendants in capital cases in which the death penalty is sought to comply with any applicable requirements under Articles 11.071 and 26.052;

(5) ensure that each attorney appointed from a public appointment list to represent an indigent defendant perform the attorney's duty owed to the defendant in accordance with the adopted procedures, the requirements of this code, and applicable rules of ethics; and

(6) ensure that appointments are allocated among qualified attorneys in a manner that is fair, neutral, and nondiscriminatory.

(c) Whenever a court or the courts' designee authorized under Subsection (b) to appoint counsel for indigent defendants in the county determines for purposes of a criminal proceeding that a defendant charged with or appealing a conviction of a felony or a misdemeanor punishable by confinement is indigent or that the interests of justice require representation of a defendant in the proceeding, the court or the courts' designee shall appoint one or more practicing attorneys to represent the defendant in accordance with this subsection and the procedures adopted under Subsection (a). If the court or the courts' designee determines that the defendant does not speak and understand the English language or that the defendant is deaf, the court or the courts' designee shall make an effort to appoint an attorney who is capable of communicating in a language understood by the defendant.

(d) A public appointment list from which an attorney is appointed as required by Subsection (a) shall contain the names of qualified attorneys, each of whom:

(1) applies to be included on the list;

(2) meets the objective qualifications specified by the judges under Subsection (e);

(3) meets any applicable qualifications specified by the Texas Indigent Defense Commission; and

(4) is approved by a majority of the judges who established the appointment list under Subsection (e).

(e) In a county in which a court is required under Subsection (a) to appoint an attorney from a public appointment list:

(1) the judges of the county courts and statutory county courts trying misdemeanor cases in the county, by formal action:

(A) shall:

(i) establish a public appointment list of attorneys qualified to provide representation in the county in misdemeanor cases punishable by confinement; and

(ii) specify the objective qualifications necessary for an attorney to be included on the list; and

(B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys' qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(2) the judges of the district courts trying felony cases in the county, by formal action:

(A) shall:

(i) establish a public appointment list of attorneys qualified to provide representation in felony cases in the county; and

(ii) specify the objective qualifications necessary for an attorney to be included on the list; and

(B) may establish, if determined by the judges to be appropriate, more than one appointment list graduated according to the degree of seriousness of the offense, the attorneys' qualifications, and whether representation will be provided in trial court proceedings, appellate proceedings, or both.

(f) In a county with a public defender's office, the court or the courts' designee shall give priority in appointing that office to represent the defendant in the criminal proceeding, including a proceeding in a capital murder case. However, the court is not required to appoint the public defender's office if:

(1) the court makes a finding of good cause for appointing other counsel, provided that in a capital murder case, the court makes a finding of good cause on the record for appointing that counsel;

(2) the appointment would be contrary to the office's written plan under Article 26.044;

(3) the office is prohibited from accepting the appointment under Article 26.044(j); or

(4) a managed assigned counsel program also exists in the county and an attorney will be appointed under that program.

(f-1) In a county in which a managed assigned counsel program is operated in accordance with Article 26.047, the managed assigned counsel program may appoint counsel to represent the defendant in accordance with the guidelines established for the program.

(g) A countywide alternative program for appointing counsel for indigent defendants in criminal cases is established by a formal action in which two-thirds of the judges

of the courts designated under this subsection vote to establish the alternative program. An alternative program for appointing counsel in misdemeanor and felony cases may be established in the manner provided by this subsection by the judges of the county courts, statutory county courts, and district courts trying criminal cases in the county. An alternative program for appointing counsel in misdemeanor cases may be established in the manner provided by this subsection by the judges of the county courts and statutory county courts trying criminal cases in the county. An alternative program for appointing counsel in felony cases may be established in the manner provided by this subsection by the judges of the district courts trying criminal cases in the county. In a county in which an alternative program is established:

(1) the alternative program may:

(A) use a single method for appointing counsel or a combination of methods; and

(B) use a multicounty appointment list using a system of rotation; and

(2) the procedures adopted under Subsection (a) must ensure that:

(A) attorneys appointed using the alternative program to represent defendants in misdemeanor cases punishable by confinement:

(i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(ii) are approved by a majority of the judges of the county courts and statutory county courts trying misdemeanor cases in the county;

(B) attorneys appointed using the alternative program to represent defendants in felony cases:

(i) meet specified objective qualifications for that representation, which may be graduated according to the degree of seriousness of the offense and whether representation will be provided in trial court proceedings, appellate proceedings, or both; and

(ii) are approved by a majority of the judges of the district courts trying felony cases in the county;

(C) appointments for defendants in capital cases in which the death penalty is sought comply with the requirements of Article 26.052; and

(D) appointments are reasonably and impartially allocated among qualified attorneys.

(h) Subject to Subsection (f), in a county in which an alternative program for appointing counsel is established as provided by Subsection (g) and is approved by the presiding judge of the administrative judicial region, a court or the courts' designee may appoint an attorney to represent an indigent defendant by using the alternative program. In establishing an alternative program under Subsection (g), the judges of the courts establishing the program may not, without the approval of the commissioners court, obligate the county by contract or by the creation of new positions that cause an increase in expenditure of county funds.

(i) Subject to Subsection (f), a court or the courts' designee required under Subsection (c) to appoint an attorney to represent a defendant accused or convicted of a felony may appoint an attorney from any county located in the court's administrative judicial region.

(j) An attorney appointed under this article shall:

(1) make every reasonable effort to contact the defendant not later than the end of the first working day after the date on which the attorney is appointed and to interview the defendant as soon as practicable after the attorney is appointed;

(2) represent the defendant until charges are dismissed, the defendant is acquitted, appeals are exhausted, or the attorney is permitted or ordered by the court to withdraw as counsel for the defendant after a finding of good cause is entered on the record;

(3) with respect to a defendant not represented by other counsel, before withdrawing as counsel for the defendant after a trial or the entry of a plea of guilty:

(A) advise the defendant of the defendant's right to file a motion for new trial and a notice of appeal;

(B) if the defendant wishes to pursue either or both remedies described by Paragraph (A), assist the defendant in requesting the prompt appointment of replacement counsel; and

(C) if replacement counsel is not appointed promptly and the defendant wishes to pursue an appeal, file a timely notice of appeal; and

(4) not later than October 15 of each year and on a form prescribed by the Texas Indigent Defense Commission, submit to the county information, for the preceding fiscal year, that describes the percentage of the attorney's practice time that was dedicated to work based on appointments accepted in the county under this article and Title 3, Family Code.

(k) A court may replace an attorney who violates Subsection (j)(1) with other counsel. A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove from consideration for appointment an attorney who intentionally or repeatedly violates Subsection (j)(1).

(*l*) Procedures adopted under Subsection (a) must include procedures and financial standards for determining whether a defendant is indigent. The procedures and standards shall apply to each defendant in the county equally, regardless of whether the defendant is in custody or has been released on bail.

(m) In determining whether a defendant is indigent, the court or the courts' designee may consider the defendant's income, source of income, assets, property owned, outstanding obligations, necessary expenses, the number and ages of dependents, and spousal income that is available to the defendant. The court or the courts' designee may not consider whether the defendant has posted or is capable of posting bail, except to the extent that it reflects the defendant's financial circumstances as measured by the considerations listed in this subsection.

(n) A defendant who requests a determination of indigency and appointment of counsel shall:

(1) complete under oath a questionnaire concerning his financial resources;

(2) respond under oath to an examination regarding his financial resources by the judge or magistrate re-

sponsible for determining whether the defendant is indigent; or

(3) complete the questionnaire and respond to examination by the judge or magistrate.

(o) Before making a determination of whether a defendant is indigent, the court shall request the defendant to sign under oath a statement substantially in the following form: "On this ____ day of ________, 20 ____, I have been advised by the (name of the court) Court of my right to representation by counsel in connection with the charge pending against me. I am without means to employ counsel of my own choosing and I hereby request the court to appoint counsel for me. (signature of the defendant)"

(p) A defendant who is determined by the court to be indigent is presumed to remain indigent for the remainder of the proceedings in the case unless a material change in the defendant's financial circumstances occurs. If there is a material change in financial circumstances after a determination of indigency or nonindigency is made, the defendant, the defendant's counsel, or the attorney representing the state may move for reconsideration of the determination.

(q) A written or oral statement elicited under this article or evidence derived from the statement may not be used for any purpose, except to determine the defendant's indigency or to impeach the direct testimony of the defendant. This subsection does not prohibit prosecution of the defendant under Chapter 37, Penal Code.

(r) A court may not threaten to arrest or incarcerate a person solely because the person requests the assistance of counsel.

The commissioners courts of two or more counties may enter into a written agreement to jointly create or designate and jointly fund a regional public defender's office. In creating or designating a public defender's office under this subsection, the commissioners court shall specify or the commissioners courts shall jointly specify, if creating or designating a regional public defender's office:

(1) the duties of the public defender's office;

(2) the types of cases to which the public defender's office may be appointed under Article 26.04(f) and the courts in which an attorney employed by the public defender's office may be required to appear;

(d) After considering each proposal for the public defender's office submitted by a nonprofit corporation under Subsection (c), the commissioners court or commissioners courts shall select a proposal that reasonably demonstrates that the public defender's office will provide adequate quality representation for indigent defendants in the county or counties.

(e) The total cost of the proposal under Subsection (c) may not be the sole consideration in selecting a proposal.

(f) A public defender's office must be directed by a chief public defender who:

(1) is a member of the State Bar of Texas;

(2) has practiced law for at least three years; and

(2) the public defender's office has insufficient resources to provide adequate representation for the defendant;

(3) the public defender's office is incapable of providing representation for the defendant in accordance with the rules of professional conduct;

(5) the public defender's office shows other good cause for not accepting the appointment.

(j-1) On refusing an appointment under Subsection (j), a chief public defender shall file with the court a written statement that identifies any reason for refusing the appointment. The court shall determine whether the chief public defender has demonstrated adequate good cause for refusing the appointment and shall include the statement with the papers in the case.

(j-2) A chief public defender may not be terminated, removed, or sanctioned for refusing in good faith to accept an appointment under Subsection (j).

(k) The judge may remove from a case a person who violates a provision of Subsection (i).

(*l*) A public defender's office may investigate the financial condition of any person the public defender's office is appointed to represent. The commissioners courts of two or more counties may enter into a written agreement to jointly appoint and fund a governmental entity, nonprofit corporation, or bar association to operate a managed assigned counsel program. In appointing an entity to operate a managed assigned counsel program under this subsection, the commissioners court shall specify or the commissioners courts shall jointly specify:

(1) the types of cases in which the program may appoint counsel under Article 26.04 of this code or Section 51.10, Family Code, and the courts in which the counsel appointed by the program may be required to appear; and

Art. 26.05. Compensation of Counsel Appointed to Defend.

(a) A counsel, other than an attorney with a public defender's office or an attorney employed by the office of capital and forensic writs, appointed to represent a defendant in a criminal proceeding, including a habeas corpus hearing, shall be paid a reasonable attorney's fee for performing the following services, based on the time and labor required, the complexity of the case, and the experience and ability of the appointed counsel:

(1) time spent in court making an appearance on behalf of the defendant as evidenced by a docket entry, time spent in trial, and time spent in a proceeding in which sworn oral testimony is elicited;

(2) reasonable and necessary time spent out of court on the case, supported by any documentation that the court requires;

(3) preparation of an appellate brief and preparation and presentation of oral argument to a court of appeals or the Court of Criminal Appeals; and

(4) preparation of a motion for rehearing.

(b) All payments made under this article shall be paid in accordance with a schedule of fees adopted by formal action of the judges of the county courts, statutory county courts, and district courts trying criminal cases in each county. On adoption of a schedule of fees as provided by this subsection, a copy of the schedule shall be sent to the commissioners court of the county.

(c) Each fee schedule adopted shall state reasonable fixed rates or minimum and maximum hourly rates, taking into consideration reasonable and necessary overhead costs and the availability of qualified attorneys willing to accept the stated rates, and shall provide a form for the appointed counsel to itemize the types of services performed. No payment shall be made under this article until the form for itemizing the services performed is submitted to the judge presiding over the proceedings or, if the county operates a managed assigned counsel program under Article 26.047, to the director of the program, and until the judge or director, as applicable, approves the payment. If the judge or director disapproves the requested amount of payment, the judge or director shall make written findings stating the amount of payment that the judge or director approves and each reason for approving an amount different from the requested amount. An attorney whose request for payment is disapproved or is not otherwise acted on by the 60th day after the date the request for payment is submitted may appeal the disapproval or failure to act by filing a motion with the presiding judge of the administrative judicial region. On the filing of a motion, the presiding judge of the administrative judicial region shall review the disapproval of payment or failure to act and determine the appropriate amount of payment. In reviewing the disapproval or failure to act, the presiding judge of the administrative judicial region may conduct a hearing. Not later than the 45th day after the date an application for payment of a fee is submitted under this article, the commissioners court shall pay to the appointed counsel the amount that is approved by the presiding judge of the administrative judicial region and that is in accordance with the fee schedule for that county.

(d) A counsel in a noncapital case, other than an attorney with a public defender's office, appointed to represent a defendant under this code shall be reimbursed for

reasonable and necessary expenses, including expenses for investigation and for mental health and other experts. Expenses incurred with prior court approval shall be reimbursed in the same manner provided for capital cases by Articles 26.052(f) and (g), and expenses incurred without prior court approval shall be reimbursed in the manner provided for capital cases by Article 26.052(h).

(e) A majority of the judges of the county courts and statutory county courts or the district courts, as appropriate, trying criminal cases in the county may remove an attorney from consideration for appointment if, after a hearing, it is shown that the attorney submitted a claim for legal services not performed by the attorney.

(f) All payments made under this article shall be paid from the general fund of the county in which the prosecution was instituted or habeas corpus hearing held and may be included as reimbursement fees.

(g) If the judge determines that a defendant has financial resources that enable the defendant to offset in part or in whole the costs of the legal services provided to the defendant in accordance with Article 1.051(c) or (d), including any expenses and costs, the judge shall order the defendant to pay during the pendency of the charges or, if convicted, as a reimbursement fee the amount that the judge finds the defendant is able to pay. The defendant may not be ordered to pay an amount that exceeds:

(1) the actual costs, including any expenses and costs, paid by the county for the legal services provided by an appointed attorney; or

(2) if the defendant was represented by a public defender's office, the actual amount, including any expenses and costs, that would have otherwise been paid to an appointed attorney had the county not had a public defender's office.

(g-1) (1) This subsection applies only to a defendant who at the time of sentencing to confinement or placement on community supervision, including deferred adjudication community supervision, did not have the financial resources to pay the maximum amount described by Subsection (g)(1) or (2), as applicable, for legal services provided to the defendant.

(2) At any time during a defendant's sentence of confinement or period of community supervision, the judge, after providing written notice to the defendant and an opportunity for the defendant to present information relevant to the defendant's ability to pay, may order a defendant to whom this subsection applies to pay any unpaid portion of the amount described by Subsection (g)(1) or (2), as applicable, if the judge determines that the defendant has the financial resources to pay the additional portion.

(3) The judge may amend an order entered under Subdivision (2) if, subsequent to the judge's determination under that subdivision, the judge determines that the defendant is indigent or demonstrates an inability to pay the amount ordered.

(4) In making a determination under this subsection, the judge may only consider the information a court or courts' designee is authorized to consider in making an indigency determination under Article 26.04(m).

(5) Notwithstanding any other law, the judge may not revoke or extend the defendant's period of community supervision solely to collect the amount the defendant has been ordered to pay under this subsection.

(h) Reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

The board shall pay all fees and costs associated with providing legal representation for those inmates.

(f) [Repealed by Acts 1993, 73rd Leg., ch. 988 (S.B. 532), § 7.02, effective September 1, 1993.]

(g) The court shall appoint an attorney other than an attorney provided by the board if the court determines for any of the following reasons that a conflict of interest could arise from the use of an attorney provided by the board under Subsection (e) of this article:

(1) the case involves more than one inmate and the representation of more than one inmate could impair the attorney's effectiveness;

(2) the case is appealed and the court is satisfied that conflict of interest would prevent the presentation of a good faith allegation of ineffective assistance of counsel by a trial attorney provided by the board; or

(3) any conflict of interest exists under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas that precludes representation by an attorney appointed by the board.

(h) When the court appoints an attorney other than an attorney provided by the board:

(1) except as otherwise provided by this article, the inmate's legal defense is subject to Articles 1.051, 26.04, 26.05, and 26.052, as applicable; and

(2) the county in which a facility of the correctional institutions division or a correctional facility authorized by Section 495.001, Government Code, is located shall pay from its general fund the total costs of the aggregate amount allowed and awarded by the court for attorney compensation and expenses under Article 26.05 or 26.052, as applicable.

(i) The state shall reimburse a county for attorney compensation and expenses awarded under Subsection (h). A court seeking reimbursement for a county shall certify to the comptroller of public accounts the amount of compensation and expenses for which the county is entitled to be reimbursed under this article. Not later than the 60th day after the date the comptroller receives from the court the request for reimbursement, the comptroller shall issue a warrant to the county in the amount certified by the court.

Art. 26.052. Appointment of Counsel in Death Penalty Case; Reimbursement of Investigative Expenses.

(a) Notwithstanding any other provision of this chapter, this article establishes procedures in death penalty cases for appointment and payment of counsel to represent indigent defendants at trial and on direct appeal and to apply for writ of certiorari in the United States Supreme Court.

(b) If a county is served by a public defender's office, trial counsel and counsel for direct appeal or to apply for a writ of certiorari may be appointed as provided by the guidelines established by the public defender's office. In all other cases in which the death penalty is sought, counsel shall be appointed as provided by this article.

(c) A local selection committee is created in each administrative judicial region created under Section 74.042, Government Code. The administrative judge of the judicial region shall appoint the members of the committee. A committee shall have not less than four members, including:

(1) the administrative judge of the judicial region;

(2) at least one district judge;

(3) a representative from the local bar association; and

(4) at least one practitioner who is board certified by the State Bar of Texas in criminal law.

(d) (1) The committee shall adopt standards for the qualification of attorneys to be appointed to represent indigent defendants in capital cases in which the death penalty is sought.

(2) The standards must require that a trial attorney appointed as lead counsel to a capital case:

(A) be a member of the State Bar of Texas;

(B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;

(C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney's ability to provide effective representation;

(D) have at least five years of criminal law experience;

(E) have tried to a verdict as lead defense counsel a significant number of felony cases, including homicide trials and other trials for offenses punishable as second or first degree felonies or capital felonies;

(F) have trial experience in:

(i) the use of and challenges to mental health or forensic expert witnesses; and

(ii) investigating and presenting mitigating evidence at the penalty phase of a death penalty trial; and

(G) have participated in continuing legal education courses or other training relating to criminal defense in death penalty cases.

(3) The standards must require that an attorney appointed as lead appellate counsel in the direct appeal of a capital case:

(A) be a member of the State Bar of Texas;

(B) exhibit proficiency and commitment to providing quality representation to defendants in death penalty cases;

(C) have not been found by a federal or state court to have rendered ineffective assistance of counsel during the trial or appeal of any capital case, unless the local selection committee determines under Subsection (n) that the conduct underlying the finding no longer accurately reflects the attorney's ability to provide effective representation;

(D) have at least five years of criminal law experience;

(E) have authored a significant number of appellate briefs, including appellate briefs for homicide cases and other cases involving an offense punishable as a capital felony or a felony of the first degree or an offense described by Article 42A.054(a);

(F) have trial or appellate experience in:

(i) the use of and challenges to mental health or forensic expert witnesses; and

(ii) the use of mitigating evidence at the penalty phase of a death penalty trial; and

(G) have participated in continuing legal education courses or other training relating to criminal defense in appealing death penalty cases.

(4) The committee shall prominently post the standards in each district clerk's office in the region with a list of attorneys qualified for appointment.

(5) Not later than the second anniversary of the date an attorney is placed on the list of attorneys qualified for appointment in death penalty cases and each year following the second anniversary, the attorney must present proof to the committee that the attorney has successfully completed the minimum continuing legal education requirements of the State Bar of Texas, including a course or other form of training relating to criminal defense in death penalty cases or in appealing death penalty cases, as applicable. The committee shall remove the attorney's name from the list of qualified attorneys if the attorney fails to provide the committee with proof of completion of the continuing legal education requirements.

(e) The presiding judge of the district court in which a capital felony case is filed shall appoint two attorneys, at least one of whom must be qualified under this chapter, to represent an indigent defendant as soon as practicable after charges are filed, unless the state gives notice in writing that the state will not seek the death penalty.

(f) Appointed counsel may file with the trial court a pretrial ex parte confidential request for advance payment of expenses to investigate potential defenses. The request for expenses must state:

(1) the type of investigation to be conducted;

(2) specific facts that suggest the investigation will result in admissible evidence; and

(3) an itemized list of anticipated expenses for each investigation.

(g) The court shall grant the request for advance payment of expenses in whole or in part if the request is reasonable. If the court denies in whole or in part the request for expenses, the court shall:

(1) state the reasons for the denial in writing;

(2) attach the denial to the confidential request; and

(3) submit the request and denial as a sealed exhibit to the record.

(h) Counsel may incur expenses without prior approval of the court. On presentation of a claim for reimbursement, the court shall order reimbursement of counsel for the expenses, if the expenses are reasonably necessary and reasonably incurred.

(i) If the indigent defendant is convicted of a capital felony and sentenced to death, the defendant is entitled to be represented by competent counsel on appeal and to apply for a writ of certiorari to the United States Supreme Court.

(j) As soon as practicable after a death sentence is imposed in a capital felony case, the presiding judge of the convicting court shall appoint counsel to represent an indigent defendant on appeal and to apply for a writ of certiorari, if appropriate.

(k) The court may not appoint an attorney as counsel on appeal if the attorney represented the defendant at trial, unless:

(1) the defendant and the attorney request the appointment on the record; and

(2) the court finds good cause to make the appointment.

(*l*) An attorney appointed under this article to represent a defendant at trial or on direct appeal is compensated as provided by Article 26.05 from county funds. Advance payment of expenses anticipated or reimbursement of expenses incurred for purposes of investigation or expert testimony may be paid directly to a private investigator licensed under Chapter 1702, Occupations Code, or to an expert witness in the manner designated by appointed counsel and approved by the court.

(m) The local selection committee shall annually review the list of attorneys posted under Subsection (d) to ensure that each listed attorney satisfies the requirements under this chapter.

(n) At the request of an attorney, the local selection committee shall make a determination under Subsection (d)(2)(C) or (3)(C), as applicable, regarding an attorney's current ability to provide effective representation following a judicial finding that the attorney previously rendered ineffective assistance of counsel in a capital case.

Art. 26.13. Plea of Guilty.

(a) Prior to accepting a plea of guilty or a plea of nolo contendere, the court shall admonish the defendant of:

(1) the range of the punishment attached to the offense;

(2) the fact that the recommendation of the prosecuting attorney as to punishment is not binding on the court. Provided that the court shall inquire as to the existence of a plea bargain agreement between the state and the defendant and, if an agreement exists, the court shall inform the defendant whether it will follow or reject the agreement in open court and before any finding on the plea. Should the court reject the agreement, the defendant shall be permitted to withdraw the defendant's plea of guilty or nolo contendere;

(3) the fact that if the punishment assessed does not exceed the punishment recommended by the prosecutor and agreed to by the defendant and the defendant's attorney, the trial court must give its permission to the defendant before the defendant may prosecute an appeal on any matter in the case except for those matters raised by written motions filed prior to trial;

(4) the fact that if the defendant is not a citizen of the United States of America, a plea of guilty or nolo contendere for the offense charged may result in deportation, the exclusion from admission to this country, or the denial of naturalization under federal law;

(5) the fact that the defendant will be required to meet the registration requirements of Chapter 62, if the defendant is convicted of or placed on deferred adjudi-

cation for an offense for which a person is subject to registration under that chapter; and

(6) the fact that if the defendant is placed on community supervision, after satisfactorily fulfilling the conditions of community supervision and on expiration of the period of community supervision, the court is authorized to release the defendant from the penalties and disabilities resulting from the offense as provided by Article 42A.701(f).

(b) No plea of guilty or plea of nolo contendere shall be accepted by the court unless it appears that the defendant is mentally competent and the plea is free and voluntary.

(c) In admonishing the defendant as herein provided, substantial compliance by the court is sufficient, unless the defendant affirmatively shows that he was not aware of the consequences of his plea and that he was misled or harmed by the admonishment of the court.

(d) Except as provided by Subsection (d-1), the court may make the admonitions required by this article either orally or in writing. If the court makes the admonitions in writing, it must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonitions and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make the admonitions orally.

(d-1) The court shall make the admonition required by Subsection (a)(4) both orally and in writing. Unless the court has received the statement as described by Subsection (d), the court must receive a statement signed by the defendant and the defendant's attorney that the defendant understands the admonition required by Subsection (a)(4) and is aware of the consequences of the plea. If the defendant is unable or refuses to sign the statement, the court shall make a record of that fact.

(e) Before accepting a plea of guilty or a plea of nolo contendere, the court shall, as applicable in the case:

(1) inquire as to whether a victim impact statement has been returned to the attorney representing the state and ask for a copy of the statement if one has been returned; and

(2) inquire as to whether the attorney representing the state has given notice of the existence and terms of any plea bargain agreement to the victim, guardian of a victim, or close relative of a deceased victim, as those terms are defined by Article 56A.001.

(f) The court must substantially comply with Subsection (e) of this article. The failure of the court to comply with Subsection (e) of this article is not grounds for the defendant to set aside the conviction, sentence, or plea.

(g) Before accepting a plea of guilty or a plea of nolo contendere and on the request of a victim of the offense, the court may assist the victim and the defendant in participating in a victim-offender mediation program.

(h) The court must substantially comply with Subsection (a)(5). The failure of the court to comply with Subsection (a)(5) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(h-1) The court must substantially comply with Subsection (a)(6). The failure of the court to comply with Subsection (a)(6) is not a ground for the defendant to set aside the conviction, sentence, or plea.

(i) Notwithstanding this article, a court shall not order the state or any of its prosecuting attorneys to participate in mediation, dispute resolution, arbitration, or other similar procedures in relation to a criminal prosecution unless upon written consent of the state.

CHAPTER 35

Formation of the Jury

Article
35.16. Reasons for Challenge for Cause.

Art. 35.16. Reasons for Challenge for Cause.

(a) A challenge for cause is an objection made to a particular juror, alleging some fact which renders the juror incapable or unfit to serve on the jury. A challenge for cause may be made by either the state or the defense for any one of the following reasons:

1. That the juror is not a qualified voter in the state and county under the Constitution and laws of the state; provided, however, the failure to register to vote shall not be a disqualification;
2. That the juror has been convicted of misdemeanor theft or a felony;
3. That the juror is under indictment or other legal accusation for misdemeanor theft or a felony;
4. That the juror is insane;
5. That the juror has such defect in the organs of feeling or hearing, or such bodily or mental defect or disease as to render the juror unfit for jury service, or that the juror is legally blind and the court in its discretion is not satisfied that the juror is fit for jury service in that particular case;
6. That the juror is a witness in the case;
7. That the juror served on the grand jury which found the indictment;
8. That the juror served on a petit jury in a former trial of the same case;
9. That the juror has a bias or prejudice in favor of or against the defendant;
10. That from hearsay, or otherwise, there is established in the mind of the juror such a conclusion as to the guilt or innocence of the defendant as would influence the juror in finding a verdict. To ascertain whether this cause of challenge exists, the juror shall first be asked whether, in the juror's opinion, the conclusion so established will influence the juror's verdict. If the juror answers in the affirmative, the juror shall be discharged without further interrogation by either party or the court. If the juror answers in the negative, the juror shall be further examined as to how the juror's conclusion was formed, and the extent to which it will affect the juror's action; and, if it appears to have been formed from reading newspaper accounts, communications, statements or reports or mere rumor or hearsay, and if the juror states that the juror feels able, notwithstanding such opinion, to render an impartial verdict upon the law and the evidence, the court, if satisfied that the juror is impartial and will render such verdict, may, in its discretion, admit the juror as competent to serve in such case. If the court, in its discretion, is not satisfied that the juror is impartial, the juror shall be discharged;
11. That the juror cannot read or write.

No juror shall be impaneled when it appears that the juror is subject to the second, third or fourth grounds of challenge for cause set forth above, although both parties may consent. All other grounds for challenge may be waived by the party or parties in whose favor such grounds of challenge exist.

In this subsection "legally blind" shall mean having not more than 20/200 of visual acuity in the better eye with correcting lenses, or visual acuity greater than 20/200 but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(b) A challenge for cause may be made by the State for any of the following reasons:

1. That the juror has conscientious scruples in regard to the infliction of the punishment of death for crime, in a capital case, where the State is seeking the death penalty;
2. That he is related within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code, to the defendant; and
3. That he has a bias or prejudice against any phase of the law upon which the State is entitled to rely for conviction or punishment.

(c) A challenge for cause may be made by the defense for any of the following reasons:

1. That he is related within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code, to the person injured by the commission of the offense, or to any prosecutor in the case; and
2. That he has a bias or prejudice against any of the law applicable to the case upon which the defense is entitled to rely, either as a defense to some phase of the offense for which the defendant is being prosecuted or as a mitigation thereof or of the punishment therefor.

(a) When a motion for appointment of an interpreter is filed by any party or on motion of the court, in any criminal proceeding, it is determined that a person charged or a witness does not understand and speak the English language, an interpreter must be sworn to interpret for the person charged or the witness. Any person may be subpoenaed, attached or recognized in any criminal action or proceeding, to appear before the proper judge or court to act as interpreter therein, under the same rules and penalties as are provided for witnesses. In the event that the only available interpreter is not considered to possess adequate interpreting skills for the particular situation or the interpreter is not familiar with use of slang, the person charged or witness may be permitted by the court to nominate another person to act as intermediary between the person charged or witness and the appointed interpreter during the proceedings.

(a-1) A qualified telephone interpreter may be sworn to interpret for the person in any criminal proceeding before a judge or magistrate if an interpreter is not available to appear in person at the proceeding or if the only available interpreter is not considered to possess adequate interpreting skills for the particular situation or is unfamiliar with the use of slang. In this subsection, "qualified telephone interpreter" means a telephone service that employs:

(1) licensed court interpreters as defined by Section 157.001, Government Code; or

(c) A county commissioners court may set a payment schedule and expend funds for the services of interpreters in excess of the daily amount of not less than $15 or more than $100 established by Subsection (b) of this article.

(a) If the court is notified by a party that the defendant is deaf and will be present at an arraignment, hearing, examining trial, or trial, or that a witness is deaf and will be called at a hearing, examining trial, or trial, the court shall appoint a qualified interpreter to interpret the proceedings in any language that the deaf person can understand, including but not limited to sign language. On the court's motion or the motion of a party, the court may order testimony of a deaf witness and the interpretation of that testimony by the interpreter visually, electronically recorded for use in verification of the transcription of the reporter's notes. communications concerning the case between the defendant and defense counsel. The interpreter may not disclose a communication between the defendant and defense counsel or a fact that came to the attention of the interpreter while interpreting those communications if defense counsel may not disclose that communication or fact.

(c) In all cases where the mental condition of a person is being considered and where such person may be committed to a mental institution, and where such person is deaf, all of the court proceedings pertaining to him shall be interpreted by a qualified interpreter appointed by the court.

(d) A proceeding for which an interpreter is required to be appointed under this Article may not commence until the appointed interpreter is in a position not exceeding ten feet from and in full view of the deaf person.

(e) The interpreter appointed under the terms of this Article shall be required to take an oath that he will make a true interpretation to the person accused or being examined, which person is deaf, of all the proceedings of his case in a language that he understands; and that he will repeat said deaf person's answer to questions to counsel, court, or jury, in the English language, in his best skill and judgment.

(f) Interpreters appointed under this Article are entitled to a reasonable fee determined by the court after considering the recommendations of the Texas Commission for the Deaf and Hard of Hearing. When travel of the interpreter is involved all the actual expenses of travel, lodging, and meals incurred by the interpreter pertaining to the case he is appointed to serve shall be paid at the same rate applicable to state employees.

Art. 42.03. Pronouncing Sentence; Time; Credit for Time Spent in Jail Between Arrest and Sentence or Pending Appeal.

Sec. 1. (a) Except as provided in Article 42.14, sentence shall be pronounced in the defendant's presence.

(b) The court shall permit a victim, close relative of a deceased victim, or guardian of a victim, as defined by Article 56A.001, to appear in person to present to the court and to the defendant a statement of the person's views about the offense, the defendant, and the effect of the offense on the victim. The victim, relative, or guardian may not direct questions to the defendant while making the statement. The court reporter may not transcribe the statement. The statement must be made:

(1) after punishment has been assessed and the court has determined whether or not to grant community supervision in the case;

(2) after the court has announced the terms and conditions of the sentence; and

(3) after sentence is pronounced.

(c) The court may not impose a limit on the number of victims, close relatives, or guardians who may appear and present statements under Subsection (b) unless the court finds that additional statements would unreasonably delay the proceeding.

Sec. 2. (a) In all criminal cases the judge of the court in which the defendant is convicted shall give the defendant credit on the defendant's sentence for the time that the defendant has spent:

(1) in jail for the case, including confinement served as described by Article 46B.009 and excluding confinement served as a condition of community supervision, from the time of his arrest and confinement until his sentence by the trial court;

(2) in a substance abuse treatment facility operated by the Texas Department of Criminal Justice under Section 493.009, Government Code, or another court-ordered residential program or facility as a condition of deferred adjudication community supervision granted in the case if the defendant successfully completes the treatment program at that facility; or

(3) confined in a mental health facility or residential care facility as described by Article 46B.009.

(b) In all revocations of a suspension of the imposition of a sentence the judge shall enter the restitution due and owing on the date of the revocation.

Sec. 3. If a defendant appeals his conviction, is not released on bail, and is retained in a jail as provided in Section 7, Article 42.09, pending his appeal, the judge of the court in which the defendant was convicted shall give the defendant credit on his sentence for the time that the defendant has spent in jail pending disposition of his appeal. The court shall endorse on both the commitment and the mandate from the appellate court all credit given the defendant under this section, and the Texas Depart-

ment of Criminal Justice shall grant the credit in computing the defendant's eligibility for parole and discharge.

Sec. 4. When a defendant who has been sentenced to imprisonment in the Texas Department of Criminal Justice has spent time in jail pending trial and sentence or pending appeal, the judge of the sentencing court shall direct the sheriff to attach to the commitment papers a statement assessing the defendant's conduct while in jail.

Sec. 5. Except as otherwise provided by Article 42A.106(b), the court after pronouncing the sentence shall inform the defendant of the defendant's right to petition the court for an order of nondisclosure of criminal history record information under Subchapter E-1, Chapter 411, Government Code, unless the defendant is ineligible to pursue that right because of the requirements that apply to obtaining the order in the defendant's circumstances, such as:

(1) the nature of the offense for which the defendant is convicted; or

(2) the defendant's criminal history.

Art. 42.09. Commencement of Sentence; Status During Appeal; Pen Packet.

Sec. 1. Except as provided in Sections 2 and 3, a defendant shall be delivered to a jail or to the Texas Department of Criminal Justice when his sentence is pronounced, or his sentence to death is announced, by the court. The defendant's sentence begins to run on the day it is pronounced, but with all credits, if any, allowed by Article 42.03.

Sec. 2. If a defendant appeals his conviction and is released on bail pending disposition of his appeal, when his conviction is affirmed, the clerk of the trial court, on receipt of the mandate from the appellate court, shall issue a commitment against the defendant. The officer executing the commitment shall endorse thereon the date he takes the defendant into custody and the defendant's sentence begins to run from the date endorsed on the commitment. The Texas Department of Criminal Justice shall admit the defendant named in the commitment on the basis of the commitment.

Sec. 3. If a defendant convicted of a felony is sentenced to death or to life in the Texas Department of Criminal Justice or is ineligible for release on bail pending appeal under Article 44.04(b) and gives notice of appeal, the defendant shall be transferred to the department on a commitment pending a mandate from the court of appeals or the Court of Criminal Appeals.

Sec. 4. If a defendant is convicted of a felony, is eligible for release on bail pending appeal under Article 44.04(b), and gives notice of appeal, he shall be transferred to the Texas Department of Criminal Justice on a commitment pending a mandate from the Court of Appeals or the Court of Criminal Appeals upon request in open court or upon written request to the sentencing court. Upon a valid transfer to the department under this section, the defendant may not thereafter be released on bail pending his appeal.

Sec. 5. If a defendant is transferred to the Texas Department of Criminal Justice pending appeal under Section 3 or 4, his sentence shall be computed as if no appeal had been taken if the appeal is affirmed.

Sec. 6. All defendants who have been transferred to the Texas Department of Criminal Justice pending the appeal of their convictions under this article shall be under the control and authority of the department for all purposes as if no appeal were pending.

Sec. 7. If a defendant is sentenced to a term of imprisonment in the Texas Department of Criminal Justice but is not transferred to the department under Section 3 or 4, the court, before the date on which it would lose jurisdiction under Article 42A.202(a), shall send to the department a document containing a statement of the date on which the defendant's sentence was pronounced and credits earned by the defendant under Article 42.03 as of the date of the statement.

Sec. 8. (a) A county that transfers a defendant to the Texas Department of Criminal Justice under this article shall deliver to an officer designated by the department:

(1) a copy of the judgment entered pursuant to Article 42.01, completed on a standardized felony judgment form described by Section 4 of that article;

(2) a copy of any order revoking community supervision and imposing sentence pursuant to Article 42A.755, including:

(A) any amounts owed for restitution, fines, and court costs, completed on a standardized felony judgment form described by Section 4, Article 42.01; and

(B) a copy of the client supervision plan prepared for the defendant by the community supervision and corrections department supervising the defendant, if such a plan was prepared;

(3) a written report that states the nature and the seriousness of each offense and that states the citation to the provision or provisions of the Penal Code or other law under which the defendant was convicted;

(4) a copy of the victim impact statement, if one has been prepared in the case under Subchapter D, Chapter 56A;

(5) a statement as to whether there was a change in venue in the case and, if so, the names of the county prosecuting the offense and the county in which the case was tried;

(6) if requested, information regarding the criminal history of the defendant, including the defendant's state identification number if the number has been issued;

(7) a copy of the indictment or information for each offense;

(8) a checklist sent by the department to the county and completed by the county in a manner indicating that the documents required by this subsection and Subsection (c) accompany the defendant;

(9) if prepared, a copy of a presentence or postsentence report prepared under Subchapter F, Chapter 42A;

(10) a copy of any detainer, issued by an agency of the federal government, that is in the possession of the county and that has been placed on the defendant;

(11) if prepared, a copy of the defendant's Texas Uniform Health Status Update Form;

(12) a written description of a hold or warrant, issued by any other jurisdiction, that the county is aware of and that has been placed on or issued for the defendant; and

(13) a copy of any mental health records, mental health screening reports, or similar information regarding the mental health of the defendant.

(b) The Texas Department of Criminal Justice shall not take a defendant into custody under this article until the designated officer receives the documents required by Subsections (a) and (c) of this section and determines that the documents do not contain any errors or deficiencies requiring corrective action by the county. Not later than the fifth business day after the date of receipt of the documents, the designated officer shall:

(1) certify the documents under the seal of the department if the designated officer determines the documents do not require any corrective action; or

(2) notify the county that the designated officer has determined that the documents require corrective action.

(b-1) A document certified under Subsection (b) is self-authenticated for the purposes of Rules 901 and 902, Texas Rules of Evidence.

(d) The correctional institutions division of the Texas Department of Criminal Justice shall make documents received under Subsections (a) and (c) available to the parole division on the request of the parole division and shall, on release of a defendant on parole or to mandatory supervision, immediately provide the parole division with copies of documents received under Subsection (a). The parole division shall provide to the parole officer appointed to supervise the defendant a comprehensive summary of the information contained in the documents referenced in this section not later than the 14th day after the date of the defendant's release. The summary shall include a current photograph of the defendant and a complete set of the defendant's fingerprints. Upon written request from the county sheriff, the photograph and fingerprints shall be filed with the sheriff of the county to which the parolee is assigned if that county is not the county from which the parolee was sentenced.

(e) A county is not required to deliver separate documents containing information relating to citations to provisions of the Penal Code or other law and to changes of venue, as otherwise required by Subsections (a)(3) and (a)(5) of this article, if the standardized felony judgment form described by Section 4, Article 42.01, of this code is modified to require that information.

(f) Except as provided by Subsection (g) of this section, the county sheriff is responsible for ensuring that documents and information required by this section accompany defendants sentenced by district courts in the county to the Texas Department of Criminal Justice.

(g) If the presiding judge of the administrative judicial region in which the county is located determines that the county sheriff is unable to perform the duties required by Subsection (f) of this section, the presiding judge may impose those duties on:

(1) the district clerk; or

(2) the prosecutor of each district court in the county.

(h) If a parole panel releases on parole a person who is confined in a jail in this state, a federal correctional institution, or a correctional institution in another state, the Texas Department of Criminal Justice shall request the sheriff who would otherwise be required to transfer the person to the department to forward to the department the information described by Subsections (a) and (c) of this section. The sheriff shall comply with the request of the department. The department shall determine whether the information forwarded by the sheriff under this subsection contains a thumbprint taken from the person in the manner provided by Article 38.33 of this code and, if not, the department shall

obtain a thumbprint taken in the manner provided by that article and shall forward the thumbprint to the department for inclusion with the information sent by the sheriff.

(i) A county may deliver the documents required under Subsections (a) and (c) of this section to the Texas Department of Criminal Justice by electronic means. For purposes of this subsection, "electronic means" means the transmission of data between word processors, data processors, or similar automated information equipment over dedicated cables, commercial lines, or other similar methods of transmission.

(j) If after a county transfers a defendant or inmate to the Texas Department of Criminal Justice the charges on which the defendant or inmate was convicted and for which the defendant or inmate was transferred are dismissed, the county shall immediately notify an officer designated by the department of the dismissal.

Sec. 9. A county that transfers a defendant to the Texas Department of Criminal Justice under this article may deliver to an officer designated by the department a certified copy of a final order of a state or federal court that dismisses as frivolous or malicious a lawsuit brought by the inmate while the inmate was confined in the county jail awaiting transfer to the department following conviction of a felony or revocation of community supervision, parole, or mandatory supervision. The county may deliver the copy to the department at the time of the transfer of the inmate or at any time after the transfer of the inmate.

ARTICLE I.

PURPOSE AND POLICY

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment, and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment, and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II.

DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in (d) above may lawfully be confined.

ARTICLE III.

CONTRACTS

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities, and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV.

PROCEDURES AND RIGHTS

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, such official may direct that the confinement be within an institution within the territory of such other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state. However, the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state who are in institutions pursuant to this compact including a conduct record of each inmate and shall certify such record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of the inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which the inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearing as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. The record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this paragraph (f), the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate and the sending and receiving states shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to this compact shall have any rights and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V.

ACT NOT REVIEWABLE IN RECEIVING STATE: EXTRADITION

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, or detention for such offense. The duly accredited officer of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution escaped from is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of

any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI.

FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant thereto. Any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision. However, if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII.

ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of such states upon similar action by such state.

ARTICLE VIII.

WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in the statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawal state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX.

OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair an agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation, or treatment of inmates, nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X.

CONSTRUCTION AND SEVERABILITY

(a) The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(e) A court in a county that operates an electronic monitoring program or contracts with a private vendor to operate an electronic monitoring program under Section 351.904, Local Government Code, or that is served by a community supervision and corrections department that operates an electronic monitoring program approved by the community justice assistance division of the Texas Department of Criminal Justice, may require a defendant who is unable to pay a fine or costs to discharge all or part of the fine or costs by participating in the program. A defendant who participates in an electronic monitoring program under this subsection discharges fines and costs in the same manner as if the defendant were confined in county jail.

(f) A court may require a defendant who is unable to pay a fine or costs to discharge all or part of the fine or costs by performing community service.

(j) A court may not order a defendant to perform more than 16 hours per week of community service under Subsection (f) unless the court determines that requiring the defendant to perform additional hours does not impose an undue hardship on the defendant or the defendant's dependents.

(k) A defendant is considered to have discharged $100 of fines or costs for each eight hours of community service performed under Subsection (f) of this article.

(*l*) A sheriff, employee of a sheriff's department, county commissioner, county employee, county judge, an employee of a community corrections and supervision department, restitution center, or officer or employee of a political subdivision other than a county or an entity that accepts a defendant under this article to perform community service is not liable for damages arising from an act or failure to act in connection with manual labor performed by an inmate or community service performed by a defendant under this article if the act or failure to act:

If the child and the child's parents accept the opportunity for placement in diversion under Article 45.310, the court shall place the child in diversion. If the child and the child's

Art. 45.051. Suspension of Sentence and Deferral of Final Disposition. [Repealed effective January 1, 2025]

(a) On a plea of guilty or nolo contendere by a defendant or on a finding of guilt in a misdemeanor case punishable by fine only and payment of all court costs, the judge may defer further proceedings without entering an adjudication of guilt and place the defendant on probation for a period not to exceed 180 days. In issuing the order of deferral, the judge may impose a fine on the defendant in an amount not to exceed the amount of the fine that could be imposed on the defendant as punishment for the offense. The fine may be collected at any time before the date on which the period of probation ends. The judge may elect not to impose the fine for good cause shown by the defendant. If the judge orders the collection of a fine under this subsection, the judge shall require that the amount of the fine be credited toward the payment of the amount of any fine imposed by the judge as punishment for the offense. An order of deferral under this subsection terminates any liability under a bond given for the charge.

(a-1) Notwithstanding any other provision of law, as an alternative to requiring a defendant charged with one or more offenses to make payment of all fines and court costs as required by Subsection (a), the judge may:

(1) allow the defendant to enter into an agreement for payment of those fines and costs in installments during the defendant's period of probation;

(2) require an eligible defendant to discharge all or part of those fines and costs by performing community service or attending a tutoring program under Article 45.049 or under Article 45.0492, as added by Chapter 227 (H.B. 350), Acts of the 82nd Legislature, Regular Session, 2011;

(3) waive all or part of those fines and costs under Article 45.0491; or

(4) take any combination of actions authorized by Subdivision (1), (2), or (3).

(b) During the deferral period, the judge may require the defendant to:

(1) post a bond in the amount of the fine assessed as punishment for the offense to secure payment of the fine;

(2) pay restitution to the victim of the offense in an amount not to exceed the fine assessed as punishment for the offense;

(3) submit to professional counseling;

(4) submit to diagnostic testing for alcohol or a controlled substance or drug;

(5) submit to a psychosocial assessment;

(6) successfully complete an alcohol awareness or substance misuse treatment or education program, such as:

(A) a substance misuse education program that is designed to educate persons on the dangers of substance misuse in accordance with Section 521.374(a)(1), Transportation Code, and that is regulated by the Texas Department of Licensing and Regulation under Chapter 171, Government Code; or

(7) pay as reimbursement fees the costs of any diagnostic testing, psychosocial assessment, or participation in a treatment or education program either directly or through the court as court costs;

(8) complete a driving safety course approved under Chapter 1001, Education Code, or another course as directed by the judge;

(9) present to the court satisfactory evidence that the defendant has complied with each requirement imposed by the judge under this article; and

(10) comply with any other reasonable condition.

(b-1) If the defendant is younger than 25 years of age and the offense committed by the defendant is a traffic offense classified as a moving violation:

(1) Subsection (b)(8) does not apply;

(2) during the deferral period, the judge shall require the defendant to complete a driving safety course approved under Chapter 1001, Education Code; and

(3) if the defendant holds a provisional license, during the deferral period the judge shall require that the defendant be examined by the Department of Public Safety as required by Section 521.161(b)(2), Transportation Code; a defendant is not exempt from the examination regardless of whether the defendant was examined previously.

(b-2) A person examined as required by Subsection (b-1)(3) must pay a $10 reimbursement fee for the examination.

(b-3) The reimbursement fee collected under Subsection (b-2) must be deposited to the credit of a special account in the general revenue fund and may be used only by the Department of Public Safety for the administration of Chapter 521, Transportation Code.

(c) On determining that the defendant has complied with the requirements imposed by the judge under this article, the judge shall dismiss the complaint, and it shall be clearly noted in the docket that the complaint is dismissed and that there is not a final conviction.

(c-1) If the defendant fails to present within the deferral period satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court shall:

(1) notify the defendant in writing, mailed to the address on file with the court or appearing on the notice to appear, of that failure; and

(2) require the defendant to appear at the time and place stated in the notice to show cause why the order of deferral should not be revoked.

(c-2) On the defendant's showing of good cause for failure to present satisfactory evidence of compliance with the requirements imposed by the judge under this article, the court may allow an additional period during which the defendant may present evidence of the defendant's compliance with the requirements.

(d) If on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an

additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant complied with the requirements imposed, the judge may impose the fine assessed or impose a lesser fine. The imposition of the fine or lesser fine constitutes a final conviction of the defendant. This subsection does not apply to a defendant required under Subsection (b-1) to complete a driving safety course approved under Chapter 1001, Education Code, or an examination under Section 521.161(b)(2), Transportation Code.

(d-1) If the defendant was required to complete a driving safety course or an examination under Subsection (b-1) and on the date of a show cause hearing under Subsection (c-1) or, if applicable, by the conclusion of an additional period provided under Subsection (c-2) the defendant does not present satisfactory evidence that the defendant completed that course or examination, the judge shall impose the fine assessed. The imposition of the fine constitutes a final conviction of the defendant.

(e) Records relating to a complaint dismissed as provided by this article may be expunged under Article 55.01. If a complaint is dismissed under this article, there is not a final conviction and the complaint may not be used against the person for any purpose.

(f) This article does not apply to:

(1) an offense to which Section 542.404, Transportation Code, applies; or

(2) a violation of a state law or local ordinance relating to motor vehicle control, other than a parking violation, committed by a person who:

(A) holds a commercial driver's license; or

(B) held a commercial driver's license when the offense was committed.

(g) If a judge requires a defendant under Subsection (b) to successfully complete an alcohol awareness program or substance misuse education program as described by Subdivision (6) of that subsection, unless the judge determines that the defendant is indigent and unable to pay the cost, the judge shall require the defendant to pay a reimbursement fee for the cost of the program. The judge may allow the defendant to pay the fee in installments during the deferral period.

(c) A female patient must be accompanied by a female attendant.

Art. 46.05. Competency to Be Executed.

(a) A person who is incompetent to be executed may not be executed.

(b) The trial court retains jurisdiction over motions filed by or for a defendant under this article.

(c) A motion filed under this article must identify the proceeding in which the defendant was convicted, give the date of the final judgment, set forth the fact that an execution date has been set if the date has been set, and clearly set forth alleged facts in support of the assertion that the defendant is presently incompetent to be executed. The defendant shall attach affidavits, records, or other evidence supporting the defendant's allegations or shall state why those items are not attached. The defendant shall identify any previous proceedings in which the defendant challenged the defendant's competency in relation to the conviction and sentence in question, including any challenge to the defendant's competency to be executed, competency to stand trial, or sanity at the time of the offense. The motion must be verified by the oath of some person on the defendant's behalf.

(d) On receipt of a motion filed under this article, the trial court shall determine whether the defendant has raised a substantial doubt of the defendant's competency to be executed on the basis of:

(1) the motion, any attached documents, and any responsive pleadings; and

(2) if applicable, the presumption of competency under Subsection (e).

(e) If a defendant is determined to have previously filed a motion under this article, and has previously been determined to be competent to be executed, the previous adjudication creates a presumption of competency and the defendant is not entitled to a hearing on the subsequent motion filed under this article, unless the defendant makes a prima facie showing of a substantial change in circumstances sufficient to raise a significant question as to the defendant's competency to be executed at the time of filing the subsequent motion under this article.

(f) If the trial court determines that the defendant has made a substantial showing of incompetency, the court shall order at least two mental health experts to examine the defendant using the standard described by Subsection (h) to determine whether the defendant is incompetent to be executed.

(g) If the trial court does not determine that the defendant has made a substantial showing of incompetency, the court shall deny the motion and may set an execution date as otherwise provided by law.

(h) A defendant is incompetent to be executed if the defendant does not understand:

(1) that he or she is to be executed and that the execution is imminent; and

(2) the reason he or she is being executed.

(i) Mental health experts who examine a defendant under this article shall provide within a time ordered by the trial court copies of their reports to the attorney representing the state, the attorney representing the defendant, and the court.

(j) By filing a motion under this article, the defendant waives any claim of privilege with respect to, and consents to the release of, all mental health and medical records

relevant to whether the defendant is incompetent to be executed.

(k) The trial court shall determine whether, on the basis of reports provided under Subsection (i), the motion, any attached documents, any responsive pleadings, and any evidence introduced in the final competency hearing, the defendant has established by a preponderance of the evidence that the defendant is incompetent to be executed. If the court makes a finding that the defendant is not incompetent to be executed, the court may set an execution date as otherwise provided by law.

(*l*) Following the trial court's determination under Subsection (k) and on motion of a party, the clerk shall send immediately to the court of criminal appeals in accordance with Section 8(d), Article 11.071, the appropriate documents for that court's review and entry of a judgment of whether to adopt the trial court's order, findings, or recommendations issued under Subsection (g) or (k). The court of criminal appeals also shall determine whether any existing execution date should be withdrawn and a stay of execution issued while that court is conducting its review or, if a stay is not issued during the review, after entry of its judgment.

(*l*-1) Notwithstanding Subsection (*l*), the court of criminal appeals may not review any finding of the defendant's competency made by a trial court as a result of a motion filed under this article if the motion is filed on or after the 20th day before the defendant's scheduled execution date.

(m) If a stay of execution is issued by the court of criminal appeals, the trial court periodically shall order that the defendant be reexamined by mental health experts to determine whether the defendant is no longer incompetent to be executed.

(n) If the court of criminal appeals enters a judgment that a defendant is not incompetent to be executed, the court may withdraw any stay of execution issued under Subsection (*l*), and the trial court may set an execution date as otherwise provided by law.

Art. 46B.002. Applicability.

This chapter applies to a defendant charged with a felony or with a misdemeanor punishable by confinement.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004.

Art. 46B.0021. Facility Designation.

The commission may designate for the commitment of a defendant under this chapter only a facility operated by the commission or under a contract with the commission for that purpose.

HISTORY: Acts 2019, 86th Leg., ch. 1212 (S.B. 562), § 3, effective June 14, 2019; enacted by Acts 2019, 86th Leg., ch. 1276 (H.B. 601), § 6, effective September 1, 2019.

Art. 46B.003. Incompetency; Presumptions.

(a) A person is incompetent to stand trial if the person does not have:

(1) sufficient present ability to consult with the person’s lawyer with a reasonable degree of rational understanding; or

(2) a rational as well as factual understanding of the proceedings against the person.

(b) A defendant is presumed competent to stand trial and shall be found competent to stand trial unless proved incompetent by a preponderance of the evidence.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004.

Art. 46B.004. Raising Issue of Incompetency to Stand Trial.

(a) Either party may suggest by motion, or the trial court may suggest on its own motion, that the defendant may be incompetent to stand trial. A motion suggesting that the defendant may be incompetent to stand trial may be supported by affidavits setting out the facts on which the suggestion is made.

(b) If evidence suggesting the defendant may be incompetent to stand trial comes to the attention of the court, the court on its own motion shall suggest that the defendant may be incompetent to stand trial.

(c) On suggestion that the defendant may be incompetent to stand trial, the court shall determine by informal inquiry whether there is some evidence from any source that would support a finding that the defendant may be incompetent to stand trial.

(c-1) A suggestion of incompetency is the threshold requirement for an informal inquiry under Subsection (c) and may consist solely of a representation from any credible source that the defendant may be incompetent. A further evidentiary showing is not required to initiate the inquiry, and the court is not required to have a bona fide doubt about the competency of the defendant. Evidence suggesting the need for an informal inquiry may be based on observations made in relation to one or more of the factors described by Article 46B.024 or on any other indication that the defendant is incompetent within the meaning of Article 46B.003.

(d) If the court determines there is evidence to support a finding of incompetency, the court, except as provided by Subsection (e) and Article 46B.005(d), shall stay all other proceedings in the case.

(e) At any time during the proceedings under this chapter after the issue of the defendant’s incompetency to stand trial is first raised, the court on the motion of the attorney representing the state may dismiss all charges pending against the defendant, regardless of whether there is any evidence to support a finding of the defendant’s incompetency under Subsection (d) or whether the court has made a finding of incompetency under this chapter. If the court dismisses the charges against the defendant, the court may not continue the proceedings under this chapter, except that, if there is evidence to support a finding of the defendant’s incompetency under Subsection (d), the court may proceed under Subchapter F. If the court does not elect to proceed under Subchapter F, the court shall discharge the defendant.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 2, effective September 1, 2005; am. Acts 2011, 82nd Leg., ch. 822 (H.B. 2725), § 2, effective September 1, 2011.

Art. 46B.005. Determining Incompetency to Stand Trial.

(a) If after an informal inquiry the court determines that evidence exists to support a finding of incompetency, the court shall order an examination under Subchapter B to determine whether the defendant is incompetent to stand trial in a criminal case.

(b) Except as provided by Subsection (c), the court shall hold a trial under Subchapter C before determining whether the defendant is incompetent to stand trial on the merits.

(c) A trial under this chapter is not required if:

(1) neither party’s counsel requests a trial on the issue of incompetency;

(2) neither party’s counsel opposes a finding of incompetency; and

(3) the court does not, on its own motion, determine that a trial is necessary to determine incompetency.

(d) If the issue of the defendant’s incompetency to stand trial is raised after the trial on the merits begins, the court may determine the issue at any time before the sentence is pronounced. If the determination is delayed until after the return of a verdict, the court shall make the determination as soon as reasonably possible after the return. If a verdict of not guilty is returned, the court may not determine the issue of incompetency.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005.

Art. 46B.006. Appointment of and Representation by Counsel.

(a) A defendant is entitled to representation by counsel before any court-ordered competency evaluation and during any proceeding at which it is suggested that the defendant may be incompetent to stand trial.

(b) If the defendant is indigent and the court has not appointed counsel to represent the defendant, the court shall appoint counsel as necessary to comply with Subsection (a).

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004.

Art. 46B.007. Admissibility of Statements and Certain Other Evidence.

A statement made by a defendant during an examination or trial on the defendant's incompetency, the testimony of an expert based on that statement, and evidence obtained as a result of that statement may not be admitted in evidence against the defendant in any criminal proceeding, other than at:

(1) a trial on the defendant's incompetency; or

(2) any proceeding at which the defendant first introduces into evidence a statement, testimony, or evidence described by this article.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005.

Art. 46B.008. Rules of Evidence.

Notwithstanding Rule 101, Texas Rules of Evidence, the Texas Rules of Evidence apply to a trial under Subchapter C or other proceeding under this chapter whether the proceeding is before a jury or before the court.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005.

Art. 46B.009. Time Credits.

A court sentencing a person convicted of a criminal offense shall credit to the term of the person's sentence each of the following periods for which the person may be confined in a mental health facility, residential care facility, or jail:

(1) any period of confinement that occurs pending a determination under Subchapter C as to the defendant's competency to stand trial; and

(2) any period of confinement that occurs between the date of any initial determination of the defendant's incompetency under that subchapter and the date the person is transported to jail following a final judicial determination that the person has been restored to competency.

HISTORY: Enacted by Acts 2003, 78th Leg., ch. 35 (S.B. 1057), § 1, effective January 1, 2004; am. Acts 2005, 79th Leg., ch. 324 (S.B. 679), § 3, effective September 1, 2005; am. Acts 2007, 80th Leg., ch. 1307 (S.B. 867), § 2, effective September 1, 2007; am. Acts 2011, 82nd Leg., ch. 718 (H.B. 748), § 2, effective September 1, 2011; am. Acts 2011, 82nd Leg., ch. 822 (H.B. 2725), § 3, effective September 1, 2011.

The court is not required to appoint the same expert or experts who performed the initial examination of the defendant under that subchapter.

Art. 46B.086. Court-Ordered Medications.

(a) This article applies only to a defendant:

(1) who is determined under this chapter to be incompetent to stand trial;

(2) who either:

(A) remains confined in a correctional facility, as defined by Section 1.07, Penal Code, for a period exceeding 72 hours while awaiting transfer to an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program;

(B) is committed to an inpatient mental health facility, a residential care facility, or a jail-based competency restoration program for the purpose of competency restoration;

(C) is confined in a correctional facility while awaiting further criminal proceedings following competency restoration; or

(D) is subject to Article 46B.072, if the court has made the determinations required by Subsection (a-1) of that article;

(3) for whom a correctional facility or jail-based competency restoration program that employs or contracts with a licensed psychiatrist, an inpatient mental health facility, a residential care facility, or an outpatient competency restoration program provider has prepared a continuity of care plan that requires the defendant to take psychoactive medications; and

(4) who, after a hearing held under Section 574.106 or 592.156, Health and Safety Code, if applicable, has been found to not meet the criteria prescribed by Sections 574.106(a) and (a-1) or 592.156(a) and (b), Health and Safety Code, for court-ordered administration of psychoactive medications.

(b) If a defendant described by Subsection (a) refuses to take psychoactive medications as required by the defendant's continuity of care plan, the director of the facility or the program provider, as applicable, shall notify the court in which the criminal proceedings are pending of that fact not later than the end of the next business day following the refusal. The court shall promptly notify the attorney representing the state and the attorney representing the defendant of the defendant's refusal. The attorney representing the state may file a written motion to compel medication. The motion to compel medication must be filed not later than the 15th day after the date a judge issues an order stating that the defendant does not meet the criteria for court-ordered administration of psychoactive medications under Section 574.106 or 592.156, Health and Safety Code, except that, for a defendant in an outpatient competency restoration program, the motion may be filed at any time.

(c) The court, after notice and after a hearing held not later than the 10th day after the motion to compel medication is filed, may authorize the director of the facility or the program provider, as applicable, to have the medication administered to the defendant, by reasonable force if necessary. A hearing under this subsection may be conducted using an electronic broadcast system as provided by Article 46B.013.

(d) The court may issue an order under this article only if the order is supported by the testimony of two physicians, one of whom is the physician at or with the applicable facility or program who is prescribing the medication as a component of the defendant's continuity of care plan and another who is not otherwise involved in proceedings against the defendant. The court may require either or both physicians to examine the defendant and report on the examination to the court.

(e) The court may issue an order under this article if the court finds by clear and convincing evidence that:

(1) the prescribed medication is medically appropriate, is in the best medical interest of the defendant, and does not present side effects that cause harm to the defendant that is greater than the medical benefit to the defendant;

(2) the state has a clear and compelling interest in the defendant obtaining and maintaining competency to stand trial;

(3) no other less invasive means of obtaining and maintaining the defendant's competency exists; and

(4) the prescribed medication will not unduly prejudice the defendant's rights or use of defensive theories at trial.

(f) A statement made by a defendant to a physician during an examination under Subsection (d) may not be admitted against the defendant in any criminal proceeding, other than at:

(1) a hearing on the defendant's incompetency; or

(2) any proceeding at which the defendant first introduces into evidence the contents of the statement.

(g) For a defendant described by Subsection (a)(2)(A), an order issued under this article:

(1) authorizes the initiation of any appropriate mental health treatment for the defendant awaiting transfer; and

(2) does not constitute authorization to retain the defendant in a correctional facility for competency restoration treatment.

(a) This article applies to a defendant who has been transferred under Article 46B.105 from a maximum security unit to any facility other than a maximum security unit.

(b) The defendant, the head of the facility to which the defendant is committed, or the attorney representing the state may request that the court modify an order for inpatient treatment or residential care to order the defendant to participate in an outpatient treatment program.

(c) If the head of the facility to which the defendant is committed makes a request under Subsection (b), not later than the 14th day after the date of the request the court shall hold a hearing to determine whether the court should modify the order for inpatient treatment or residential care in accordance with Subtitle C, Title 7, Health and Safety Code.

(d) If the defendant or the attorney representing the state makes a request under Subsection (b), not later than the 14th day after the date of the request the court shall grant the request, deny the request, or hold a hearing on the request to determine whether the court should modify the order for inpatient treatment or residential care. A court is not required to hold a hearing under this subsection unless the request and any supporting materials provided to the court provide a basis for believing modification of the order may be appropriate.

(e) On receipt of a request to modify an order under Subsection (b), the court shall require the local mental health authority or local behavioral health authority to submit to the court, before any hearing is held under this article, a statement regarding whether treatment and supervision for the defendant can be safely and effectively provided on an outpatient basis and whether appropriate outpatient mental health services are available to the defendant.

(f) If the head of the facility to which the defendant is committed believes that the defendant is a person with mental illness who meets the criteria for court-ordered outpatient mental health services under Subtitle C, Title 7, Health and Safety Code, the head of the facility shall submit to the court before the hearing a certificate of medical examination for mental illness stating that the defendant meets the criteria for court-ordered outpatient mental health services.

(g) If a request under Subsection (b) is made by a defendant before the 91st day after the date the court makes a determination on a previous request under that subsection, the court is not required to act on the request until the earlier of:

(1) the expiration of the current order for inpatient treatment or residential care; or

(2) the 91st day after the date of the court's previous determination.

(h) Proceedings for commitment of the defendant to a court-ordered outpatient treatment program are governed by Subtitle C, Title 7, Health and Safety Code, to the extent that Subtitle C applies and does not conflict with this chapter, except that the criminal court shall conduct the proceedings regardless of whether the criminal court is also the county court.

(i) The court shall rule on a request made under Subsection (b) as soon as practicable after a hearing on the request, but not later than the 14th day after the date of the request.

(j) An outpatient treatment program may not refuse to accept a placement ordered under this article on the grounds that criminal charges against the defendant are pending.

The court may, on motion of the attorney representing the state or on its own motion, hold a hearing to determine whether release is appropriate under the applicable criteria in Subtitle C or D, Title 7, Health and Safety Code, regardless of whether the court receives notice that the head of a facility or outpatient treatment provider provides notice of intent to release the defendant under Subsection (b). The court may conduct the hearing:

(1) at the facility; or

(2) by means of an electronic broadcast system as provided by Article 46B.013.

Art. 46C.261. Renewal of Orders for Inpatient Commitment or Outpatient or Community-Based Treatment and Supervision.

(a) A court that orders an acquitted person committed to inpatient treatment or orders outpatient or community-based treatment and supervision annually shall determine whether to renew the order.

(b) Not later than the 30th day before the date an order is scheduled to expire, the institution to which a person is committed, the person responsible for providing outpatient or community-based treatment and supervision, or the attorney representing the state may file a request that the order be renewed. The request must explain in detail the reasons why the person requests renewal under this article. A request to renew an order committing the person to inpatient treatment must also explain in detail why outpatient or community-based treatment and supervision is not appropriate.

(c) The request for renewal must be accompanied by a certificate of medical examination for mental illness signed by a physician who examined the person during the 30-day period preceding the date on which the request is filed.

(d) On the filing of a request for renewal under this article, the court shall:

(1) set the matter for a hearing; and

(2) appoint an attorney to represent the person.

(e) The court shall act on the request for renewal before the order expires.

(f) If a hearing is held, the person may be transferred from the facility to which the acquitted person was committed to a jail for purposes of participating in the hearing only if necessary but not earlier than 72 hours before the hearing begins. If the order is renewed, the person shall be transferred back to the facility immediately on renewal of the order.

(g) If no objection is made, the court may admit into evidence the certificate of medical examination for mental illness. Admitted certificates constitute competent medical or psychiatric testimony, and the court may make its findings solely from the certificate and the detailed request for renewal.

(h) A court shall renew the order only if the court finds that the party who requested the renewal has established by clear and convincing evidence that continued mandatory supervision and treatment are appropriate. A renewed order authorizes continued inpatient commitment or outpatient or community-based treatment and supervision for not more than one year.

(i) The court, on application for renewal of an order for inpatient or residential care services, may modify the order to provide for outpatient or community-based treatment and supervision if the court finds the acquitted person has established by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

HISTORY: Enacted by Acts 2005, 79th Leg., ch. 831 (S.B. 837), § 2, effective September 1, 2005.

Art. 46C.262. Court-Ordered Outpatient or Community-Based Treatment and Supervision After Inpatient Commitment.

(a) An acquitted person, the head of the facility to which the acquitted person is committed, or the attorney representing the state may request that the court modify an order for inpatient treatment or residential care to order outpatient or community-based treatment and supervision.

(b) The court shall hold a hearing on a request made by the head of the facility to which the acquitted person is committed. A hearing under this subsection must be held not later than the 14th day after the date of the request.

(c) If a request is made by an acquitted person or the attorney representing the state, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material provide a

basis for believing modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

(e) The court shall rule on the request during or as soon as practicable after any hearing on the request but not later than the 14th day after the date of the request.

(f) The court shall modify the commitment order to direct outpatient or community-based treatment and supervision if at the hearing the acquitted person establishes by a preponderance of the evidence that treatment and supervision can be safely and effectively provided as outpatient or community-based treatment and supervision.

(3) after a period of inpatient treatment or residential care under Article 46C.262.

(b) An acquitted person may be ordered to participate in an outpatient or community-based regimen of treatment and supervision only if:

(1) the court receives and approves an outpatient or community-based treatment plan that comprehensively provides for the outpatient or community-based treatment and supervision; and

(2) the court finds that the outpatient or community-based treatment and supervision provided for by the plan will be available to and provided to the acquitted person.

(c) The order may require the person to participate in a prescribed regimen of medical, psychiatric, or psychological care or treatment, and the regimen may include treatment with psychoactive medication.

(d) The court may order that supervision of the acquitted person be provided by the appropriate community supervision and corrections department or the facility administrator of a community center that provides mental health or intellectual disability services.

(e) The court may order the acquitted person to participate in a supervision program funded by the Texas Correctional Office on Offenders with Medical or Mental Impairments.

(f) An order under this article must identify the person responsible for administering an ordered regimen of outpatient or community-based treatment and supervision.

(g) In determining whether an acquitted person should be ordered to receive outpatient or community-based treatment and supervision rather than inpatient care or residential treatment, the court shall have as its primary concern the protection of society.

(1) monitor the condition of the acquitted person; and

(2) determine whether the acquitted person is complying with the regimen of treatment and supervision.

(b) The person responsible for administering a regimen of outpatient or community-based treatment and supervision shall notify the court ordering that treatment and supervision and the attorney representing the state if the person:

(1) fails to comply with the regimen; and

(2) becomes likely to cause serious harm to another.

(b) At the hearing, the court without a jury shall determine whether the state has established clear and convincing evidence that:

(1) the acquitted person failed to comply with the regimen in a manner or under circumstances indicating the person will become likely to cause serious harm to another if the person is provided continued outpatient or community-based treatment and supervision; or

(2) the acquitted person has become likely to cause serious harm to another if provided continued outpatient or community-based treatment and supervision.

(c) On a determination under Subsection (b), the court may take any appropriate action, including:

(1) revoking court-ordered outpatient or community-based treatment and supervision and ordering the person committed for inpatient or residential care; or

(2) imposing additional or more stringent terms on continued outpatient or community-based treatment.

(d) An acquitted person who is the subject of a proceeding under this article is entitled to representation by counsel in the proceeding.

(e) The court shall set a date for a hearing under this article that is not later than the seventh day after the applicable motion was filed. The court may grant one or more continuances of the hearing on the motion of a party or of the court and for good cause shown.

Art. 46C.267. Detention Pending Proceedings to Modify or Revoke Order for Outpatient or Community-Based Treatment and Supervision.

(a) The state or the head of the facility or other person responsible for administering a regimen of outpatient or community-based treatment and supervision may file a sworn application with the court for the detention of an acquitted person receiving court-ordered outpatient or community-based treatment and supervision. The application must state that the person meets the criteria of Article 46C.266 and provide a detailed explanation of that statement.

(b) If the court determines that the application establishes probable cause to believe the order for outpatient or community-based treatment and supervision should be revoked, the court shall issue an order to an on-duty peace officer authorizing the acquitted person to be taken into custody and brought before the court.

(c) An acquitted person taken into custody under an order of detention shall be brought before the court without unnecessary delay.

(d) When an acquitted person is brought before the court, the court shall determine whether there is probable cause to believe that the order for outpatient or community-based treatment and supervision should be revoked. On a finding that probable cause for revocation exists, the court shall order the person held in protective custody pending a determination of whether the order should be revoked.

(e) An acquitted person may be detained under an order for protective custody for a period not to exceed 72 hours, excluding Saturdays, Sundays, legal holidays, and the period prescribed by Section 574.025(b), Health and Safety Code, for an extreme emergency.

(c) If a request is made by an acquitted person, the court must act on the request not later than the 14th day after the date of the request. A hearing under this subsection is at the discretion of the court, except that the court shall hold a hearing if the request and any accompanying material indicate that modification of the order may be appropriate.

(d) If a request is made by an acquitted person not later than the 90th day after the date of a hearing on a previous request, the court is not required to act on the request except on the expiration of the order or on the expiration of the 90-day period following the date of the hearing on the previous request.

(e) The court shall rule on the request during or shortly after any hearing that is held and in any case not later than the 14th day after the date of the request.

(f) The court shall discharge the acquitted person from all court-ordered commitment and treatment and supervision and terminate the court's jurisdiction over the person if the court finds that the acquitted person has established by a preponderance of the evidence that:

(a) The jurisdiction of the court over a person covered by this subchapter automatically terminates on the date when the cumulative total period of institutionalization and outpatient or community-based treatment and supervision imposed under this subchapter equals the maximum term of imprisonment provided by law for the offense of which the person was acquitted by reason of insanity.

(b) On the termination of the court's jurisdiction under this article, the person must be discharged from any inpatient treatment or residential care or outpatient or community-based treatment and supervision ordered under this subchapter.

(c) An inpatient or residential care facility to which a person has been committed under this subchapter or a person responsible for administering a regimen of outpatient or community-based treatment and supervision under this subchapter must notify the court not later than the 30th day before the court's jurisdiction over the person ends under this article.

(a) A person who has been placed under a custodial or noncustodial arrest for commission of either a felony or misdemeanor is entitled to have all records and files relating to the arrest expunged if:

(1) the person is tried for the offense for which the person was arrested and is:

(A) acquitted by the trial court, except as provided by Subsection (c);

(B) convicted and subsequently:

(i) pardoned for a reason other than that described by Subparagraph (ii); or

(ii) pardoned or otherwise granted relief on the basis of actual innocence with respect to that offense, if the applicable pardon or court order clearly indicates on its face that the pardon or order was granted or rendered on the basis of the person's actual innocence; or

(C) convicted of an offense committed before September 1, 2021, under Section 46.02(a), Penal Code, as that section existed before that date; or

(2) the person has been released and the charge, if any, has not resulted in a final conviction and is no longer pending and there was no court-ordered community supervision under Chapter 42A for the offense, unless the offense is a Class C misdemeanor, provided that:

(A) regardless of whether any statute of limitations exists for the offense and whether any limitations period for the offense has expired, an indictment or information charging the person with the commission of a misdemeanor offense based on the person's arrest or charging the person with the commission of any felony offense arising out of the same transaction for which the person was arrested:

(i) has not been presented against the person at any time following the arrest, and:

(a) at least 180 days have elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a Class C misdemeanor and if there was no felony charge arising out of the same transaction for which the person was arrested;

(b) at least one year has elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a Class B or A misdemeanor and if there was no felony charge arising out of the same transaction for which the person was arrested;

(c) at least three years have elapsed from the date of arrest if the arrest for which the expunction was sought was for an offense punishable as a felony or if there was a felony charge arising out of the same transaction for which the person was arrested; or

(d) the attorney representing the state certifies that the applicable arrest records and files are not needed for use in any criminal investigation or prosecution, including an investigation or prosecution of another person; or

(ii) if presented at any time following the arrest, was dismissed or quashed, and the court finds that the indictment or information was dismissed or quashed because:

(a) the person completed a veterans treatment court program created under Chapter 124, Government Code, or former law, subject to Subsection (a-3);

(b) the person completed a mental health court program created under Chapter 125, Government Code, or former law, subject to Subsection (a-4);

(c) the person completed a pretrial intervention program authorized under Section 76.011, Government Code, other than a veterans treatment court program created under Chapter 124, Government Code, or former law, or a mental health court program created under Chapter 125, Government Code, or former law;

(d) the presentment had been made because of mistake, false information, or other similar reason indicating absence of probable cause at the time of the dismissal to believe the person committed the offense; or

(e) the indictment or information was void; or

(B) prosecution of the person for the offense for which the person was arrested is no longer possible because the limitations period has expired.

(a-1) Notwithstanding any other provision of this article, a person may not expunge records and files relating to an arrest that occurs pursuant to a warrant issued under Article 42A.751(b).

(a-2) Notwithstanding any other provision of this article, a person who intentionally or knowingly absconds from the jurisdiction after being released under Chapter 17 following an arrest is not eligible under Subsection (a)(2)(A)(i)(a), (b), or (c) or Subsection (a)(2)(B) for an expunction of the records and files relating to that arrest.

(a-3) A person is eligible under Subsection (a)(2)(A)(ii)(a) for an expunction of arrest records and files only if:

(1) the person has not previously received an expunction of arrest records and files under that sub-subparagraph; and

(2) the person submits to the court an affidavit attesting to that fact.

(a-4) A person is eligible under Subsection (a)(2)(A)(ii)(b) for an expunction of arrest records and files only if:

(1) the person has not previously received an expunction of arrest records and files under that sub-subparagraph; and

(2) the person submits to the court an affidavit attesting to that fact.

(b) Except as provided by Subsection (c) and subject to Subsection (b-1), a district court, a justice court, or a municipal court of record may expunge all records and files relating to the arrest of a person under the procedure established under Article 55.02 if:

(1) the person is:

(A) tried for the offense for which the person was arrested;

(B) convicted of the offense; and

(C) acquitted by the court of criminal appeals or, if the period for granting a petition for discretionary review has expired, by a court of appeals; or

(2) an office of the attorney representing the state authorized by law to prosecute the offense for which the person was arrested recommends the expunction to the court before the person is tried for the offense, regardless of whether an indictment or information has been presented against the person in relation to the offense.

(b-1) A justice court or a municipal court of record may only expunge records and files under Subsection (b) that relate to the arrest of a person for an offense punishable by fine only.

(c) A court may not order the expunction of records and files relating to an arrest for an offense for which a person is subsequently acquitted, whether by the trial court, a court of appeals, or the court of criminal appeals, if the offense for which the person was acquitted arose out of a criminal episode, as defined by Section 3.01, Penal Code, and the person was convicted of or remains subject to prosecution for at least one other offense occurring during the criminal episode.

(d) A person is entitled to obtain the expunction of any information that identifies the person, including the person's name, address, date of birth, driver's license number, and social security number, contained in records and files relating to the person's arrest or the arrest of another person if:

(1) the expunction of identifying information is sought with respect to the arrest of the person asserting the entitlement and the person was arrested solely as a result of identifying information that was inaccurate due to a clerical error; or

(2) the expunction of identifying information is sought with respect to the arrest of a person other than the person asserting the entitlement and:

(A) the information identifying the person asserting the entitlement was falsely given by the arrested person as the arrested person's identifying information without the consent of the person asserting the entitlement; and

(B) the only reason why the identifying information of the person asserting the entitlement is contained in the applicable arrest records and files is because of the deception of the arrested person.

(e) For purposes of this article, records and files relating to an arrest include:

(1) a DNA record created under Subchapter G, Chapter 411, Government Code;

(2) any record of the collection of the specimen from which the DNA record was created; and

(3) any record of the transfer of the specimen to the Department of Public Safety.

Sec. 1a. (a) The trial court presiding over a case in which a person is convicted and subsequently granted relief or pardoned on the basis of actual innocence of the offense of which the person was convicted, if the trial court is a district court, a justice court, or a municipal court of record, or a district court in the county in which the trial court is located shall enter an order of expunction for a person entitled to expunction under Article 55.01(a)(1)(B)(ii) not later than the 30th day after the date the court receives notice of the pardon or other grant of relief. (A) law enforcement agencies, jails or other detention facilities, magistrates, courts, prosecuting attorneys, correctional facilities, central state depositories of criminal records, and other officials or agencies or other entities of this state or of any political subdivision of this state;

(B) central federal depositories of criminal records that are reasonably likely to have records or files containing information that is subject to expunction; and

(C) private entities that compile and disseminate for compensation criminal history record information that are reasonably likely to have records or

files containing information that is subject to expunction; and

(4) request the court to enter an order directing expunction based on an entitlement to expunction under Article 55.01(d).

(d) On receipt of a request under Subsection (c), the court shall, without holding a hearing on the matter, enter a final order directing expunction.

Sec. 3. (a) In an order of expunction issued under this article, the court shall require any state agency that sent information concerning the arrest to a central federal depository to request the depository to return all records and files subject to the order of expunction. The person who is the subject of the expunction order or an agency protesting the expunction may appeal the court's decision in the same manner as in other civil cases.

(b) The order of expunction entered by the court shall have attached and incorporate by reference a copy of the judgment of acquittal and shall include:

(1) the following information on the person who is the subject of the expunction order:

(A) full name;

(B) sex;

(C) race;

(D) date of birth;

(E) driver's license number; and

(F) social security number;

(2) the offense charged against the person who is the subject of the expunction order;

(3) the date the person who is the subject of the expunction order was arrested;

(4) the case number and court of offense; and

(5) the tracking incident number (TRN) assigned to the individual incident of arrest under Article 66.251(b)(1) by the Department of Public Safety.

(c) When the order of expunction is final, the clerk of the court shall send a certified copy of the order to the Crime Records Service of the Department of Public Safety and to each official or agency or other governmental entity of this state or of any political subdivision of this state named in the order. The certified copy of the order must be sent by secure electronic mail, electronic transmission, or facsimile transmission or otherwise by certified mail, return receipt requested. In sending the order to a governmental entity named in the order, the clerk may elect to substitute hand delivery for certified mail under this subsection, but the clerk must receive a receipt for that hand-delivered order.

(c-1) The Department of Public Safety shall notify any central federal depository of criminal records by any means, including secure electronic mail, electronic transmission, or facsimile transmission, of the order with an explanation of the effect of the order and a request that the depository, as appropriate, either:

The notice must include an explanation of the effect of the order and a request that the entity destroy any information in the possession of the entity that is subject to the order. The department may charge to a private entity that purchases criminal history record information from the department a fee in an amount sufficient to recover costs incurred by the department in providing notice under this subsection to the entity.

(d) Any returned receipts received by the clerk from notices of the hearing and copies of the order shall be maintained in the file on the proceedings under this chapter.

Sec. 4. (a) If the state establishes that the person who is the subject of an expunction order is still subject to conviction for an offense arising out of the transaction for which the person was arrested because the statute of limitations has not run and there is reasonable cause to believe that the state may proceed against the person for the offense, the court may provide in its expunction order that the law enforcement agency and the prosecuting attorney responsible for investigating the offense may retain any records and files that are necessary to the investigation.

(a-1) The court shall provide in its expunction order that the applicable law enforcement agency and prosecuting attorney may retain the arrest records and files of any person who becomes entitled to an expunction of those records and files based on the expiration of a period described by Article 55.01(a)(2)(A)(i)(a), (b), or (c), but without the certification of the prosecuting attorney as described by Article 55.01(a)(2)(A)(i)(d).

(a-2) In the case of a person who is the subject of an expunction order on the basis of an acquittal, the court may provide in the expunction order that the law enforcement agency and the prosecuting attorney retain records and files if:

(1) the records and files are necessary to conduct a subsequent investigation and prosecution of a person other than the person who is the subject of the expunction order; or

(2) the state establishes that the records and files are necessary for use in:

(A) another criminal case, including a prosecution, motion to adjudicate or revoke community supervision, parole revocation hearing, mandatory supervision revocation hearing, punishment hearing, or bond hearing; or

(B) a civil case, including a civil suit or suit for possession of or access to a child.

(b) Unless the person who is the subject of the expunction order is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Subsection (a-1) or (a-2), the provisions of Articles 55.03 and 55.04 apply to files and records retained under this section.

Sec. 5. (a) Except as provided by Subsections (f) and (g), on receipt of the order, each official or agency or other governmental entity named in the order shall:

(1) return all records and files that are subject to the expunction order to the court or in cases other than those described by Section 1a, if removal is impracticable, obliterate all portions of the record or file that identify the person who is the subject of the order and notify the court of its action; and

(2) delete from its public records all index references to the records and files that are subject to the expunction order.

(b) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d), the court may give the person who is the subject of the order all records and files returned to it pursuant to its order.

(c) Except in the case of a person who is the subject of an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), if an order of expunction is issued under this article, the court records concerning expunction proceedings are not open for inspection by anyone except the person who is the subject of the order unless the order permits retention of a record under Section 4 of this article and the person is again arrested for or charged with an offense arising out of the transaction for which the person was arrested or unless the court provides for the retention of records and files under Section 4(a) of this article. The clerk of the court issuing the order shall obliterate all public references to the proceeding and maintain the files or other records in an area not open to inspection.

(d) Except in the case of a person who is the subject of an expunction order on the basis of an acquittal or an expunction order based on an entitlement under Article 55.01(d) and except as provided by Subsection (g), the clerk of the court shall destroy all the files or other records maintained under Subsection (c) not earlier than the 60th day after the date the order of expunction is issued or later than the first anniversary of that date unless the records or files were released under Subsection (b).

(d-1) Not later than the 30th day before the date on which the clerk destroys files or other records under Subsection (d), the clerk shall provide notice by mail, electronic mail, or facsimile transmission to the attorney representing the state in the expunction proceeding. If the attorney representing the state in the expunction proceeding objects to the destruction not later than the 20th day after receiving notice under this subsection, the clerk may not destroy the files or other records until the first anniversary of the date the order of expunction is issued or the first business day after that date.

(e) The clerk shall certify to the court the destruction of files or other records under Subsection (d) of this section.

(f) On receipt of an order granting expunction to a person entitled to expunction under Article 55.01(d), each official, agency, or other governmental entity named in the order:

(1) shall:

(A) obliterate all portions of the record or file that identify the petitioner; and

(B) substitute for all obliterated portions of the record or file any available information that identifies the person arrested; and

(2) may not return the record or file or delete index references to the record or file.

(g) Notwithstanding any other provision in this section, an official, agency, court, or other entity may retain receipts, invoices, vouchers, or similar records of financial transactions that arose from the expunction proceeding or prosecution of the underlying criminal cause in accordance with internal financial control procedures. An official, agency, court, or other entity that retains records under this subsection shall obliterate all portions of the record or the file that identify the person who is the subject of the expunction order.

Art. 59.06. Disposition of Forfeited Property. [Effective until January 1, 2025]

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be distributed as follows:

(1) to any interest holder to the extent of the interest holder's nonforfeitable interest;

(2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and

(3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f) and, after that deduction, the deduction of storage and disposal costs, to be deposited not later than the 30th day after the date of the sale in the state treasury to the credit of the general revenue fund.

(b) If a local agreement exists between the attorney representing the state and law enforcement agencies, the attorney representing the state may transfer the property to law enforcement agencies to maintain, repair, use, and operate the property for official purposes if the property is free of any interest of an interest holder. The agency receiving the forfeited property may purchase the interest of an interest holder so that the property can be released for use by the agency. The agency receiving the forfeited property may maintain, repair, use, and operate the property with money appropriated for current operations. If the property is a motor vehicle subject to registration under the motor vehicle registration laws of this state, the agency receiving the forfeited vehicle is considered to be the purchaser and the certificate of title shall issue to the agency. A law enforcement agency to which property is transferred under this subsection at any time may transfer or loan the property to any other municipal or county agency, a groundwater conservation district governed by Chapter 36, Water Code, or a school district for the use of that agency or district. A municipal or county agency, a groundwater conservation district, or a school district to which a law enforcement agency loans a motor vehicle under this subsection shall maintain any automobile insurance coverage for the vehicle that is required by law.

(b-1) If a loan is made by a sheriff's office or by a municipal police department, the commissioners court of the county in which the sheriff has jurisdiction or the governing body of the municipality in which the department has jurisdiction, as applicable, may revoke the loan at any time by notifying the receiving agency or district, by mail, that the receiving agency or district must return the loaned vehicle to the loaning agency before the seventh day after the date the receiving agency or district receives the notice.

(b-2) An agency that loans property under this article shall:

(1) keep a record of the loan, including the name of the agency or district to which the vehicle was loaned, the fair market value of the vehicle, and where the receiving agency or district will use the vehicle; and

(2) update the record when the information relating to the vehicle changes.

(c) If a local agreement exists between the attorney representing the state and law enforcement agencies, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, shall be deposited, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

(1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;

(2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;

(3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or

(4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2.125 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.

(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or

(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, in the following proportions:

(A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;

(B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney's office; and

(C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the agency or the attorney after a budget for the expenditure of the proceeds has been submitted to the commissioners court or governing body of the municipality. The budget must be detailed and clearly list and define the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;

(2) make a donation to any entity, except as provided by Subsection (d-2);

(3) pay expenses related to the training or education of any member of the judiciary;

(4) pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioners court or governing body of the municipality, as applicable;

(5) purchase alcoholic beverages;

(6) make any expenditure not approved by the commissioners court or governing body of the municipality, as applicable, if the head of a law enforcement agency or attorney representing the state holds an elective office and:

(A) the deadline for filing an application for a place on the ballot as a candidate for reelection to that office in the general primary election has passed and the person did not file an application for a place on that ballot; or

(B) during the person's current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or

(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.

(d-2) The head of a law enforcement agency or an attorney representing the state may use as an official purpose of the agency or attorney proceeds or property received under this chapter to make a donation to an entity that assists in:

(1) the detection, investigation, or prosecution of:

(A) criminal offenses; or

(B) instances of abuse, as defined by Section 261.001, Family Code;

(2) the provision of:

(A) mental health, drug, or rehabilitation services; or

(B) services for victims or witnesses of criminal offenses or instances of abuse described by Subdivision (1); or

(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).

(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment;

(2) supplies, including office supplies, mobile phone and data account fees for employees, and Internet services;

(3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) witness-related costs, including travel and security; and

(9) audit costs and fees, including audit preparation and professional fees.

(d-4) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for an official purpose of an attorney's office if the expenditure is made for an activity of an attorney or office of an attorney representing the state that relates to the preservation, enforcement, or administration of the laws of this state, including an expenditure made for:

(1) equipment, including vehicles, computers, visual aid equipment for litigation, firearms, body armor, furniture, software, and uniforms;

(2) supplies, including office supplies, legal library supplies and access fees, mobile phone and data account fees for employees, and Internet services;

(3) prosecution and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking;

(4) conferences and training expenses, including fees and materials;

(5) investigative costs, including payments to informants and lab expenses;

(6) crime prevention and treatment programs;

(7) facility costs, including building purchase, lease payments, remodeling and renovating, maintenance, and utilities;

(8) legal fees, including court costs, witness fees, and related costs, including travel and security, audit costs, and professional fees; and

(9) state bar and legal association dues.

(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.

(f) A final judgment of forfeiture under this chapter perfects the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.

(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general. The law enforcement agency or attorney representing the state is liable to the comptroller for the costs of the comptroller in performing the audit.

(h) As a specific exception to the requirement of Subdivisions (1)—(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law

enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subsection for:

(1) nonprofit programs for the prevention of drug abuse;

(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;

(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or

(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs or facilities listed under Subsections (h)(1)—(3) if an officer of or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, "victim" has the meaning assigned by Article 56B.003.

(*l*) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).

(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency's fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance, including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, "institution of higher education" has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state's ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vi). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the

consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multicounty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of the contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.

(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency's fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, "institution of higher education" and "private or independent institution of higher education" have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general's publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

(u) As a specific exception to Subsection (c) that the funds described by that subsection be used only for the official purposes of the attorney representing the state or for law enforcement purposes, to cover the costs of a contract with a municipal or county program to provide services to domestic victims of trafficking, the attorney representing the state or the head of a law enforcement agency, as applicable, may use any portion of the gross amount credited to the attorney's or agency's special fund under Subsection (c) from the forfeiture of contraband that:

(1) is used in the commission of, or used to facilitate or intended to be used to facilitate the commission of, an offense under Chapter 20A, Penal Code; or

(2) consists of proceeds gained from the commission of, or property acquired with proceeds gained from the commission of, an offense under Chapter 20A, Penal Code.

Art. 59.06. Disposition of Forfeited Property. [Effective January 1, 2025]

(a) Except as provided by Subsection (k), all forfeited property shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies. If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff, after notice of public auction as provided by law for other sheriff's sales. The proceeds of the sale shall be distributed as follows:

(1) to any interest holder to the extent of the interest holder's nonforfeitable interest;

(2) after any distributions under Subdivision (1), if the Title IV-D agency has filed a child support lien in the forfeiture proceeding, to the Title IV-D agency in an amount not to exceed the amount of child support arrearages identified in the lien; and

(3) the balance, if any, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f) and, after that deduction, the deduction of storage and disposal costs, to be deposited not later than the 30th day after the date of the sale in the state treasury to the credit of the general revenue fund.

(b) If a local agreement exists between the attorney representing the state and law enforcement agencies, the attorney representing the state may transfer the property to law enforcement agencies to maintain, repair, use, and operate the property for official purposes if the property is free of any interest of an interest holder. The agency receiving the forfeited property may purchase the interest of an interest holder so that the property can be released for use by the agency. The agency receiving the forfeited property may maintain, repair, use, and operate the property with money appropriated for current operations. If the property is a motor vehicle subject to registration under the motor vehicle registration laws of this state, the agency receiving the forfeited vehicle is considered to be the purchaser and the certificate of title shall issue to the agency. A law enforcement agency to which property is transferred under this subsection at any time may transfer or loan the property to any other municipal or county agency, a groundwater conservation district governed by Chapter 36, Water Code, or a school district for the use of that agency or district. A municipal or county agency, a groundwater conservation district, or a school district to which a law enforcement agency loans a motor vehicle under this subsection shall maintain any automobile insurance coverage for the vehicle that is required by law.

(b-1) If a loan is made by a sheriff's office or by a municipal police department, the commissioners court of the county in which the sheriff has jurisdiction or the governing body of the municipality in which the department has jurisdiction, as applicable, may revoke the loan at any time by notifying the receiving agency or district, by mail, that the receiving agency or district must return the loaned vehicle to the loaning agency before the seventh day after the date the receiving agency or district receives the notice.

(b-2) An agency that loans property under this article shall:

(1) keep a record of the loan, including the name of the agency or district to which the vehicle was loaned, the fair market value of the vehicle, and where the receiving agency or district will use the vehicle; and

(2) update the record when the information relating to the vehicle changes.

(c) If a local agreement exists between the attorney representing the state and law enforcement agencies, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, shall be deposited, after the deduction of court costs to which a district court clerk is entitled under Article 59.05(f), according to the terms of the agreement into one or more of the following funds:

(1) a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of his office;

(2) a special fund in the municipal treasury if distributed to a municipal law enforcement agency, to be used solely for law enforcement purposes;

(3) a special fund in the county treasury if distributed to a county law enforcement agency, to be used solely for law enforcement purposes; or

(4) a special fund in the state law enforcement agency if distributed to a state law enforcement agency, to be used solely for law enforcement purposes.

(c-1) Notwithstanding Subsection (a), the attorney representing the state and special rangers of the Texas and Southwestern Cattle Raisers Association who meet the requirements of Article 2A.006 may enter into a local agreement that allows the attorney representing the state to transfer proceeds from the sale of forfeited property described by Subsection (c), after the deduction of court costs as described by that subsection, to a special fund established for the special rangers. Proceeds transferred under this subsection must be used by the special rangers solely for law enforcement purposes. Any expenditures of the proceeds are subject to the audit provisions established under this article.

(c-2) Any postjudgment interest from money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items, that are deposited in an interest-bearing bank account under Subsection (c) shall be used for the same purpose as the principal.

(c-3) Notwithstanding Subsection (a), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by a peace officer employed by the Department of Public Safety, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state shall enter into a local agreement with the department that allows the attorney representing the state either to:

(1) transfer forfeited property to the department to maintain, repair, use, and operate for official purposes in the manner provided by Subsection (b); or

(2) allocate proceeds from the sale of forfeited property described by Subsection (c), after the deduction of

court costs as described by that subsection, in the following proportions:

(A) 40 percent to a special fund in the department to be used solely for law enforcement purposes;

(B) 30 percent to a special fund in the county treasury for the benefit of the office of the attorney representing the state, to be used by the attorney solely for the official purposes of the attorney's office; and

(C) 30 percent to the general revenue fund.

(c-4) Notwithstanding Subsections (a) and (c-3), with respect to forfeited property seized in connection with a violation of Chapter 481, Health and Safety Code (Texas Controlled Substances Act), by the Department of Public Safety concurrently with any other law enforcement agency, in a proceeding under Article 59.05 in which a default judgment is rendered in favor of the state, the attorney representing the state may allocate property or proceeds in accordance with a memorandum of understanding between the law enforcement agencies and the attorney representing the state.

(d) Proceeds awarded under this chapter to a law enforcement agency or to the attorney representing the state may be spent by the agency or the attorney after a budget for the expenditure of the proceeds has been submitted to the commissioners court or governing body of the municipality. The budget must be detailed and clearly list and define the categories of expenditures, but may not list details that would endanger the security of an investigation or prosecution. Expenditures are subject to the audit and enforcement provisions established under this chapter. A commissioners court or governing body of a municipality may not use the existence of an award to offset or decrease total salaries, expenses, and allowances that the agency or the attorney receives from the commissioners court or governing body at or after the time the proceeds are awarded.

(d-1) The head of a law enforcement agency or an attorney representing the state may not use proceeds or property received under this chapter to:

(1) contribute to a political campaign;

(2) make a donation to any entity, except as provided by Subsection (d-2);

(B) during the person's current term of office, the person was a candidate in a primary, general, or runoff election for reelection to that office and was not the prevailing candidate in that election; or

(7) increase a salary, expense, or allowance for an employee of the law enforcement agency or attorney representing the state who is budgeted by the commissioners court or governing body of the municipality unless the commissioners court or governing body first approves the increase.

(3) the provision of training or education related to duties or services described by Subdivision (1) or (2).

(d-3) Except as otherwise provided by this article, an expenditure of proceeds or property received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of this state, including an expenditure made for:

(9) state bar and legal association dues.

(e) On the sale of contraband under this article, the appropriate state agency shall issue a certificate of title to the recipient if a certificate of title is required for the property by other law.

(f) A final judgment of forfeiture under this chapter perfects the title of the state to the property as of the date that the contraband was seized or the date the forfeiture action was filed, whichever occurred first, except that if the property forfeited is real property, the title is perfected as of the date a notice of lis pendens is filed on the property.

(g) (1) All law enforcement agencies and attorneys representing the state who receive proceeds or property under this chapter shall account for the seizure, forfeiture, receipt, and specific expenditure of all the proceeds and property in an audit, which is to be performed annually by the commissioners court or governing body of a municipality, as appropriate. The annual period of the audit for a law enforcement agency is the fiscal year of the appropriate county or municipality and the annual period for an attorney representing the state is the state fiscal year. The audit must be completed on a form provided by the attorney general and must include a detailed report and explanation of all expenditures, including salaries and overtime pay, officer training, investigative equipment and supplies, and other items. Certified copies of the audit shall be delivered by the law enforcement agency or attorney representing the state to the attorney general not later than the 60th day after the date on which the annual period that is the subject of the audit ends.

(2) If a copy of the audit is not delivered to the attorney general within the period required by Subdivision (1), within five days after the end of the period the attorney general shall notify the law enforcement agency or the attorney representing the state of that fact. On a showing of good cause, the attorney general may grant an extension permitting the agency or attorney to deliver a copy of the audit after the period required by Subdivision (1) and before the 76th day after the date on which the annual period that is the subject of the audit ends. If the law enforcement agency or the attorney representing the state fails to establish good cause for not delivering the copy of the audit within the period required by Subdivision (1) or fails to deliver a copy of an audit within the extension period, the attorney general shall notify the comptroller of that fact.

(3) On notice under Subdivision (2), the comptroller shall perform the audit otherwise required by Subdivision (1). At the conclusion of the audit, the comptroller shall forward a copy of the audit to the attorney general. The law enforcement agency or attorney representing the state is liable to the comptroller for the costs of the comptroller in performing the audit.

(h) As a specific exception to the requirement of Subdivisions (1)—(3) of Subsection (c) of this article that the funds described by those subdivisions be used only for the official purposes of the attorney representing the state or for law enforcement purposes, on agreement between the attorney representing the state or the head of a law enforcement agency and the governing body of a political subdivision, the attorney representing the state or the head of the law enforcement agency shall comply with the request of the governing body to deposit not more than a total of 10 percent of the gross amount credited to the attorney's or agency's fund into the treasury of the political subdivision. The governing body of the political subdivision shall, by ordinance, order, or resolution, use funds received under this subsection for:

(1) nonprofit programs for the prevention of drug abuse;

(2) nonprofit chemical dependency treatment facilities licensed under Chapter 464, Health and Safety Code;

(3) nonprofit drug and alcohol rehabilitation or prevention programs administered or staffed by professionals designated as qualified and credentialed by the Texas Commission on Alcohol and Drug Abuse; or

(4) financial assistance as described by Subsection (o).

(i) The governing body of a political subdivision may not use funds received under this subchapter for programs or facilities listed under Subsections (h)(1)—(3) if an officer of or member of the Board of Directors of the entity providing the program or facility is related to a member of the governing body, the attorney representing the state, or the head of the law enforcement agency within the third degree by consanguinity or the second degree by affinity.

(j) As a specific exception to Subdivision (4) of Subsection (c) of this article, the director of a state law enforcement agency may use not more than 10 percent of the amount credited to the special fund of the agency under that subdivision for the prevention of drug abuse and the treatment of persons with drug-related problems.

(k) (1) The attorney for the state shall transfer all forfeited property that is income from, or acquired with the income from, a movie, book, magazine article, tape recording, phonographic record, radio or television presentation, telephone service, electronic media format, including an Internet website, or live entertainment in which a crime is reenacted to the attorney general.

(2) The attorney for the state shall transfer to the attorney general all income from the sale of tangible

property the value of which is increased by the notoriety gained from the conviction of an offense by the person accused or convicted of the crime, minus the deduction authorized by this subdivision. The attorney for the state shall determine the fair market value of property that is substantially similar to the property that was sold but that has not been increased in value by notoriety and deduct that amount from the proceeds of the sale. After transferring income to the attorney general, the attorney for the state shall transfer the remainder of the proceeds of the sale to the owner of the property. The attorney for the state, the attorney general, or a person who may be entitled to claim money from the escrow account described by Subdivision (3) in satisfaction of a claim may at any time bring an action to enjoin the waste of income described by this subdivision.

(3) The attorney general shall deposit the money or proceeds from the sale of the property into an escrow account. The money in the account is available to satisfy a judgment against the person who committed the crime in favor of a victim of the crime if the judgment is for damages incurred by the victim caused by the commission of the crime. The attorney general shall transfer the money in the account that has not been ordered paid to a victim in satisfaction of a judgment to the compensation to victims of crime fund on the fifth anniversary of the date the account was established. In this subsection, “victim” has the meaning assigned by Article 56B.003.

(*l*) A law enforcement agency that, or an attorney representing the state who, does not receive proceeds or property under this chapter during an annual period as described by Subsection (g) shall, not later than the 30th day after the date on which the annual period ends, report to the attorney general that the agency or attorney, as appropriate, did not receive proceeds or property under this chapter during the annual period.

(m) As a specific exception to Subdivisions (1)—(3) of Subsection (c), a law enforcement agency or attorney representing the state may use proceeds received under this chapter to contract with a person or entity to prepare an audit as required by Subsection (g).

(n) As a specific exception to Subsection (c)(2) or (3), a local law enforcement agency may transfer not more than a total of 10 percent of the gross amount credited to the agency’s fund to a separate special fund in the treasury of the political subdivision. The agency shall administer the separate special fund, and expenditures from the fund are at the sole discretion of the agency and may be used only for financial assistance as described by Subsection (o).

(o) The governing body of a political subdivision or a local law enforcement agency may provide financial assistance under Subsection (h)(4) or (n) only to a person who is a Texas resident, who plans to enroll or is enrolled at an institution of higher education in an undergraduate degree or certificate program in a field related to law enforcement, and who plans to return to that locality to work for the political subdivision or the agency in a field related to law enforcement. To ensure the promotion of a law enforcement purpose of the political subdivision or the agency, the governing body of the political subdivision or the agency shall impose other reasonable criteria related to the provision of this financial assistance, including a requirement that a recipient of the financial assistance work for a certain period of time for the political subdivision or the agency in a field related to law enforcement and including a requirement that the recipient sign an agreement to perform that work for that period of time. In this subsection, “institution of higher education” has the meaning assigned by Section 61.003, Education Code.

(p) Notwithstanding Subsection (a), and to the extent necessary to protect the state’s ability to recover amounts wrongfully obtained by the owner of the property and associated damages and penalties to which the affected health care program may otherwise be entitled by law, the attorney representing the state shall transfer to the governmental entity administering the affected health care program all forfeited property defined as contraband under Article 59.01(2)(B)(vi). If the forfeited property consists of property other than money or negotiable instruments, the attorney representing the state may, with the consent of the governmental entity administering the affected health care program, sell the property and deliver to the governmental entity administering the affected health care program the proceeds from the sale, minus costs attributable to the sale. The sale must be conducted in a manner that is reasonably expected to result in receiving the fair market value for the property.

(q) (1) Notwithstanding any other provision of this article, a multicounty drug task force, or a county or municipality participating in the task force, that is not established in accordance with Section 362.004, Local Government Code, or that fails to comply with the policies and procedures established by the Department of Public Safety under that section, and that participates in the seizure of contraband shall forward to the comptroller all proceeds received by the task force from the forfeiture of the contraband. The comptroller shall deposit the proceeds in the state treasury to the credit of the general revenue fund.

(2) The attorney general shall ensure the enforcement of Subdivision (1) by filing any necessary legal proceedings in the county in which the contraband is forfeited or in Travis County.

(r) As a specific exception to Subsection (c)(2), (3), or (4), a law enforcement agency may transfer not more than 10 percent of the gross amount credited to the agency’s fund to a separate special fund established in the treasury of the political subdivision or maintained by the state law enforcement agency, as applicable. The law enforcement agency shall administer the separate special fund. Interest received from the investment of money in the fund shall be credited to the fund. The agency may use money in the fund only to provide scholarships to children of peace officers who were employed by the agency or by another law enforcement agency with which the agency has overlapping geographic jurisdiction and who were killed in the line of duty. Scholarships under this subsection may be used only to pay the costs of attendance at an institution of higher education or private or independent institution of higher education, including tuition and fees and costs for housing, books, supplies, transportation, and other related personal expenses. In this subsection, “institution of higher education” and “private or independent

institution of higher education" have the meanings assigned by Section 61.003, Education Code.

(s) Not later than April 30 of each year, the attorney general shall develop a report based on information submitted by law enforcement agencies and attorneys representing the state under Subsection (g) detailing the total amount of funds forfeited, or credited after the sale of forfeited property, in this state in the preceding calendar year. The attorney general shall maintain in a prominent location on the attorney general's publicly accessible Internet website a link to the most recent annual report developed under this subsection.

(t) (1) This subsection applies only to contraband for which forfeiture is authorized with respect to an offense under Section 20.05, 20.06, 20.07, 43.04, or 43.05 or Chapter 20A, Penal Code.

(2) Notwithstanding any other provision of this article, the gross amount credited to the special fund of the office of the attorney representing the state or of a law enforcement agency under Subsection (c) from the forfeiture of contraband described by Subdivision (1) shall be:

(A) used to provide direct victim services by the victim services division or other similar division of the office of the attorney representing the state or of a law enforcement agency, as applicable; or

(B) used by the office of the attorney representing the state or of the law enforcement agency to cover the costs of a contract with a local nonprofit organization to provide direct services to crime victims.

(3) An expenditure of money in the manner required by this subsection is considered to be for an official purpose of the office of the attorney representing the state or for a law enforcement purpose, as applicable.

(u) As a specific exception to Subsection (c) that the funds described by that subsection be used only for the official purposes of the attorney representing the state or for law enforcement purposes, to cover the costs of a contract with a municipal or county program to provide services to domestic victims of trafficking, the attorney representing the state or the head of a law enforcement agency, as applicable, may use any portion of the gross amount credited to the attorney's or agency's special fund under Subsection (c) from the forfeiture of contraband that:

(1) is used in the commission of, or used to facilitate or intended to be used to facilitate the commission of, an offense under Chapter 20A, Penal Code; or

(2) consists of proceeds gained from the commission of, or property acquired with proceeds gained from the commission of, an offense under Chapter 20A, Penal Code.

This is an important legal document. It creates a declaration for mental health treatment. Before signing this document, you should know these important facts:

This document allows you to make decisions in advance about mental health treatment and specifically three types of mental health treatment: psychoactive medication, convulsive therapy, and emergency mental health treatment. The instructions that you include in this declaration will be followed only if a court believes that you are incapacitated to make treatment decisions. Otherwise, you will be considered able to give or withhold consent for the treatments.

This document will continue in effect for a period of three years unless you become incapacitated to participate in mental health treatment decisions. If this occurs, the directive will continue in effect until you are no longer incapacitated.

You have the right to revoke this document in whole or in part at any time you have not been determined to be incapacitated. YOU MAY NOT REVOKE THIS DECLARATION WHEN YOU ARE CONSIDERED BY A COURT TO BE INCAPACITATED. A revocation is effective when it is communicated to your attending physician or other health care provider.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you. This declaration is not valid unless it is either acknowledged before a notary public or signed by two qualified witnesses who are personally known to you and who are present when you sign or acknowledge your signature.

Sec. 29.001. Statewide Plan.

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

(1) ensure state compliance with requirements for supplemental federal funding for all state-administered programs involving the delivery of instructional or related services to students with disabilities;

(2) facilitate interagency coordination when other state agencies are involved in the delivery of instructional or related services to students with disabilities;

(3) periodically assess statewide personnel needs in all areas of specialization related to special education and pursue strategies to meet those needs through a consortium of representatives from regional education service centers, local education agencies, and institutions of higher education and through other available alternatives;

(4) ensure that regional education service centers throughout the state maintain a regional support function, which may include direct service delivery and a component designed to facilitate the placement of students with disabilities who cannot be appropriately served in their resident districts;

(5) allow the agency to effectively monitor and periodically conduct site visits of all school districts to ensure that rules adopted under this section are applied in a consistent and uniform manner, to ensure that districts are complying with those rules, and to ensure that annual statistical reports filed by the districts and not otherwise available through the Public Education Information Management System under Sections 48.008 and 48.009 are accurate and complete;

(6) ensure that appropriately trained personnel are involved in the diagnostic and evaluative procedures operating in all districts and that those personnel routinely serve on district admissions, review, and dismissal committees;

(7) ensure that an individualized education program for each student with a disability is properly developed, implemented, and maintained in the least restrictive environment that is appropriate to meet the student's educational needs;

(8) ensure that, when appropriate, each student with a disability is provided an opportunity to participate in career and technology and physical education classes, in addition to participating in regular or special classes;

(9) ensure that each student with a disability is provided necessary related services;

(10) ensure that an individual assigned to act as a surrogate parent for a child with a disability, as provided by 20 U.S.C. Section 1415(b), is required to:

(A) complete a training program that complies with minimum standards established by agency rule;

(B) visit the child and the child's school;

(C) consult with persons involved in the child's education, including teachers, caseworkers, court-appointed volunteers, guardians ad litem, attorneys ad litem, foster parents, and caretakers;

(D) review the child's educational records;

(E) attend meetings of the child's admission, review, and dismissal committee;

(F) exercise independent judgment in pursuing the child's interests; and

(G) exercise the child's due process rights under applicable state and federal law; and

(11) ensure that each district develops a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

(A) to request a review of the student's individualized education program;

(B) to provide input in the development of the student's individualized education program;

(C) that provides for a timely district response to the teacher's request; and

(D) that provides for notification to the student's parent or legal guardian of that response.

(a) Notwithstanding Section 29.001(5), Section 29.010, or any other provision of this code, the commissioner or agency may not adopt or implement a performance indicator in any agency monitoring system, including the performance-based monitoring analysis system, that solely measures a school district's or open-enrollment charter school's aggregated number or percentage of enrolled students who receive special education services.

(b) Subsection (a) does not prohibit or limit the commissioner or agency from meeting requirements under:

(1) 20 U.S.C. Section 1418(d) and its implementing regulations to collect and examine data to determine whether significant disproportionality based on race or ethnicity is occurring in the state and in the school districts and open-enrollment charter schools in the state with respect to the:

(A) identification of children as children with disabilities, including the identification of children as children with particular impairments;

(B) placement of children with disabilities in particular educational settings; and

(C) incidence, duration, and type of disciplinary actions taken against children with disabilities, including suspensions and expulsions; or

(1) provide the parent with a written or audiotaped copy of the child's individualized education program translated into Spanish if Spanish is the parent's native language; or

(2) if the parent's native language is a language other than Spanish, make a good faith effort to provide the parent with a written or audiotaped copy of the child's individualized education program translated into the parent's native language.

(e) The commissioner by rule may require a school district to include in the individualized education program of a student with autism or another pervasive developmental disorder any information or requirement determined necessary to ensure the student receives a free appropriate public education as required under the Individuals with Disabilities Education Act (20 U.S.C. If the committee makes that determination, the behavior improvement plan or the behavioral intervention plan shall be included as part of the student's individualized education program and provided to each teacher with responsibility for educating the student.

(h) If a behavior improvement plan or a behavioral intervention plan is included as part of a student's individualized education program under Subsection (g), the committee shall review the plan at least annually and more frequently if appropriate to address:

Sec. 29.007. Shared Services Arrangements. [Repealed]

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; repealed by Acts 2019, 86th Leg., ch. 439 (S.B. 1376), § 4.01(a)(3), effective June 4, 2019.

Sec. 29.008. Contracts for Services; Residential Placement.

(a) A school district, shared services arrangement unit, or regional education service center may contract with a public or private facility, institution, or agency inside or outside of this state for the provision of services to students with disabilities. Each contract for residential placement must be approved by the commissioner. The commissioner may approve a residential placement contract only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. The commissioner may approve either the whole or a part of a facility or program.

(b) Except as provided by Subsection (c), costs of an approved contract for residential placement may be paid from a combination of federal, state, and local funds. The local share of the total contract cost for each student is

that portion of the local tax effort that exceeds the district's local fund assignment under Section 48.256, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that amount remaining after subtracting the local share. If the contract involves a public facility, the state share is that amount remaining after subtracting the local share from the portion of the contract that involves the costs of instructional and related services. For purposes of this subsection, "local tax effort" means the total amount of money generated by taxes imposed for debt service and maintenance and operation less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(c) When a student, including one for whom the state is managing conservator, is placed primarily for care or treatment reasons in a private residential facility that operates its own private education program, none of the costs may be paid from public education funds. If a residential placement primarily for care or treatment reasons involves a private residential facility in which the education program is provided by the school district, the portion of the costs that includes appropriate education services, as determined by the school district's admission, review, and dismissal committee, shall be paid from state and federal education funds.

(d) A district that contracts for the provision of education services rather than providing the services itself shall oversee the implementation of the student's individualized education program and shall annually reevaluate the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall periodically report to the district on the services the student has received or will receive in accordance with the contract as well as diagnostic or other evaluative information that the district requires in order to fulfill its obligations under this subchapter.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995.

Sec. 29.010. Compliance.

(a) The agency shall adopt and implement a comprehensive system for monitoring school district compliance with federal and state laws relating to special education. The monitoring system must provide for ongoing analysis of district special education data and of complaints filed with the agency concerning special education services and for inspections of school districts at district facilities. The agency shall use the information obtained through analysis of district data and from the complaints management system to determine the appropriate schedule for and extent of the inspection.

(b) To complete the inspection, the agency must obtain information from parents and teachers of students in special education programs in the district.

(c) The agency shall develop and implement a system of sanctions for school districts whose most recent monitoring visit shows a failure to comply with major requirements of the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.), federal regulations, state statutes, or agency requirements necessary to carry out federal law or regulations or state law relating to special education.

(d) For districts that remain in noncompliance for more than one year, the first stage of sanctions shall begin with annual or more frequent monitoring visits. Subsequent sanctions may range in severity up to the withholding of funds. If funds are withheld, the agency may use the funds to provide, through alternative arrangements, services to students and staff members in the district from which the funds are withheld.

(e) The agency's complaint management division shall develop a system for expedited investigation and resolution of complaints concerning a district's failure to provide special education or related services to a student eligible to participate in the district's special education program.

(f) This section does not create an obligation for or impose a requirement on a school district or open-enrollment charter school that is not also created or imposed under another state law or a federal law.

HISTORY: Enacted by Acts 1995, 74th Leg., ch. 260 (S.B. 1), § 1, effective May 30, 1995; am. Acts 1999, 76th Leg., ch. 1417 (H.B. 2172), § 1, effective June 19, 1999.

(b) The commissioner shall require each school district or shared services arrangement to designate at least one employee to serve as the district's or shared services arrangement's designee on transition and employment services for students enrolled in special education programs under this subchapter. The commissioner shall develop minimum training guidelines for a district's or shared services arrangement's designee. An individual designated under this subsection must provide information and resources about effective transition planning and services, including each issue described by Subsection (a), and interagency coordination to ensure that local school staff communicate and collaborate with:

A person is not required to accept a durable power of attorney under this subchapter if:

(1) the person would not otherwise be required to engage in a transaction with the principal under the same circumstances, including a circumstance in which the agent seeks to:

(A) establish a customer relationship with the person under the power of attorney when the principal is not already a customer of the person or expand an existing customer relationship with the person under the power of attorney; or

(B) acquire a product or service under the power of attorney that the person does not offer;

(A) another law of this state or a federal statute, rule, or regulation;

(B) a request from a law enforcement agency; or

(C) a policy adopted by the person in good faith that is necessary to comply with another law of this state or a federal statute, rule, regulation, regulatory directive, guidance, or executive order applicable to the person;

(3) the person would not engage in a similar transaction with the agent because the person or an affiliate of the person:

(A) has filed a suspicious activity report as described by 31 U.S.C. Section 5318(g) with respect to the principal or agent;

(B) believes in good faith that the principal or agent has a prior criminal history involving financial crimes; or

(5) the agent refuses to comply with a request for a certification, opinion of counsel, or translation under Section 751.201 or, if the agent complies with one or more of those requests, the requestor in good faith is unable to determine the validity of the power of attorney or the agent's authority to act under the power of attorney because the certification, opinion, or translation is incorrect, incomplete, unclear, limited, qualified, or otherwise deficient in a manner that makes the certification, opinion, or translation ineffective for its intended purpose, as determined in good faith by the requestor;

(6) regardless of whether an agent's certification, opinion of counsel, or translation has been requested or received by the person under this subchapter, the person believes in good faith that:

(A) the power of attorney is not valid;

(B) the agent does not have the authority to act as attempted; or

(C) the performance of the requested act would violate the terms of:

(i) a business entity's governing documents; or

(ii) an agreement affecting a business entity, including how the entity's business is conducted;

(7) the person commenced, or has actual knowledge that another person commenced, a judicial proceeding to construe the power of attorney or review the agent's conduct and that proceeding is pending;

(B) the agent lacked the authority to act in the same manner in which the agent is attempting to act under the power of attorney;

(9) the person makes, has made, or has actual knowledge that another person has made a report to a law enforcement agency or other federal or state agency, including the Department of Family and Protective Services, stating a good faith belief that the principal may be subject to physical or financial abuse, neglect, exploitation, or abandonment by the agent or a person acting with or on behalf of the agent;

(10) the person receives conflicting instructions or communications with regard to a matter from co-agents acting under the same power of attorney or from agents acting under different powers of attorney signed by the same principal or another adult acting for the principal as authorized by Section 751.0021, provided that the person may refuse to accept the power of attorney only with respect to that matter; or

(11) the person is not required to accept the durable power of attorney by the law of the jurisdiction that applies in determining the power of attorney's meaning and effect, or the powers conferred under the durable power of attorney that the agent is attempting to exercise are not included within the scope of activities to which the law of that jurisdiction applies.

The guardian shall report the condition of the ward to the court at regular intervals at least annually, unless the court orders more frequent reports. After the filing of the affidavit, the court, on motion filed with the court, may authorize the guardian to file a new bond or a rider to an existing bond that meets the requirements for a guardian of the person's bond under Section 1105.102, and may discharge the guardian of the person and the guardian's sureties on a bond required by Subsection (b).

(a) Subject to Section 1202.1521, the applicant must present to the court and the court shall consider a written letter or certificate as evidence of capacity, or sufficient capacity with supports and services, at a hearing under Section 1202.151 from:

(1) a physician licensed in this state, if the ward's incapacity resulted from a physical condition or mental condition; or

(2) a psychologist licensed in this state or certified by the Health and Human Services Commission to perform the examination, in accordance with rules adopted by the executive commissioner of the commission governing examinations of that kind, if the ward's incapacity resulted from a mental condition.

(a-1) The physician or psychologist who provides the letter or certificate under Subsection (a) must:

(1) have experience examining individuals with the physical or mental condition resulting in the ward's incapacity; or

(2) have an established patient-provider relationship with the ward.

(a-2) The letter or certificate required by Subsection (a) must be:

(1) signed by the physician or psychologist; and

(2) dated:

(A) not earlier than the 120th day before the date the application was filed; or

(B) after the date the application was filed but before the date of the hearing.

(a-3) The court may consider the following evidence of capacity, or sufficient capacity with supports and services, at a hearing under Section 1202.151:

(1) a statement from a representative of the local mental health authority or the local intellectual and developmental disability authority listing services received by the ward and the effectiveness of those services;

(7) any other evidence demonstrating the ward's capacity.

(b) A letter or certificate presented under Subsection (a) must:

(1) describe the nature and degree of incapacity, including the medical history if reasonably available, or state that, in the physician's opinion, the ward has the capacity, or sufficient capacity with supports and services, to:

(A) provide food, clothing, and shelter for himself or herself;

(B) care for the ward's own physical health; and

(C) manage the ward's financial affairs;

(2) provide a medical prognosis specifying the estimated severity of any incapacity;

(3) state how or in what manner the ward's ability to make or communicate responsible decisions concerning himself or herself is affected by the ward's physical or mental health;

(4) state whether any current medication affects the ward's demeanor or the ward's ability to participate fully in a court proceeding;

(5) describe the precise physical and mental conditions underlying a diagnosis of senility, if applicable; and

The physician or psychologist must be chosen by the ward, provided, however, that if the ward makes no choice, the ward's physician or psychologist of choice is not available, or additional information is needed or required after an examination by the ward's physician or psychologist of choice, the court may appoint the necessary physicians or psychologists to examine the ward. A physician appointed by the court must examine the ward in the same manner and to the same extent as a ward is examined by a physician under Section 1101.103 or 1101.104.

HISTORY: Enacted by Acts 2011, 82nd Leg., ch. 823 (H.B. 2759), § 1.02, effective January 1, 2014; Acts 2015, 84th Leg., ch. 214 (H.B. 39), § 18, effective September 1, 2015; Acts 2023, 88th Leg., ch. 939 (S.B. 1624), §§ 14, 15, effective September 1, 2023; Acts 2023, 88th Leg., ch. 938 (S.B. 1606), § 2, effective September 1, 2023; Acts 2023, 88th Leg., ch. 1012 (H.B. 3009), § 6, effective September 1, 2023.

Sec. 1202.1521. Letter or Certificate: Requirements If Alleged Incapacity Based on Intellectual Disability.

(a) If an intellectual disability is the basis of a ward's alleged incapacity, instead of the letter or certificate required under Section 1202.152(a), the court shall, subject to Subsection (c), consider a written letter or certificate the applicant presents from:

(1) a physician licensed in this state; or

(2) a psychologist licensed in this state or certified by the Health and Human Services Commission to perform the examination, in accordance with rules adopted by the executive commissioner of the commission governing examinations of that kind.

(b) The letter or certificate must:

(1) state, in the physician's or psychologist's opinion, whether the ward has the capacity, or sufficient capacity

with supports and services, to do any of the activities listed in Section 1202.152(b)(1);

(2) state how or in what manner the ward's ability to make or communicate reasonable decisions concerning himself or herself is affected by the ward's mental capacity;

(3) include any other information required by the court; and

(4) be dated within the period prescribed by Section 1202.152(a)(1) or (2).

(c) The physician or psychologist who provides a letter or certificate under this section must preferably have experience examining individuals with an intellectual disability. For purposes of this subsection, a physician or psychologist is considered to have experience examining individuals with an intellectual disability if the physician or psychologist has an established patient-provider relationship with the ward.

HISTORY: Acts 2023, 88th Leg., ch. 938 (S.B. 1606), § 3, effective September 1, 2023.

If an intellectual disability is the basis of a ward's alleged incapacity, the written letter or certificate presented under Section 1202.152(a), instead of containing the information required by Section 1202.152(b), must:

(1) state, in the physician's or psychologist's opinion, whether the ward has the capacity, or sufficient capacity with supports and services, to do any of the activities listed in Section 1202.152(b)(1);

(2) state how or in what manner the ward's ability to make or communicate reasonable decisions concerning himself or herself is affected by the ward's mental capacity; and

(3) include any other information required by the court.

HISTORY: Acts 2023, 88th Leg., ch. 939 (S.B. 1624), § 16, effective September 1, 2023.

Sec. 1202.153. Findings Required.

(a) Before ordering the settlement and closing of a guardianship under an application filed under Section 1202.051, the court must find by a preponderance of the evidence that the ward is no longer partially or fully incapacitated.

(b) Before granting additional powers to the guardian or requiring the guardian to perform additional duties under an application filed under Section 1202.051, the court must find by a preponderance of the evidence that the current nature and degree of the ward's incapacity warrants a modification of the guardianship and that some or all of the ward's rights need to be further restricted.

(c) Before limiting the powers granted to or duties required to be performed by the guardian under an application filed under Section 1202.051, the court must find by a preponderance of the evidence that the current nature and degree of the ward's incapacity, with or without supports and services, warrants a modification of the guardianship and that some of the ward's rights need to be restored, with or without supports and services.

An adult with a disability may voluntarily, without undue influence or coercion, enter into a supported decision-making agreement with a supporter under which the adult with a disability authorizes the supporter to do any or all of the following:

In order to prevent a conflict of interest, if a determination is made by an adult with a disability that the supporter with whom the adult entered into a supported decision-making agreement is the most appropriate person to provide to the adult supports and services for which the supporter will be compensated, the adult may amend the supported decision-making agreement to designate an alternate person to act as the adult's supporter for the limited purpose of participating in person-centered planning as it relates to the provision of those supports and services.

No. 104-191) or educational records under the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), the supporter shall ensure the information is kept privileged and confidential, as applicable, and is not subject to unauthorized access, use, or disclosure.

(a) [As amended by Acts 2023, 88th Leg., SB 1727] At any stage of the proceedings under this title, including when a child is initially detained in a pre-adjudication secure detention facility or a post-adjudication secure correctional facility, the juvenile court may, at its discretion or at the request of the child's parent or guardian,

order a child who is referred to the juvenile court or who is alleged by a petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision to be examined by a disinterested expert, including a physician, psychiatrist, or psychologist, qualified by education and clinical training in mental health or intellectual disability and experienced in forensic evaluation, to determine whether the child has a mental illness, as defined by Section 571.003, Health and Safety Code, is a person with an intellectual disability, as defined by Section 591.003, Health and Safety Code, or suffers from chemical dependency, as defined by Section 464.001, Health and Safety Code. If the examination is to include a determination of the child's fitness to proceed, an expert may be appointed to conduct the examination only if the expert is qualified under Subchapter B, Chapter 46B, Code of Criminal Procedure, to examine a defendant in a criminal case, and the examination and the report resulting from an examination under this subsection must comply with the requirements under Subchapter B, Chapter 46B, Code of Criminal Procedure, for the examination and resulting report of a defendant in a criminal case.

(a) [As amended by Acts 2023, 88th Leg., SB 1585] At any stage of the proceedings under this title, including when a child is initially detained in a pre-adjudication secure detention facility or a post-adjudication secure correctional facility, the juvenile court may, at its discretion or at the request of the child's parent or guardian, order a child who is referred to the juvenile court or who is alleged by a petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision to be examined by a disinterested expert, including a physician, psychiatrist, or psychologist, qualified by education and clinical training in mental health or intellectual disability and experienced in forensic evaluation, to determine whether the child has a mental illness as defined by Section 571.003, Health and Safety Code, is a person with an intellectual disability as defined by Section 591.003, Health and Safety Code, or suffers from chemical dependency as defined by Section 464.001, Health and Safety Code.

(b) If, after conducting an examination of a child ordered under Subsection (a) and reviewing any other relevant information, there is reason to believe that the child has a mental illness or intellectual disability or suffers from chemical dependency, the probation department shall refer the child to the local mental health authority, to the local intellectual and developmental disability authority, or to another appropriate and legally authorized agency or provider for evaluation and services, unless the prosecuting attorney has filed a petition under Section 53.04.

(c) If, while a child is under deferred prosecution supervision or court-ordered probation, a qualified professional determines that the child has a mental illness or intellectual disability or suffers from chemical dependency and the child is not currently receiving treatment services for the mental illness, intellectual disability, or chemical dependency, the probation department shall refer the child to the local mental health authority, to the local intellectual and developmental disability authority, or to another appropriate and legally authorized agency or provider for evaluation and services.

(d) A probation department shall report each referral of a child to a local mental health authority, to a local intellectual and developmental disability authority, or to another agency or provider made under Subsection (b) or (c) to the Texas Juvenile Justice Department in a format specified by the department.

CHAPTER 54

Judicial Proceedings

Section
54.02. Waiver of Jurisdiction and Discretionary Transfer to Criminal Court.
54.04013. Special Commitment to Texas Juvenile Justice Department.
54.0408. Referral of Child Exiting Probation to Mental Health Authority or Intellectual and Developmental Disability Authority.

Sec. 54.02. Waiver of Jurisdiction and Discretionary Transfer to Criminal Court.

(a) The juvenile court may waive its exclusive original jurisdiction and transfer a child to the appropriate district court or criminal district court for criminal proceedings if:

(1) the child is alleged to have violated a penal law of the grade of felony;

(2) the child was:

(A) 14 years of age or older at the time he is alleged to have committed the offense, if the offense is a capital felony, an aggravated controlled substance felony, or a felony of the first degree, and no adjudication hearing has been conducted concerning that offense; or

(B) 15 years of age or older at the time the child is alleged to have committed the offense, if the offense is a felony of the second or third degree or a state jail felony, and no adjudication hearing has been conducted concerning that offense; and

(3) after a full investigation and a hearing, the juvenile court determines that there is probable cause to believe that the child before the court committed the offense alleged and that because of the seriousness of the offense alleged or the background of the child the welfare of the community requires criminal proceedings.

(b) The petition and notice requirements of Sections 53.04, 53.05, 53.06, and 53.07 of this code must be satisfied, and the summons must state that the hearing is for the purpose of considering discretionary transfer to criminal court.

(c) The juvenile court shall conduct a hearing without a jury to consider transfer of the child for criminal proceedings.

(d) Prior to the hearing, the juvenile court shall order and obtain a complete diagnostic study, social evaluation, and full investigation of the child, his circumstances, and the circumstances of the alleged offense.

(e) At the transfer hearing the court may consider written reports from probation officers, professional court employees, guardians ad litem appointed under Section 51.11(d), or professional consultants in addition to the testimony of witnesses. At least five days prior to the transfer hearing, the court shall provide the attorney for the child and the prosecuting attorney with access to all written matter to be considered by the court in making the transfer decision. The court may order counsel not to reveal items to the child or the child's parent, guardian, or guardian ad litem if such disclosure would materially harm the treatment and rehabilitation of the child or would substantially decrease the likelihood of receiving information from the same or similar sources in the future.

(f) In making the determination required by Subsection (a) of this section, the court shall consider, among other matters:

(1) whether the alleged offense was against person or property, with greater weight in favor of transfer given to offenses against the person;

(2) the sophistication and maturity of the child;

(3) the record and previous history of the child; and

(4) the prospects of adequate protection of the public and the likelihood of the rehabilitation of the child by use of procedures, services, and facilities currently available to the juvenile court.

(g) If the petition alleges multiple offenses that constitute more than one criminal transaction, the juvenile court shall either retain or transfer all offenses relating to a single transaction. Except as provided by Subsection (g-1), a child is not subject to criminal prosecution at any time for any offense arising out of a criminal transaction for which the juvenile court retains jurisdiction.

(g-1) A child may be subject to criminal prosecution for an offense committed under Chapter 19 or Section 49.08, Penal Code, if:

(1) the offense arises out of a criminal transaction for which the juvenile court retained jurisdiction over other offenses relating to the criminal transaction; and

(2) on or before the date the juvenile court retained jurisdiction, one or more of the elements of the offense under Chapter 19 or Section 49.08, Penal Code, had not occurred.

(h) If the juvenile court waives jurisdiction, it shall state specifically in the order its reasons for waiver and certify its action, including the written order and findings of the court, and shall transfer the person to the appropriate court for criminal proceedings and cause the results of the diagnostic study of the person ordered under Subsection (d), including psychological information, to be transferred to the appropriate criminal prosecutor. On transfer of the person for criminal proceedings, the person shall be dealt with as an adult and in accordance with the Code of Criminal Procedure, except that if detention in a certified juvenile detention facility is authorized under Section 152.0015, Human Resources Code, the juvenile court may order the person to be detained in the facility pending trial or until the criminal court enters an order under Article 4.19, Code of Criminal Procedure. A transfer of custody made under this subsection is an arrest.

(h-1) If the juvenile court orders a person detained in a certified juvenile detention facility under Subsection (h), the juvenile court shall set or deny bond for the person as required by the Code of Criminal Procedure and other law applicable to the pretrial detention of adults accused of criminal offenses.

(i) A waiver under this section is a waiver of jurisdiction over the child and the criminal court may not remand the child to the jurisdiction of the juvenile court.

(j) The juvenile court may waive its exclusive original jurisdiction and transfer a person to the appropriate district court or criminal district court for criminal proceedings if:

(1) the person is 18 years of age or older;

(2) the person was:

(A) 10 years of age or older and under 17 years of age at the time the person is alleged to have committed a capital felony or an offense under Section 19.02, Penal Code;

(B) 14 years of age or older and under 17 years of age at the time the person is alleged to have committed an aggravated controlled substance felony or a felony of the first degree other than an offense under Section 19.02, Penal Code; or

(C) 15 years of age or older and under 17 years of age at the time the person is alleged to have committed a felony of the second or third degree or a state jail felony;

(3) no adjudication concerning the alleged offense has been made or no adjudication hearing concerning the offense has been conducted;

(4) the juvenile court finds from a preponderance of the evidence that:

(A) for a reason beyond the control of the state it was not practicable to proceed in juvenile court before the 18th birthday of the person; or

(B) after due diligence of the state it was not practicable to proceed in juvenile court before the 18th birthday of the person because:

(i) the state did not have probable cause to proceed in juvenile court and new evidence has been found since the 18th birthday of the person;

(ii) the person could not be found; or

(iii) a previous transfer order was reversed by an appellate court or set aside by a district court; and

(5) the juvenile court determines that there is probable cause to believe that the child before the court committed the offense alleged.

(k) The petition and notice requirements of Sections 53.04, 53.05, 53.06, and 53.07 of this code must be satisfied, and the summons must state that the hearing is for the purpose of considering waiver of jurisdiction under Subsection (j). The person's parent, custodian, guardian, or guardian ad litem is not considered a party to a proceeding under Subsection (j) and it is not necessary to provide the parent, custodian, guardian, or guardian ad litem with notice.

(*l*) The juvenile court shall conduct a hearing without a jury to consider waiver of jurisdiction under Subsection (j). Except as otherwise provided by this subsection, a waiver of jurisdiction under Subsection (j) may be made without the necessity of conducting the diagnostic study or complying with the requirements of discretionary transfer proceedings under Subsection (d). If requested by the attorney for the person at least 10 days before the transfer hearing, the court shall order that the person be examined pursuant to Section 51.20(a) and that the results of the examination be provided to the attorney for the person and the attorney for the state at least five days before the transfer hearing.

(m) Notwithstanding any other provision of this section, the juvenile court shall waive its exclusive original jurisdiction and transfer a child to the appropriate district court or criminal court for criminal proceedings if:

(1) the child has previously been transferred to a district court or criminal district court for criminal proceedings under this section, unless:

(A) the child was not indicted in the matter transferred by the grand jury;

(B) the child was found not guilty in the matter transferred;

(C) the matter transferred was dismissed with prejudice; or

(D) the child was convicted in the matter transferred, the conviction was reversed on appeal, and the appeal is final; and

(2) the child is alleged to have violated a penal law of the grade of felony.

(n) A mandatory transfer under Subsection (m) may be made without conducting the study required in discretionary transfer proceedings by Subsection (d). The requirements of Subsection (b) that the summons state that the purpose of the hearing is to consider discretionary transfer to criminal court does not apply to a transfer proceeding under Subsection (m). In a proceeding under Subsection (m), it is sufficient that the summons provide fair notice that the purpose of the hearing is to consider mandatory transfer to criminal court.

(o) If a respondent is taken into custody for possible discretionary transfer proceedings under Subsection (j), the juvenile court shall hold a detention hearing in the same manner as provided by Section 54.01, except that the court shall order the respondent released unless it finds that the respondent:

(1) is likely to abscond or be removed from the jurisdiction of the court;

(2) may be dangerous to himself or herself or may threaten the safety of the public if released; or

(3) has previously been found to be a delinquent child or has previously been convicted of a penal offense punishable by a term of jail or prison and is likely to commit an offense if released.

(p) If the juvenile court does not order a respondent released under Subsection (o), the court shall, pending the conclusion of the discretionary transfer hearing, order that the respondent be detained in:

(1) a certified juvenile detention facility as provided by Subsection (q); or

(2) an appropriate county facility for the detention of adults accused of criminal offenses.

(q) The detention of a respondent in a certified juvenile detention facility must comply with the detention requirements under this title, except that, to the extent practicable, the person shall be kept separate from children detained in the same facility.

(r) If the juvenile court orders a respondent detained in a county facility under Subsection (p), the county sheriff shall take custody of the respondent under the juvenile court's order. The juvenile court shall set or deny bond for the respondent as required by the Code of Criminal Procedure and other law applicable to the pretrial detention of adults accused of criminal offenses.

(s) If a child is transferred to criminal court under this section, only the petition for discretionary transfer, the order of transfer, and the order of commitment, if any, are a part of the district clerk's public record.

without a determinate sentence if the court makes a special commitment finding that the child has behavioral health or other special needs that cannot be met with the resources available in the community. The court should consider the findings of a validated risk and needs assessment and the findings of any other appropriate professional assessment available to the court.

(b) A juvenile court may order a forensic mental examination if the court determines that probable cause exists to believe that a child who is alleged by petition or found to have engaged in delinquent conduct or conduct indicating a need for supervision is a child with mental illness, is unfit to proceed in juvenile court due to mental illness or an intellectual disability, or lacks responsibility for conduct due to mental illness or an intellectual disability.

(A) is likely to cause serious harm to the child's self;

(B) is likely to cause serious harm to others; or

(C) outpatient mental health services are needed to prevent a relapse that would likely result in serious harm to the child or others; and

(D) the child has an inability to effectively and voluntarily participate in outpatient treatment services, demonstrated by:

(i) any of the child's actions occurring within the two-year period preceding the date of the hearing; or

(ii) specific characteristics of the child's clinical condition that significantly impair the child's ability to make a rational and informed decision as to whether to submit to voluntary outpatient treatment.

(c) A juvenile court may order a child who is subject to the jurisdiction of the juvenile court to receive extended inpatient mental health services only if the court finds, from clear and convincing evidence, that, in addition to the findings in Subsection (a):

(b) On a motion by a party, the juvenile court shall determine whether probable cause exists to believe that a child who is alleged by petition or who is found to have engaged in delinquent conduct or conduct indicating a need for supervision is unfit to proceed as a result of mental illness or an intellectual disability. In making its determination, the court may:

(1) consider the motion, supporting documents, professional statements of counsel, and witness testimony; and

(2) make its own observation of the child.

(c) If the court determines that probable cause exists to believe that the child is unfit to proceed, the court shall temporarily stay the juvenile court proceedings and immediately order the child to be examined under Section 55.04.

(d) During an examination ordered under this section, and in any report based on that examination, an expert shall consider, in addition to other issues determined relevant by the expert:

(e) An expert's report to the court must state an opinion on the child's fitness to proceed or explain why the expert is unable to state that opinion and include:

(1) the child's history and current status regarding any possible mental illness or intellectual disability;

(2) the child's developmental history as it relates to any possible mental illness or intellectual disability;

(3) the child's functional abilities related to fitness to stand trial;

(f) After considering all relevant information, including information obtained from an examination under Section 55.04, the court shall:

(1) if the court determines that evidence exists to support a finding that the child is unfit to proceed, proceed under Section 55.32; or

(2) if the court determines that evidence does not exist to support a finding that the child is unfit to proceed, dissolve the stay and continue the juvenile court proceedings.

HISTORY: Enacted by Acts 1973, 63rd Leg., ch. 544 (S.B. 111), § 1, effective September 1, 1973; am. Acts 1995, 74th Leg., ch. 262 (H.B. 327), § 47, effective May 31, 1995; am. (b) The issue of whether the child is unfit to proceed as a result of mental illness or an intellectual disability shall be determined at a hearing separate from any other hearing.

(c) The court shall determine the issue of whether the child is unfit to proceed unless the child or the attorney for the child demands a jury before the 10th day before the date of the hearing.

(e) If the court or jury determines that the child is fit to proceed, the juvenile court shall continue with proceedings under this title as though no question of fitness to proceed had been raised.

(f) If the court or jury determines that the child is unfit to proceed as a result of mental illness or an intellectual disability, the court shall:

(1) stay the juvenile court proceedings for as long as that incapacity endures; and

(2) proceed under Section 55.33.

(g) The fact that the child is unfit to proceed as a result of mental illness or an intellectual disability does not preclude any legal objection to the juvenile court proceedings which is susceptible of fair determination prior to the adjudication hearing and without the personal participation of the child.

HISTORY: Enacted by Acts 1973, 63rd Leg., ch. 544 (S.B. 111), § 1, effective September 1, 1973; am. Acts 1995, 74th Leg., ch. 262 (H.B. 327), § 47, effective May 31, 1995; am. (1) provided that the child meets the inpatient mental health services or residential intellectual disability services criteria under Section 55.05 or 55.06, order the child placed with the Health and Human Services Commission for a period of not more than 90 days, which order may not specify a shorter period, for placement in a facility designated by the commission;

(2) on application by the child's parent, guardian, or guardian ad litem, order the child placed in a private psychiatric inpatient facility or residential care facility for a period of not more than 90 days, which order may not specify a shorter period, but only if:

(B) the placement is agreed to in writing by the administrator of the facility; or

(3) subject to Subsection (d), if the court determines that the child may be adequately treated or served in an alternative setting and finds that the child does not meet criteria for court-ordered inpatient mental health services or residential intellectual disability services under Section 55.05 or 55.06, order the child to receive treatment for mental illness or services for the child's intellectual disability, as appropriate, on an outpatient basis for a period of 90 days, with the possibility of extension as ordered by the court.

(b) If a child receives treatment for mental illness or services for the child's intellectual disability on an outpatient basis in an alternative setting under Subsection (a)(3), juvenile probation departments may provide restoration classes in collaboration with the outpatient alternative setting.

(c) If the court orders a child placed in a private psychiatric inpatient facility or residential care facility under Subsection (a)(2) or in an alternative setting under Subsection (a)(3), the state or a political subdivision of the state may be ordered to pay any costs associated with the ordered services, subject to an express appropriation of funds for the purpose.

CHAPTER 56

Appeal

Section
56.01. Right to Appeal.

Sec. 56.01. Right to Appeal.

(a) Except as provided by Subsection (b-1), an appeal from an order of a juvenile court is to a court of appeals and the case may be carried to the Texas Supreme Court by writ of error or upon certificate, as in civil cases generally.

(b) The requirements governing an appeal are as in civil cases generally. When an appeal is sought by filing a notice of appeal, security for costs of appeal, or an affidavit of inability to pay the costs of appeal, and the filing is made in a timely fashion after the date the disposition order is signed, the appeal must include the juvenile court adjudication and all rulings contributing to that adjudication. An appeal of the adjudication may be sought notwithstanding that the adjudication order was signed more than 30 days before the date the notice of appeal, security for costs of appeal, or affidavit of inability to pay the costs of appeal was filed.

(b-1) A motion for new trial seeking to vacate an adjudication is:

(1) timely if the motion is filed not later than the 30th day after the date on which the disposition order is signed; and

(2) governed by Rule 21, Texas Rules of Appellate Procedure.

(c) An appeal may be taken:

(1) except as provided by Subsection (n), by or on behalf of a child from an order entered under:

(A) Section 54.02 respecting transfer of the child for prosecution as an adult;

(B) Section 54.03 with regard to delinquent conduct or conduct indicating a need for supervision;

(C) Section 54.04 disposing of the case;

(D) Section 54.05 respecting modification of a previous juvenile court disposition; or

(E) Chapter 55 by a juvenile court committing a child to a facility for persons with mental illness or intellectual disabilities; or

(2) by a person from an order entered under Section 54.11(i)(2) transferring the person to the custody of the Texas Department of Criminal Justice.

(d) A child has the right to:

(1) appeal, as provided by this subchapter;

(2) representation by counsel on appeal; and

(3) appointment of an attorney for the appeal if an attorney cannot be obtained because of indigency.

(e) On entering an order that is appealable under this section, the court shall advise the child and the child's parent, guardian, or guardian ad litem of the child's rights listed under Subsection (d) of this section.

(f) If the child and his parent, guardian, or guardian ad litem express a desire to appeal, the attorney who represented the child before the juvenile court shall file a notice of appeal with the juvenile court and inform the court whether that attorney will handle the appeal. Counsel shall be appointed under the standards provided in Section 51.10 of this code unless the right to appeal is waived in accordance with Section 51.09 of this code.

(g) An appeal does not suspend the order of the juvenile court, nor does it release the child from the custody of that court or of the person, institution, or agency to whose care the child is committed, unless the juvenile court so orders. However, the appellate court may provide for a personal bond.

(g-1) An appeal from an order entered under Section 54.02 respecting transfer of the child for prosecution as an adult does not stay the criminal proceedings pending the disposition of that appeal.

(h) If the order appealed from takes custody of the child from the child's parent, guardian, or custodian or waives jurisdiction under Section 54.02 and transfers the child to criminal court for prosecution, the appeal has precedence over all other cases.

(h-1) The supreme court shall adopt rules accelerating the disposition by the appellate court and the supreme court of an appeal of an order waiving jurisdiction under Section 54.02 and transferring a child to criminal court for prosecution.

(i) The appellate court may affirm, reverse, or modify the judgment or order, including an order of disposition or modified disposition, from which appeal was taken. It may reverse or modify an order of disposition or modified order of disposition while affirming the juvenile court adjudication that the child engaged in delinquent conduct or conduct indicating a need for supervision. It may remand an order that it reverses or modifies for further proceedings by the juvenile court.

(j) Neither the child nor his family shall be identified in an appellate opinion rendered in an appeal or habeas corpus proceedings related to juvenile court proceedings under this title. The appellate opinion shall be styled, "In the matter of ____," identifying the child by his initials only.

(k) The appellate court shall dismiss an appeal on the state's motion, supported by affidavit showing that the appellant has escaped from custody pending the appeal and, to the affiant's knowledge, has not voluntarily returned to the state's custody on or before the 10th day after the date of the escape. The court may not dismiss an appeal, or if the appeal has been dismissed, shall reinstate the appeal, on the filing of an affidavit of an officer or other credible person showing that the appellant voluntarily returned to custody on or before the 10th day after the date of the escape.

(*l*) The court may order the child, the child's parent, or other person responsible for support of the child to pay the child's costs of appeal, including the costs of representation by an attorney, unless the court determines the person to be ordered to pay the costs is indigent.

(m) For purposes of determining indigency of the child under this section, the court shall consider the assets and income of the child, the child's parent, and any other person responsible for the support of the child.

(n) A child who enters a plea or agrees to a stipulation of evidence in a proceeding held under this title may not appeal an order of the juvenile court entered under Section 54.03, 54.04, or 54.05 if the court makes a disposition in accordance with the agreement between the state and the child regarding the disposition of the case, unless:

(1) the court gives the child permission to appeal; or

(2) the appeal is based on a matter raised by written motion filed before the proceeding in which the child entered the plea or agreed to the stipulation of evidence.

(o) This section does not limit a child's right to obtain a writ of habeas corpus.

(2) the court determines that the foster child needs the treatment before an independent medical advocate could complete an investigation in accordance with this section.

(j) As soon as practicable after issuing an order under Subsection (i), the court shall appoint an independent medical advocate to complete a full investigation of the foster child's enrollment and participation in the drug research program in accordance with this section.

Sec. 266.010. Consent to Medical Care by Foster Child at Least 16 Years of Age.

(a) A foster child who is at least 16 years of age may consent to the provision of medical care, except as provided by Chapter 33, if the court with continuing jurisdiction determines that the child has the capacity to consent to medical care. If the child provides consent by signing a consent form, the form must be written in language the child can understand.

(b) A court with continuing jurisdiction may make the determination regarding the foster child's capacity to consent to medical care during a hearing under Chapter 263 or may hold a hearing to make the determination on its own motion. The court may issue an order authorizing the child to consent to all or some of the medical care as defined by Section 266.001. In addition, a foster child who is at least 16 years of age, or the foster child's attorney ad litem, may file a petition with the court for a hearing. If the court determines that the foster child lacks the capacity to consent to medical care, the court may consider whether the foster child has acquired the capacity to consent to medical care at subsequent hearings under Section 263.5031.

(c) If the court determines that a foster child lacks the capacity to consent to medical care, the person authorized by the court under Section 266.004 shall continue to provide consent for the medical care of the foster child.

(d) If a foster child who is at least 16 years of age and who has been determined to have the capacity to consent to medical care refuses to consent to medical care and the department or private agency providing substitute care or case management services to the child believes that the medical care is appropriate, the department or the private

agency may file a motion with the court requesting an order authorizing the provision of the medical care.

(e) The motion under Subsection (d) must include:

(1) the child's stated reasons for refusing the medical care; and

(2) a statement prepared and signed by the treating physician that the medical care is the proper course of treatment for the foster child.

(4) advocate to the court on behalf of the child's expressed preferences regarding the medical care.

(g) The court shall issue an order authorizing the provision of the medical care in accordance with a motion under Subsection (d) to the foster child only if the court finds, by clear and convincing evidence, after the hearing that the medical care is in the best interest of the foster child and:

(2) the failure to provide the medical care will result in an observable and material impairment to the growth, development, or functioning of the foster child; or

(3) the foster child is at risk of suffering substantial bodily harm or of inflicting substantial bodily harm to others.

(h) In making a decision under this section regarding whether a foster child has the capacity to consent to medical care, the court shall consider:

(1) the maturity of the child;

(2) whether the child is sufficiently well informed to make a decision regarding the medical care; and

(3) the child's intellectual functioning.

(i) In determining whether the medical care is in the best interest of the foster child, the court shall consider:

(1) the foster child's expressed preference regarding the medical care, including perceived risks and benefits of the medical care;

(2) likely consequences to the foster child if the child does not receive the medical care;

(3) the foster child's prognosis, if the child does receive the medical care; and

(4) whether there are alternative, less intrusive treatments that are likely to reach the same result as provision of the medical care.

(j) This section does not apply to emergency medical care. An emergency relating to a foster child who is at least 16 years of age, other than a child in an inpatient mental health facility, is governed by Section 266.009.

(k) This section does not apply to the administration of medication under Subchapter G, Chapter 574, Health and Safety Code, to a foster child who is at least 16 years of age and who is placed in an inpatient mental health facility.

(*l*) Before a foster child reaches the age of 16, the department or the private agency providing substitute care or case management services to the foster child shall advise the foster child of the right to a hearing under this section to determine whether the foster child may consent to medical care. The department or the private agency providing substitute care or case management services shall provide the foster child with training on informed consent and the provision of medical care as part of the Preparation for Adult Living Program.

Sec. 509.0071. Commitment Reduction Plan.

(a) In addition to submitting a strategic plan to the division under Section 509.007, a department or a regional partnership of departments may submit a commitment reduction plan to the division not later than the 60th day after the date on which the time for gubernatorial action on the state budget has expired under Section 14, Article IV, Texas Constitution.

(b) A commitment reduction plan submitted under this section may contain a request for additional state funding in the manner described by Subsection (e). A commitment reduction plan must contain:

(1) a target number by which the county or counties served by the department or regional partnership of departments will, relative to the number of individuals committed in the preceding state fiscal year from the county or counties to the Texas Department of Criminal Justice for offenses not listed in or described by Article 42A.054, Code of Criminal Procedure, reduce that number in the fiscal year for which the commitment reduction plan is submitted by reducing the number of:

(A) direct sentencing commitments;

(B) community supervision revocations; or

(C) direct sentencing commitments and community supervision revocations;

(2) a calculation, based on the most recent Criminal Justice Uniform Cost Report published by the Legislative Budget Board, of the savings to the state that will result from the county or counties reaching the target number described by Subdivision (1);

(3) an explanation of the programs and services the department or regional partnership of departments intends to provide using any funding received under Subsection (e)(1), including any programs or services designed to enhance public safety, reduce recidivism, strengthen the investigation and prosecution of criminal offenses, improve programs and services available to victims of crime, and increase the amount of restitution collected from persons supervised by the department or regional partnership of departments;

(4) a pledge by the department or regional partnership of departments to provide accurate data to the division at the time and in the manner required by the division;

(5) a pledge to repay to the state, not later than the 30th day after the last day of the state fiscal year in which the lump-sum award is made, a percentage of the lump sum received under Subsection (e)(1) that is equal to the percentage by which the county or counties fail to reach the target number described by Subdivision (1), if the county or counties do not reach that target number; and

(6) if the commitment reduction plan is submitted by a regional partnership of departments, an agreement and plan for the receipt, division, and administration of any funding received under Subsection (e).

(c) For purposes of Subsection (b)(5), if the target number contained in the commitment reduction plan is described by Subsection (b)(1)(B), the county or counties fail to reach the target number if the sum of any increase in the number of direct sentencing commitments and any reduction in community supervision revocations is less than the target number contained in the commitment reduction plan.

(d) A pledge described by Subsection (b)(4) or (5) must be signed by:

(1) the director of the department submitting the commitment reduction plan; or

(2) if the commitment reduction plan is submitted by a regional partnership of departments, a director of one of the departments in the regional partnership submitting the commitment reduction plan.

(e) After reviewing a commitment reduction plan, if the division is satisfied that the plan is feasible and would achieve desirable outcomes, the division may award to the department or regional partnership of departments:

(1) a one-time lump sum in an amount equal to 35 percent of the savings to the state described by Subsection (b)(2); and

(2) on a biennial basis, and from the 65 percent of the savings to the state that remains after payment of the lump sum described by Subdivision (1), the following incentive payments for the department's or regional partnership's performance in the two years immediately preceding the payment:

(A) 15 percent, for reducing the percentage of persons supervised by the department or regional partnership of departments who commit a new felony while under supervision;

(B) five percent, for increasing the percentage of persons supervised by the department or regional partnership of departments who are not delinquent in making any restitution payments; and

(C) five percent, for increasing the percentage of persons supervised by the department or regional partnership of departments who are gainfully employed, as determined by the division.

(f) A department or regional partnership of departments may use funds received under Subsection (e) to provide any program or service that a department is authorized to provide under other law, including implementing, administering, and supporting evidence-based community supervision strategies, electronic monitoring, substance abuse and mental health counseling and treatment, specialized community supervision caseloads, intermediate sanctions, victims' services, restitution collection, short-term incarceration in county jails, specialized courts, pretrial services and intervention programs, and work release and day reporting centers.

(g) Any funds received by a department or regional partnership of departments under Subsection (e):

(1) are in addition to any per capita or formula funding received under Section 509.011; and

(2) may not be deducted from any per capita or formula funding received or to be received by:

(A) another department, if the commitment reduction plan is submitted by a department; or

(B) any department, if the commitment reduction plan is submitted by a regional partnership of departments.

(h) The division shall deduct from future state aid paid to a department, or from any incentive payments under Subsection (e)(2) for which a department is otherwise eligible, an amount equal to the amount of any pledge described by Subsection (b)(5) that remains unpaid on the 31st day after the last day of the state fiscal year in which a lump-sum award is made under Subsection (e)(1). If the lump-sum award was made to a regional partnership of departments, the division shall deduct, in accordance with the agreement and plan described by Subsection (b)(6), the amount of the unpaid pledge from the future state aid to each department that is part of the partnership or from any incentive payments under Subsection (e)(2) for which the regional partnership of departments is otherwise eligible.

Sec. 509.011. Payment of State Aid.

(a) If the division determines that a department complies with division standards and if the department has submitted a strategic plan under Section 509.007 and the supporting information required by the division and the division determines the plan and supporting information are acceptable, the division shall prepare and submit to the comptroller vouchers for payment to the department as follows:

(1) for per capita funding, a per diem amount for each felony defendant directly supervised by the department pursuant to lawful authority;

(2) for per capita funding, a per diem amount for a period not to exceed 182 days for each defendant supervised by the department pursuant to lawful authority, other than a felony defendant; and

(3) for formula funding, an annual amount as computed by multiplying a percentage determined by the allocation formula established under Subsection (f) times the total amount provided in the General Appropriations Act for payments under this subdivision.

(a-1) Repealed by Acts 2017, 85th Leg., R.S., Ch. 346 (H.B. 1526), Sec. 3, eff. September 1, 2017.

(b) The division may use discretionary grant funds to further the purposes of this chapter by contracting for services with state agencies or nonprofit organizations. The division may also make discretionary grants to departments, municipalities, or counties for the following purposes:

(1) development and operation of pretrial and presentencing services;

(2) electronic monitoring services, surveillance supervision programs, and controlled substances testing services;

(3) research projects to evaluate the effectiveness of community corrections programs, if the research is conducted in cooperation with the Criminal Justice Policy Council;

(4) contract services for felony defendants;

(5) residential services for misdemeanor defendants who exhibit levels of risk or needs indicating a need for confinement and treatment, as described by Section 509.005(b);

(6) establishment or operation of county correctional centers under Subchapter H, Chapter 351, Local Government Code, or community corrections facilities for which the division has established standards under Section 509.006;

(7) development and operation of treatment alternative to incarceration programs under Section 76.017; and

(8) other purposes determined appropriate by the division and approved by the board.

(b-1) The division may award a grant to a department for the development and operation of a pretrial intervention program for defendants who are:

(1) pregnant at the time of placement into the program; or

(2) the primary caretaker of a child younger than 18 years of age.

(c) Each department, county, or municipality shall deposit all state aid received from the division in a special fund of the county treasury or municipal treasury, as appropriate, to be used solely for the provision of services, programs, and facilities under this chapter or Subchapter H, Chapter 351, Local Government Code.

(d) The division shall provide state aid to each department on a biennial basis, pursuant to the strategic plan for the biennium submitted by the department. A department with prior division approval may transfer funds from one program or function to another program or function.

(e) In establishing per diem payments authorized by Subsections (a)(1) and (a)(2), the division shall consider the amounts appropriated in the General Appropriations Act for basic supervision as sufficient to provide basic supervision in each year of the fiscal biennium.

(f) The division annually shall compute for each department for community corrections program formula funding a percentage determined by assigning equal weights to the percentage of the state's population residing in the counties served by the department and the department's percentage of all felony defendants in the state under direct community supervision. The division shall use the most recent information available in making computations under this subsection. The board by rule may adopt a policy limiting for all departments the percentage of benefit or loss that may be realized as a result of the operation of the formula.

(g) If the Texas Department of Criminal Justice determines that at the end of a biennium a department main-

tains in reserve an amount greater than six months' basic supervision operating costs for the department, the Texas Department of Criminal Justice in the succeeding biennium may reduce the amount of per capita and formula funding provided under Subsection (a) so that in the succeeding biennium the department's reserves do not exceed six months' basic supervision operating costs. The Texas Department of Criminal Justice may adopt policies and standards permitting a department to maintain reserves in an amount greater than otherwise permitted by this subsection as necessary to cover emergency costs or implement new programs with the approval of the Texas Department of Criminal Justice. The Texas Department of Criminal Justice may distribute unallocated per capita or formula funds to provide supplemental funds to individual departments to further the purposes of this chapter.

(h) A community supervision and corrections department at any time may transfer to the Texas Department of Criminal Justice any unencumbered state funds held by the department. The Texas Department of Criminal Justice may distribute funds received from a community supervision and corrections department under this subsection to provide supplemental funds to individual departments to further the purposes of this chapter.

Sec. 509.016. Prison Diversion Progressive Sanctions Program.

(a) The division shall provide grants to selected departments for the implementation of a system of progressive sanctions designed to reduce the revocation rate of defendants placed on community supervision. The division shall give priority in providing grants to departments that:

(1) serve counties in which the revocation rate for defendants on community supervision significantly exceeds the statewide average or historically has significantly exceeded the statewide average; or

(2) have demonstrated success, through the implementation of a system of progressive sanctions, in reducing the revocation rate of defendants placed on community supervision.

(b) In determining which departments are proper candidates for grants under this section, the division shall give preference to departments that present to the division a plan that will target medium-risk and high-risk defendants and use progressive sanction models that adhere to the components set forth in Section 469.001, Health and Safety Code. As a condition to receiving a grant, a department must offer a plan that contains some if not all of the following components:

(c) The division shall, not later than December 1 of each even-numbered year, provide a report to the board. The report must state the number of departments receiving grants under this section, identify those departments by name, and describe for each department receiving a grant the components of the department's program and the success of the department in reducing revocations. The report must also contain an analysis of the scope, effectiveness, and cost benefit of programs funded by grants provided under this section and a comparison of those programs to similar programs in existence in various departments before March 1, 2005. The division may include in the report any other information the division determines will be beneficial to the board or the legislature. The board shall forward the report to the lieutenant governor and the speaker of the house of representatives not later than December 15 of each even-numbered year.
